Flannery O'Connor in the Age of Terrorism Avis Hewitt, 2010-07-28 In any age humans wrestle with apparently inexorable forces Today we face the threat of global terrorism In the aftermath of September 11 few could miss sensing that a great evil was at work in the world In Flannery O Connor s time the threats came from different sources World War II the Cold War and the Korean conflict but they were just as real She too lived though a time of terror The first major critical volume on Flannery O Connor s work in more than a decade *Flannery O'Connor in the Age of Terrorism* explores issues of violence evil and terror themes that were never far from O Connor s reach and that seem particularly relevant to our present day setting The fifteen essays collected here offer a wide range of perspectives that explore our changing views of violence in a post 9 11 world and inform our understanding of a writer whose fiction abounds in violence Written by both established and emerging scholars the pieces that editors Avis Hewitt and Robert Donahoo have selected offer a compelling and varied picture of this iconic author and her work Included are comparisons of O Connor to 1950s writers of noir literature and to the contemporary American novelist Cormac McCarthy cultural studies that draw on horror comics of the Cold War and on Fordism and the American mythos of the automobile and pieces that shed new light on O Connor s complex religious sensibility and its role in her work While continuing to speak fresh truths about her own time O Connor s fiction also resonates deeply with the postmodern sensibilities of audiences increasingly distant from her era readers absorbed in their own terrors and sense of looming ineffable threats This provocative new collection presents O

Connor's work as a touchstone for understanding where our culture has been and where we are now. With its diverse approaches, Flannery O'Connor in the Age of Terrorism will prove useful not only to scholars and students of literature but to anyone interested in history, popular culture, theology, and reflective writing. *Contemporary American Women Writers*

Catherine Rainwater, William J. Scheick, 2021-05-11

Ann Beattie, Annie Dillard, Maxine Hong Kingston, Toni Morrison, Cynthia Ozick, Grace Paley, Marge Piercy, Anne Redmon, Anne Tyler, and Alice Walker all seem to be especially concerned with narrative management. The ten essays in this book raise new and intriguing questions about the ways these leading women writers appropriate and transform generic norms and ultimately revise literary tradition to make it more inclusive of female experience, vision, and expression. The contributors to this volume discover diverse narrative strategies. Beattie, Dillard, Paley, and Redmon, in divergent ways, rely heavily upon narrative gaps, surfaces, and silences, often suggesting depths which are lamentably absent from modern experience or which mysteriously elude language. For Kingston and Walker, verbal assertiveness is the focus of narratives depicting the gradual empowerment of female protagonists who learn to speak themselves into existence. Ozick and Tyler disrupt conventional reader expectations of the anti-novel and the family novel, respectively. Finally, Morrison's and Piercy's works reveal how traditional narrative forms such as the Bildungsroman and the soap opera are adaptable to feminist purposes. In examining the writings of these ten important women authors, this book illuminates a significant moment in literary history when women's voices are profoundly reshaping American literary tradition.
