Below them, in the lower left and center, are two pink anemones with dark purple centers. The background is a textured wash of warm colors, including yellows, oranges, and soft purples, suggesting a field of wildflowers or a misty landscape. The overall style is soft and impressionistic.

Quiet Devotion The Life And Work Of Henry Roderick Newman:

A Quiet Devotion Royal W. Leith, 1996 Persistent Ruskin Keith Hanley, 2016-05-13 Examining the wide ranging implications of Ruskin's engagement with his contemporaries and followers this collection is organized around three related themes Ruskin's intellectual legacy and the extent to which its address to working men and women and children was realised in practice Ruskin's followers and their sites of influence especially those related to the formation of collections museums archives and galleries representing values and ideas associated with Ruskin and the extent to which Ruskin's work constructed a world wide network of followers movements and social gestures that acknowledge his authority and influence As the introduction shows Ruskin's continuing digital presence is striking and makes a case for Ruskin's persistent presence The collection begins with essays on Ruskin's intellectual presence in nineteenth century thought with some emphasis on his interest in the education of women This section is followed by one on Ruskin's followers from the mid nineteenth century into twentieth century modernism that looks at a broad range of cultural activities that sought to further repudiate or exemplify Ruskin's work and teaching Working class education the Ruskinian periodical plays and science fiction are all considered along with the Bloomsbury Group's engagement with Ruskin's thought and writing Essays on Ruskin abroad in America Australia and India round out the collection American Watercolor in the Age of Homer and Sargent Kathleen A. Foster, Philadelphia Museum of Art, 2017-01-01 The fascinating story of the transformation of American watercolor practice between 1866 and 1925 The formation of the American Watercolor Society in 1866 by a small dedicated group of painters transformed the perception of what had long been considered a marginal medium Artists of all ages styles and backgrounds took up watercolor in the 1870s inspiring younger generations of impressionists and modernists By the 1920s many would claim it as the American medium This engaging and comprehensive book tells the definitive story of the metamorphosis of American watercolor practice between 1866 and 1925 identifying the artist constituencies and social forces that drove the new popularity of the medium The major artists of the movement Winslow Homer John Singer Sargent William Trost Richards Thomas Moran Thomas Eakins Charles Prendergast Childe Hassam Edward Hopper Charles Demuth and many others are represented with lavish color illustrations The result is a fresh and beautiful look at watercolor's central place in American art and culture *Florence, Berlin and Beyond: Late Nineteenth-Century Art Markets and their Social Networks*, 2020-06-22 Recent and increasing interest in art market studies the dealers mediators advisors taste makers artists etc indicate that the transaction of art and decorative art is anything but linear Taking as its point of departure two of the most active agents of the late nineteenth century Wilhelm von Bode and Stefano Bardini the essays in this volume also look beyond to other art market individuals and their vast and frequently interconnected social and professional networks Newly told history taken from rich business epistolary and photographic archives these essays examine the art market within a broader and more complex context In doing so they offer new areas of inquiry for mapping of works of art as they were exchanged

Painting Dissent Sophie Lynford, 2022-09-20 A revelatory history of the first artist collective in the United States and its effort to reshape nineteenth century art culture and politics The American Pre Raphaelites founded a uniquely interdisciplinary movement composed of politically radical abolitionist artists and like minded architects critics and scientists Active during the Civil War this dynamic collective united in a spirit of protest seeking sweeping reforms of national art and culture Painting Dissent recovers the American Pre Raphaelites from the margins of history and situates them at the center of transatlantic debates about art slavery education and politics Artists such as Thomas Charles Farrer and John Henry Hill championed a new style of landscape painting characterized by vibrant palettes antipicturesque compositions and meticulous brushwork Their radicalism however was not solely one of style Sophie Lynford traces how the American Pre Raphaelites proclaimed themselves catalysts of a wide ranging reform movement that staged politically motivated interventions in multiple cultural arenas from architecture and criticism to collecting exhibition design and higher education She examines how they publicly rejected their prominent contemporaries the artists known as the Hudson River School and how they offered incisive critiques of antebellum society by importing British models of landscape theory and practice Beautifully illustrated and drawing on a wealth of archival material Painting Dissent transforms our understanding of how American artists depicted the nation during the most turbulent decades of the nineteenth century

The Magazine Antiques ,2001-10 **The Last Ruskinians** Theodore E. Stebbins, Virginia Anderson, 2007 The Last Ruskinians Charles Eliot Norton Charles Herbert Moore and Their Circle tells the forgotten story of the influence of the British writer and critic John Ruskin on a group of American painters and collectors during the late 19th century Ruskin's influence in the U S was largely disseminated by the legendary Charles Eliot Norton the nation's first professor of art history who taught at Harvard from 1874 to 1898 and through his associate Charles Herbert Moore The exhibition consists almost exclusively of watercolors Ruskin's favorite medium Displaying Ruskin's philosophy of truth to nature in art the works include botanicals architectural details landscapes views of Venice and copies after antique medieval and Renaissance art Included are ten works by Ruskin himself all drawn from the Harvard collections and an equal number by his friend Moore a Harvard drawing instructor and the Fogg Art Museum's first director Also represented are works by Henry Roderick Newman an American in Florence whose art was widely admired and works by a second generation of American Pre Raphaelite painters including Joseph Lindon Smith Harold B Warren and

George H. Halliwell One catalog essay discusses the influence in the U.S. of Ruskin and of Norton who helped to shape the collecting of some of Boston's greatest connoisseurs and collectors including Isabella Stewart Gardner, Bernard Berenson, and Denman W. Ross. The other essays explore Charles Herbert Moore's life, his little known but exquisite watercolors, and his contribution to the teaching of art and art history using Ruskin's methodology in his courses at Harvard. Antiques, 1999-07

The Orientalists Kristian Davies, 2005 The *Orientalists* pursues the mid to late 19th century when American and European artists traveled and painted throughout the Holy Land and India. The highly cinematic images they created suggest a great influence on modern visual culture. Revealed Treasures Jane Myers, Amon Carter Museum of Western Art, Shirley Reece-Hughes, 2001

The Theory of Pure Design and American Architectural Education in the Early Twentieth Century Marie Ann Frank, 1996

Masters of Color and Light Linda S. Ferber, Barbara Dayer Gallati, Brooklyn Museum of Art, 1998

In the 1870s and 1880s artists societies promoted watercolors as attractive decorative inexpensive alternatives to oils successfully elevating them to the mainstream of American art. Based in New York City this American watercolor movement paved the way for larger more seriously received exhibition watercolors and for a broad turn of the century effort by public institutions among them the Brooklyn Museum of Art to acquire American works in the medium. Highlighting 150 paintings that span nearly two centuries this richly illustrated volume documents the origin and development of one of the nation's finest collections by investigating for the first time aspects of American watercolor's patronage and critical reception. Less often displayed than oils because of their sensitivity to light watercolors nevertheless have enjoyed a lively complex history. Illuminating well known works as well as many that have never before been reproduced *Masters of Color and Light* showcases an array of paintings that range far beyond watercolor's early reputation as the lighter and daintier medium.
