Queens Concubines And Dowagers:

Queens, Concubines and Dowagers Pauline Stafford,1983 **Women and Gender in Medieval Europe** Margaret Schaus,2006 Publisher description **Queens, Consorts, Concubines: Gregory of Tours and Women of the Merovingian Elite** E. T. Dailey,2015-04-14 Gregory of Tours hoped to inspire the believers in sixth century Gaul with examples of righteous and wicked deeds and their consequences Critiquing his own society Gregory contrasted vengeful queens rebellious nuns and conniving witches with pious widows humble abbesses and tearful saints By examining his thematic treatment of topics including widowhood marriage sanctity authority and political agency Queens Consorts Concubines reassesses the material shaped by such concerns including e g Gregory s accounts of Brunhild Fredegund Radegund and other important elite women Merovingian political policies marital alliances ecclesiastical intrigue even assassinations and seemingly unrelated topics such as Hermenegild s rebellion and the career of Empress Sophia The result a new interpretation of an important witness to the transformations of Late Antiquity The Last Medieval Queens J. L. Laynesmith,2004-02-12 The last medieval queens of England were Margaret of Anjou Elizabeth Woodville Anne Neville and Elizabeth of York four very different women whose lives and queenship were dominated by the Wars of the Roses This book is not a traditional biography but a thematic study of the ideology and practice of queenship It examines the motivations behind the choice of the first English born queens the multi faceted rituals of coronation childbirth and funeral the divided loyalties between family and king and the significance of a position at the heart of the English power structure that could only be filled by a woman It sheds new light on the queens struggles to defend their children s rights to the throne and argues that ideologically and politically a queen was integral to the proper exercise of mature kingship in this period **Women in the Piast Dynasty** Grzegorz Pac,2022-03-07 This book analyses the role of women in the Polish Piast dynasty from c 965 to c 1144 It discusses gender expectations and the literary topoi employed to describe rulers wives and daughters as well as showing their importance in religious donations the creation of dynastic memory and naming patterns as well as examining Piast women s involvement in female monasticism Pac takes a comparative approach to these themes analysing Polish sources alongside sources from other areas of early and high medieval Europe **Power and Its Problems in Carolingian Europe** Stuart Airlie,2018-02-06 A key theme in this collection of thirteen essays is the creative tension between the Carolingian dynasty and its aristocratic followers across 250 years The first section explores the rising dynasty s attempts to consolidate its power through war and rewards The second section focuses on the exercise of authority through a complex system of governance and representation and the pivotal role played by the courts of Charlemagne and his successors In the third section we see the Carolingian system undergoing a crisis of legitimacy challenged by civil war royal divorce and aristocratic encroachment on dynastic exclusivity These essays anatomise the dynamics of power relations in the greatest empire of the early medieval west **Barbarian Queens and the Conversion of Europe** Burnam W. Reynolds,2024-11-19

The conversion of the Roman Empire to Christianity occurring in the golden glint of the sunset of the Ancient World was not a concluding chapter but an opening one. The sequential conversion of the barbarian tribal invaders of the Empire and the subsequent conversion of those beyond the old imperial limes was the making of European culture a prototypical Christendom. The process has been well studied from the perspective of kings, popes and missionaries by some of the finest historians of our era. But the missing component in this civilizational change is that of the decisive influence of barbarian queens: Christian women who led their royal husbands in the dangerous journey from one religion to another. In recent years much has been done to illuminate queenship in general but a study focusing specifically on the queen's role in conversion is lacking. This book seeks to remedy that and provide a missing piece in women's history. [Queens within Networks of Family and Court Connections](#) Aleksandra Skrzypietz, 2021-11-15. The volume edited by the historian Aleksandra Skrzypietz presents seven queens from the early modern era in Europe. Seven contributions highlight the respective queen's role within the complex web of court and family arrangements. Individual agency as well as the social structures of the courtly world of intrigue and shifting coalitions determined whether a queen was able to retain her position of power or lost it. Often enough they became the victims of their own kind, new and old, in these struggles for power. [Queens within Networks of Family and Court Connections](#) is ideal for students and scholars of royal history and early modern European history. **Queen as King** Therese Martin, 2006-10-31. [Queen as King](#) traces the origins of San Isidoro in León as a royal monastic complex following its progress as the site changed from a small eleventh century palatine chapel housed in a double monastery to a great twelfth century pilgrimage church served by Augustinian canons. Its most groundbreaking contribution to the history of art is the recovery of the lost patronage of Queen Urraca, reigned 1109-1126. Urraca maintained yet subverted her family's tradition of patronage on the site. To understand her history is to hold the key to the art and architecture of San Isidoro. This new approach to San Isidoro and its patronage allows a major Romanesque monument to be understood more fully than before.

Forgetful of Their Sex Jane Tibbetts Schulenburg, 2018-06-29. In this remarkable study of over 2,200 female and male saints, Jane Schulenburg explores women's status and experience in early medieval society and in the Church by examining factors such as family wealth and power, patronage, monasticism, virginity and motherhood. The result is a unique depiction of the lives of these strong, creative, independent-minded women who achieved a visibility in their society that led to recognition of sanctity. A tremendous piece of scholarship. This journey through more than 2,000 saints is anything but dull. Along the way, Schulenburg informs our ideas regarding the role of saints in the medieval psyche, gender-specific identification and the heroics of virginity. [Library Journal](#). This book will be a kind of roots experience for some readers. They will hear the voices, haunted and haunting, of their distant ancestors and understand more about themselves. [Christian Science Monitor](#). This fascinating book reaches far beyond the history of Christianity to recreate the herstory of a whole gender. [Kate Saunders](#). [The Independent](#). *The Merovingian Kingdoms 450 - 751* Ian Wood, 2014-06-23. A comprehensive survey which begins with the

rise of the Franks then examines the Merovingians All the Queen's Jewels, 1445-1548 Nicola Tallis, 2022-11-29 From Margaret of Anjou to Katherine Parr All the Queen's Jewels examines the jewellery collections of the ten queen consorts of England between 1445 1548 and investigates the collections of jewels a queen had access to as well as the varying contexts in which queens used and wore jewels The jewellery worn by queens reflected both their gender and their status as the first lady of the realm Jewels were more than decorative adornments they were an explicit display of wealth majesty and authority They were often given to queens by those who wished to seek her favour or influence and were also associated with key moments in their lifecycle These included courtship and marriage successfully negotiating childbirth and thus providing dynastic continuity and their elevation to queenly status or coronation This book explores the way that queens acquired jewels whether via their predecessor their own commission or through gift giving It underscores that jewels were a vital tool that enabled queens to shape their identities as consort and to fashion images of power that could be seen by their households court and contemporaries This book is perfect for anyone interested in medieval and Tudor history queenship jewellery and the history of material culture **Queenship in Medieval Europe** Theresa Earenfight, 2017-09-16 Medieval queens led richly complex lives and were highly visible women active in a man's world Linked to kings by marriage family and property queens were vital to the institution of monarchy In this comprehensive and accessible introduction to the study of queenship Theresa Earenfight documents the lives and works of queens and empresses across Europe Byzantium and the Mediterranean in the Middle Ages The book Introduces pivotal research and sources in queenship studies and includes exciting and innovative new archival research Highlights four crucial moments across the full span of the Middle Ages ca 300 700 1100 and 1350 when Christianity education lineage and marriage law fundamentally altered the practice of queenship Examines theories and practices of queenship in the context of wider issues of gender authority and power This is an invaluable and illuminating text for students scholars and other readers interested in the role of royal women in medieval society Saint Margaret, Queen of the Scots C. Keene, 2013-11-19 Margaret saint and 11th century Queen of the Scots remains an often cited yet little understood historical figure Keene's analysis of sources in terms of both time and place including her Life of Saint Margaret translated for the first time allows for an informed understanding of the forces that shaped this captivating woman *Norman to Early Plantagenet Consorts* Aidan Norrie, Carolyn Harris, J.L. Laynesmith, Danna R. Messer, Elena Woodacre, 2023-05-16 This book examines the emergence of the queen consort in medieval England beginning with the pre Conquest era and ending with death of Margaret of France second wife of Edward I in 1307 Though many of the figures in this volume are well known such as Eleanor of Aquitaine and Eleanor of Castile the chapters here are unique in the equal consideration given to the tenures of the lesser known consorts including Adeliza of Louvain second wife of Henry I Margaret of France wife of Henry the Young King and even Isabella of Gloucester the first wife of King John These innovative and thematic biographies highlight the evolution of the office of the queen and the visible

roles that consorts played which were integral to the creation of the identity of early English monarchy This volume and its companions reveal the changing nature of English consortship from the Norman Conquest to today *Queen of the Conqueror* Tracy Joanne Borman, 2012-04-03 NEW YORK TIMES BESTSELLER Around the year 1049 William Duke of Normandy and future conqueror of England raced to the palace of Baldwin V Count of Flanders The count's eldest daughter Matilda had refused William's offer of marriage and publicly denounced him as a bastard Encountering the young woman William furiously dragged her to the ground by her hair and beat her mercilessly Matilda's outraged father immediately took up arms on his daughter's behalf But just a few days later Baldwin was aghast when Matilda still recovering from the assault announced that she would marry none but William since he must be a man of great courage and high daring to have ventured to come and beat me in my own father's palace Thus began the tempestuous marriage of Matilda of Flanders and William the Conqueror While William's exploits and triumphs have been widely chronicled his consort remains largely overlooked Now in her groundbreaking *Queen of the Conqueror* acclaimed author and historian Tracy Borman weaves together a comprehensive and illuminating tapestry of this noble woman who stood only four foot two and whose role as the first crowned Queen of England had a large and lasting influence on the English monarchy From a wealth of historical artifacts and documents Matilda emerges as passionate steadfast and wise yet also utterly ruthless and tenacious in pursuit of her goals and the only person capable of taming her formidable husband who unprecedented for the period remained staunchly faithful to her This mother of nine including four sons who went on to inherit William's French and English dominions confounded the traditional views of women in medieval society by seizing the reins of power whenever she had the chance directing her husband's policy and at times flagrantly disobeying his orders Tracy Borman lays out Matilda's remarkable story against one of the most fascinating and transformative periods in European history Stirring richly detailed and wholly involving *Queen of the Conqueror* reveals not just an extraordinary figure but an iconic woman who shaped generations and an era that cast the essential framework for the world we know today Praise for *Queen of the Conqueror* Tracy Borman brings to life Queen Matilda's enormous accomplishments in consolidating early Norman rule Alongside her warrior husband William I Matilda brought legitimacy a deeper degree of education diplomatic savvy and artistic and religious flowering to the shared Norman English throne Borman the chief executive of Britain's Heritage Education Trust fleshes out the personality of this fascinating woman who set the steely precedent for subsequent English female sovereigns by displaying great longevity and stamina in a rough paternalistic time A richly layered treatment of the stormy reign that yielded the incomparable Bayeux Tapestry and the Domesday Book Kirkus Reviews Tracy Borman tells this story with a steady eye and a steady hand tracing what can be known of Matilda's part in the events that were to change the course of English history Helen Castor Literary Review

Queen Emma Harriet O'Brien, 2006-08-08 A lively account of the harsh realities of war and politics in this era the vagaries of political marriage and the thin line between invaders and settlers Publishers Weekly Emma one of England's most

remarkable queens made her mark on a nation beset by Viking raiders at the end of the Dark Ages At the center of a triangle of Anglo Saxons Vikings and Normans all jostling for control of England Emma was a political pawn who became an unscrupulous manipulator Regarded by her contemporaries as a generous Christian patron an admired regent and a Machiavellian mother Emma was above all a survivor hers was a life marked by dramatic reversals of fortune all of which she overcame

The Queen's Dumbshows Claire Sponsler,2014-04-18 No medieval writer reveals more about early English drama than John Lydgate Claire Sponsler contends Best known for his enormously long narrative poems The Fall of Princes and The Troy Book Lydgate also wrote numerous verses related to theatrical performances and ceremonies This rich yet understudied body of material includes mummings for London guildsmen and sheriffs texts for wall hangings that combined pictures and poetry a Corpus Christi procession and entertainments for the young Henry VI and his mother In The Queen's Dumbshows Sponsler reclaims these writings to reveal what they have to tell us about performance practices in the late Middle Ages Placing theatricality at the hub of fifteenth century British culture she rethinks what constituted drama in the period and explores the relationship between private forms of entertainment such as household banquets and more overtly public forms of political theater such as royal entries and processions She delineates the intersection of performance with other forms of representation such as feasts pictorial displays and tableaux and parses the connections between the primarily visual and aural modes of performance and the reading of literary texts written on paper or parchment In doing so she has written a book of signal importance to scholars of medieval literature and culture theater history and visual studies

The Empress Theophano Adelbert Davids,2002-08-15 The Byzantine princess Theophano who came to the West in 972 to marry the Ottonian emperor Otto II died as empress of the Ottonian Empire in Nijmegen in 991 In commemoration of this event a group of distinguished scholars met in 1991 at the castle of Hernen in the Netherlands with the aim of discussing various issues and aspects of Theophano's background in Byzantium her life in the West and her impact on society at the turn of the first millennium This volume brings together in carefully edited form a group of the papers and proceedings from 1991 Each contribution helps to place Theophano in a broad cultural and historical context The historical intellectual and artistic background of her age are described and there are essays on her education her surroundings and on the image of noble women in the middle ages

The Medici Women Natalie R. Tomas,2017-07-05 The Medici Women is a study of the women of the famous Medici family of Florence in the fifteenth and early sixteenth centuries Natalie Tomas examines critically the changing contribution of the women in the Medici family to the eventual success of the Medici regime and their exercise of power within it and contributes to our historical understanding of how women were able to wield power in late medieval and early modern Italy and Europe Tomas takes a feminist approach that examines the experience of the Medici women within a critical framework of gender analysis rather than biography Using the relationship between gender and power as a vantage point she analyzes the Medici women's uses of power and influence over time She also analyzes the varied contemporary

reactions to and representation of that power and the manner in which the women's actions in the political sphere changed over the course of the century between republican and ducal rule 1434–1537. The narrative focuses especially on how women were able to exercise power, the constraints placed upon them, and how their gender intersected with the exercise of power and influence. Keeping the historiography to a minimum and explaining all unfamiliar Italian terms, Tomas makes her narrative clear and accessible to non-specialists; thus *The Medici Women* appeals to scholars of women's studies across disciplines and geographical boundaries.

Reviewing **Queens Concubines And Dowagers**: Unlocking the Spellbinding Force of Linguistics

In a fast-paced world fueled by information and interconnectivity, the spellbinding force of linguistics has acquired newfound prominence. Its capacity to evoke emotions, stimulate contemplation, and stimulate metamorphosis is truly astonishing. Within the pages of "**Queens Concubines And Dowagers**," an enthralling opus penned by a very acclaimed wordsmith, readers set about an immersive expedition to unravel the intricate significance of language and its indelible imprint on our lives. Throughout this assessment, we shall delve into the book's central motifs, appraise its distinctive narrative style, and gauge its overarching influence on the minds of its readers.
