instant joy of victory after waiting seventy one years to see it happen This was quickly followed by a stirring of memories and emotions going back to 1945 when he saw his first ball game He calls the memories the treasures of his mind and shares them with the reader They include impressions of the world at large details of his inner life and the fortunes fables and foibles of his favorite baseball team The story starts with a young boy whose family experiences early America with both depression and an oncoming war but he is able to start on a lifetime journey as a loyal Chicago Cubs fan In truth the book is not a memoir as few people are interested in the life of an ordinary man It is more an examination of life as time moved on and how the author experienced it It is not a pure or objective sports book nor is it analytical critical or historical Once again it is from the vantage point of a fan It is called a trilogy a combined tale of the world at large the impact on the author and the destiny of the Chicago Cubs on the long winding path to becoming the best team in baseball The work includes references to music of the time and is peppered with poetic expressions humor and a creative look at curses superstitions and symbolization The story begins with a young fan who sits in the bleachers and in time graduates to a premier seat near the Cubss dugout Every Cubs fan in Joel Levins age group has a unique story to tell The best part is they reached the finish line together seeing their lovable losers as the last team standing There are only two ways to live your life One is as though nothing is a miracle The other is as though everything is a miracle Albert Einstein
