Phenomenology Of Chicana Experience And Identity:

Phenomenology of Chicana Experience and Identity Jacqueline M. Martinez, 2000 Using narrative descriptions of the author's own lived experience of her ethnic heritage Martinez offers a systematic interrogation of the social and cultural norms by which certain aspects of her Mexican American cultural heritage are both retained and lost over generations of assimilation Combining semiotic and existential phenomenology with Chicana feminism the author charts new terrain where anti racist anti sexist and anti homophobic work may be pursued *The ^AOxford Handbook of Feminist Philosophy*

Ásta, Kim Q. Hall, 2021-05-07 This Handbook offers an overview of the contemporary state of the field in feminist philosophy The editors introduction and forty five essays cover feminist critical engagements with and contributions to philosophy and other scholarly fields as well as feminist approaches to some of the current and crucial issues known across the world The volume provides a rigorous but accessible resource for students and scholars interested in diverse approaches within feminist philosophy and how feminist philosophers situate their work within the philosophical mainstream and other disciplines **The Extractive Zone** Macarena Gómez-Barris, 2017-10-19 In The Extractive Zone Macarena Gómez-Barris traces the political aesthetic and performative practices that emerge in opposition to the ruinous effects of extractive capital

The work of Indigenous activists intellectuals and artists in spaces Gómez-Barris labels extractive zones majority indigenous regions in South America noted for their biodiversity and long history of exploitative natural resource extraction resist and refuse the terms of racial capital and the continued legacies of colonialism Extending decolonial theory with race sexuality and critical Indigenous studies Gómez-Barris develops new vocabularies for alternative forms of social and political life She shows how from Colombia to southern Chile artists like filmmaker Huichaqueo Perez and visual artist Carolina Caycedo formulate decolonial aesthetics She also examines the decolonizing politics of a Bolivian anarcho feminist collective and a coalition in eastern Ecuador that protects the region from oil drilling In so doing Gómez-Barris reveals the continued presence of colonial logics and locates emergent modes of living beyond the boundaries of destructive extractive capital

Creolizing Practices of Freedom Michael J. Monahan, 2022-11-28 Creolizing Practices of Freedom argues that many of our long standing debates over the concept of freedom have been bound up in the politics of purity explicitly or implicitly insisting on clear and distinct boundaries between self and other or between choice and coercion In this model freedom becomes a matter of purifying the self at the individual level and the body politic at the larger social level The appropriate response to this is a creolizing theory of freedom an approach that sees indeterminacy and ambiguity not as tragic flaws but as crucial productive elements of the practice of freedom
