The British Hawkins Class Cruisers Aidan Dodson, 2025-02-04 During the First World War rumors of heavily armed German raiders led to the building of the first modern heavy cruisers by the Royal Navy Named for famous Elizabethan seamen they were very different from the lumbering armored cruisers of the previous generation and were enlarged developments of the highly successful light cruisers that had been built since the mid 1910s As such they provided the prototypes for the Washington Treaty cruisers that dominated naval construction during the 1920s with two of them also pioneering the use of the catapult for launching aircraft from cruisers Completed too late to actively participate in the First World War they would go on to have mixed fortunes spending much of their careers as flagships but also being sadly attracted to rocky reefs in two cases with fatal results One Cavendish later Vindictive fulfilled a remarkable array of functions during her career laid down as a cruiser completing as an aircraft carrier then reverting to a cruiser to be further transformed into a dedicated cadet training ship and finally a repair ship Meanwhile Effingham underwent the most comprehensive rebuilding of any British cruiser of her era Disarmed and nearly scrapped as a result of the London Naval Treaty all the survivors nevertheless returned to serve during the Second World War in a range of roles two gaining battle honors albeit in one case fatally during the Norwegian campaign and Hawkins and Frobisher spending long years as deep sea escorts in the South Atlantic and Indian Oceans before being brought back to bombard the beaches of Normandy The story of the Hawkins class therefore weaves strands that include the technical development of the cruiser in the UK and abroad the early use of aircraft at sea international naval diplomacy and treatymaking between the wars the evolution of the cadet training regime in the Royal Navy the way in which the vital southern and eastern trade routes were kept open and the contribution of naval forces to the success of the invasion of Europe With its detailed descriptions and analysis of the ships and their development and the narratives of their careers all tied together with a wide ranging collection of photographs and line drawings this new history of a distinguished Royal Navy cruiser class will delight naval historians and enthusiasts ship modelers and all those who care to read about the exploits of the imperial navy in peace and war *The Golden Age of British Short Stories 1890-1914* Philip Hensher, 2020-10-01 Excellent entertaining and ingenious from Oscar Wilde to Arthur Conan Doyle this fine anthology celebrates one of the richest moments in Britain s literary history Sunday Times The quarter century between 1890 and the outbreak of the First World War saw an extraordinary boom in the popularity and quality of short stories in Britain fuelled by a large eager new magazine readership The great writers of the age produced some of their finest work and literary genres the ghost story science fiction took shape This richly varied endlessly entertaining anthology brings together authors from Katherine Mansfield to Rudyard Kipling James Joyce to Saki H G Wells to Rebecca West It celebrates a teeming innovative world of literary achievement Edited with an introduction by Philip Hensher Lloyd's Register OneOcean's Guide to Port Entry 1979 - 1980 Port Information Lloyd's Register Foundation, 1979-01-01 First

Days Peter Broadbent,2013-10-02 In 1961 the Royal Navy came up with a brilliant idea why not take all its rogues thugs and malcontents and place them on board its flagship HMS Bermuda where hard work and continuous exercising would keep them out of trouble Joining this colourful crew was sixteen year old Peter Broadbent fresh out of his year s training at HMS Ganges and drafted to Bermadoo to make up the ship s quota of Junior Seamen Initially he lived a cocooned existence in the Juniors mess with a community of cockroaches as his closest companions but his life changed dramatically the day he transferred to the notorious For d Seamen s Mess There he grew up In the course of his 34 000 nautical miles with Bermuda he learned how to ammunition the ship avoid Pompey Lil sing the Oggie song survive a storm throw a perfect heaving line

Gelber,2004-02-24 This book questions the universal belief that England s 1840 42 war with China was an Opium War What really worried London was insults to the crown the claim of a dilapidated and corrupt China to be superior to everyone threats to British men and women and seizure of British property plus the wish to expand and free trade everywhere It was only much later that general Chinese resentment and Evangelical opinion at home and in America persuaded everyone that Britain had indeed been wicked and fought for opium Canadian Railway and Marine World ,1928 *British Romanticism and Continental Influences* P. Mortensen,2004-02-03 During the 1790s and 1800s cultural critics became convinced that Britain was being inundated by pernicious literary translations imported from the European Continent *British Romanticism and Continental Influences* discusses Romantic writers complex and ambivalent responses to this threatening literary invasion Confronted with foreign texts that seemed both attractive and repulsive Mortensen argues Romantic writers such as Wordsworth and Coleridge publicly distanced themselves from European sensationalism even as they assimilated and revised its conventions in their own writing
