Quest For Goodness An Introduction To Ethics

**Albert Leonard, William Henry
Metzler, Jacob Richard Street**

Quest For Goodness An Introduction To Ethics:

Quest for Goodness Keith W. Krasemann, 1998 *Quest for Goodness* Keith W. Krasemann, 1997-12 Quest for Goodness Pearson Custom Publishing, 1999-08-01 **The Journal of Pedagogy** Albert Leonard, William Henry Metzler, Jacob Richard Street, 1906 *The Goodness of God* D. Stephen Long, 2008-01-01

Stephen Long opens his erudite discussion of theology and ethics with the insistence that moral critique must emerge from a particular location rather than from the fluid values of any neutral observer Long sets out to put theology and ethics as well as the church in proper relation to one another Ethics must be based in theology not the other way around Our finite participation in the infinite makes possible participation in a goodness beyond us That goodness comes to us in the flesh of Jesus Christ and the church is indispensable in drawing all people toward God's goodness The church a social ethic in itself gives purpose and order to other social institutions including family government and the market

In Search of Goodness Ruth W. Grant, 2011-03-15

The recent spate of books and articles reflecting on the question of evil might make one forget that the question of just what constitutes goodness is no less urgent or perplexing Everyone wants to think of him or herself as good But what does a good life look like And how do people become good Are there multiple competing possibilities for what counts as a good life all equally worthy Or is there a unified and transcendent conception of the good that should guide our judgment of the possibilities What does a good life look like when it is guided by God How is a good life involved with the lives of others And finally how good is good enough These questions are the focus of *In Search of Goodness* the product of a year long conversation about goodness The eight essays in this volume challenge the dichotomies that usually govern how goodness has been discussed in the past altruism versus egoism reason versus emotion or moral choice versus moral character Instead the contributors seek to expand the terms of the discussion by coming at goodness from a variety of perspectives psychological philosophic literary religious and political In each case they emphasize the lived realities and particulars of moral phenomena taking up examples and illustrations from life literature and film From Achilles and Billy Budd to Oskar Schindler and Shel Silverstein's *The Giving Tree* to Iris Murdoch and the citizens of Flagstaff Arizona readers will find a wealth of thought provoking insights to help them better understand this most basic but complex element of human life and happiness

Happiness and the Christian Moral Life Paul J. Wadell, 2012-02-16

Happiness and the Christian Moral Life introduces students to Christian Ethics looking at ethics as a path to the good life and happiness rather than a strict set of rules or regulations Revised and updated throughout the second edition maintains the book's distinctive focus on happiness Each chapter now features a list of suggested readings to point students and instructors towards further resources Other changes to the second edition include a more fully developed account of Augustine's understanding of happiness new discussions of how technology shapes relationships and happiness and consideration of the relationship between the natural law and the virtues

Journal of Pedagogy Albert Leonard, William Henry Metzler, Jacob Richard Street, 1906 **The**

Identity of Christian Morality Ann Marie Mealey, 2016-03-03 This book argues that moral theology has yet to embrace the recommendations of the Second Vatican Council concerning the ways in which it is to be renewed One of the reasons for this is the lack of consensus between theologians regarding the nature content and uniqueness of Christian morality After highlighting the strengths and weaknesses of the so called autonomy and faith ethic schools of thought Mealey argues that there is little dividing them and that in some instances both schools are simply defending one aspect of a hermeneutical dialectic In an attempt to move away from the divisions between proponents of the faith ethic and autonomy positions Mealey enlists the help of the hermeneutical theory of Paul Ricoeur She argues that many of the disagreements arising from the Christian proprium debate can be overcome if scholars look to the possibilities opened up by Ricoeur's hermeneutics of interpretation Mealey also argues that the uniqueness of Christian morality is more adequately explained in terms of a specific identity self that is constantly subject to change and revision in light of many often conflicting moral sources She advocates a move away from attempts to explain the uniqueness of Christian morality in terms of one specific unchanging context motivation norm divine command or value By embracing the possibilities opened up by Ricoeurian hermeneutics Mealey explains how concepts such as revelation tradition orthodoxy and moral conscience may be understood in a hermeneutical way without being deemed sectarian or unorthodox

Ethics in Social Networking and Business 1 Pierre Massotte, 2017-08-14 This book the first of two volumes dedicated to ethics in social networking and business presents the notions theories and practical aspects related to ethics morale and deontology in our society Through a series of discussions and examples on topics ranging from complexity to evolution theories the author provides an insight into why business ethics is essential for managing risks and uncertainties The Ethics in Social Networking and Business series is the result of a cross integration of real experiences from IBM society and the Rotary Club transdisciplinary works in decision making and advances at the boundaries of several scientific fields

An Introduction to Catholic Ethics since Vatican II Andrew Kim, 2015-04-06 This introduction provides a comprehensive overview of the development of Catholic ethics in the wake of the Second Vatican Council 1962-5 an event widely considered crucial to the reconciliation of the Catholic Church and the modern world Andrew Kim investigates Catholic responses to questions of moral theology in all four principal areas Catholic social teaching natural law virtue ethics and bioethics In addition to discussing contemporary controversies surrounding abortion contraception labor rights exploitation of the poor and just war theory he explores the historical sources of the Catholic worldview Beginning with the moral vision revealed through the person of Jesus Christ and continuing with elaborations on this vision from figures such as Augustine and Aquinas this volume elucidates the continuity of the Catholic moral tradition Its balance of complexity and accessibility makes it an ideal resource for both students of theology and general readers

The Quest for God and the Good Diana Lobel, 2011-08-02 Diana Lobel takes readers on a journey across Eastern and Western philosophical and religious traditions to discover a beauty and purpose at the heart of reality that

makes life worth living Guided by the ideas of ancient thinkers and the insight of the philosophical historian Pierre Hadot *The Quest for God and the Good* treats philosophy not as an abstract theoretical discipline but as a living experience For centuries human beings have struggled to know why we are here whether a higher being or dimension exists and whether our existence is fundamentally good Above all we want to know whether the search for God and the good will bring happiness Following in the path of the ancient philosophers Lobel directly connects conceptions of God or an Absolute with notions of the good illuminating diverse classical texts and thinkers She explores the Bible and the work of Plato Aristotle Augustine Maimonides al Farabi and al Ghazali She reads the Tao Te Ching I Ching Bhagavad Gita and Upanishads as well as the texts of Theravada Mahayana and Zen Buddhism and traces the repercussions of these works in the modern thought of Alfred North Whitehead Iris Murdoch Alasdair MacIntyre and Charles Taylor While each of these texts and thinkers sets forth a distinct and unique vision all maintain that human beings find fulfillment in their contact with beauty and purpose Rather than arriving at one universal definition of God or the good Lobel demonstrates the aesthetic value of multiple visions presented by many thinkers across cultures *The Quest for God and the Good* sets forth a path of investigation and discovery culminating in intellectual and spiritual communion *The Ethics of Nature* Celia Deane-Drummond,2008-04-15 This accessible and timely book uses a Christian perspective to explore ethical debates about nature A detailed exploration of humanity's treatment of the natural world from a Christian perspective Covers a range of ethical debates including current controversies about the environment animal rights biotechnology consciousness and cloning Sets the immediate issues in the context of underlying theological and philosophical assumptions Complex scientific issues are explained in clear student friendly language The author develops her own distinctive ethical approach centred on the practice of wisdom Discusses key figures in the field including Peter Singer Aldo Leopold Tom Regan Andrew Linzey James Lovelock Anne Primavesi Rosemary Radford Ruether and Michael Northcott The author has held academic posts in both theology and plant science

The Primacy of Love Paul J. Wadell,2009-03-01 Thomas Aquinas was a man with a strategy not a strategy to assist us in good decision making or a strategy to help us resolve our problems of conscience but a strategy to work toward our personal transformation in light of God's love for us Aquinas has traditionally been represented as a man whose ethics are overly rational excessively formal and too scholarly to be of much use in contemporary society *The Primacy of Love* gives us a fresh look at his ethical thought and invites us to become part of his vision of the moral life as partners in God's perfect love Author Paul Wadell gives special attention to the role of the passions affections and emotions in our moral life and creates a richly humane and compelling study written in a clear and accessible style *The Primacy of Love* is a modern map for our own moral journey that is not so much something to study but a way of life in which to participate To follow this journey is to take up an adventure that will involve you from the center of your being and will change you forever **A Guide to Christian Ethics and Formation in Moral Maturity** Luciano Mattei,2000 **God, Goodness and Philosophy** Harriet A. Harris,2016-04-15

Does belief in God yield the best understanding of value Can we provide transcendental support for key moral concepts Does evolutionary theory undermine or support religious moralities Is divine forgiveness unjust Can a wholly good God understand evil Should philosophy of religion proceed in a faith neutral way Public and academic concerns regarding religion and morality are proliferating as people wonder about the possibility of moral reassurance and the ability of religion to provide it and about the future of religion and the relation between religious faiths This book addresses current thinking on such matters with particular focus on the relationship between moral values and doctrines of the divine Leading scholars in the field test the scope of philosophy of religion and engage with the possibilities and difficulties of attempting trans faith philosophy Chapters also relate to a number of cross disciplinary contemporary debates on evolution and ethics politics justice and forgiveness and the relation between reason and emotions Another set of chapters tests the coherence of Anselmian theism and concepts of an Omni God in relation to divine knowledge and goodness This book will be of interest to scholars and undergraduates in philosophy of religion as well as moral philosophers philosophers of science theologians and those working in theology and science

Morality and the Good Life Robert C. Solomon,1984 *The Philosopher's Index*,1978 Plato's Moral Realism Lloyd P. Gerson,2023-08-24 Demonstrates that Plato s ethics rests upon a metaphysical foundation the Idea of the Good the first principle of all

The Good Lawyer Adrian Evans,2014-09-15 The Good Lawyer explores the ethical and professional challenges that confront people who work in the law or are considering it and offers principled and pragmatic advice about how to overcome such challenges This book takes a holistic approach that begins with your innate humanity It urges you to examine your motives for seeking a career in law to foster a deep understanding of what it means to be good and to draw on your virtue and judgement when difficult choices arise rather than relying on compliance with rules or codes The Good Lawyer analyses four important areas of legal ethics truth and deception professional secrets conflicts of interest and professional competence and explains the choices that are available when determining a course of moral action It links theory to practice and includes many examples diagrams and source documents to illustrate ethical concepts scenarios and decision making
