Quilt Australia:

Quilts Around the World Spike Gillespie, 2010-11-21 This essential book for all quilters and quilt collectors tells the fascinating story of quilting around the world illuminated by the international quilt community's top experts and more than 300 glorious color photographs. Covering Japan, China, Korea, and India, England, Ireland, France, and The Netherlands, Australia, Africa, Central America, North America, and beyond, Quilts Around the World explores both the diversity and common threads of quilting. Discover Aboriginal patchwork from Australia, intricate Rallis from the Middle East, Amish and Hawaiian quilts from the United States, Sashiko quilts from Japan, vivid Molasses from Central America, and art quilts from every corner of the globe. Also included are twenty patchwork and applique patterns to use in your own quilt projects inspired by designs from the world's most striking quilts.

Patchwork Quilts in Australia Margaret Rolfe, 1987 History of quilting in Australia

Quilt Arts of South Africa Marsha MacDowell, 2025 In the southernmost region of the African continent, women have been piecing together materials, textile construction techniques commonly used in quilting to create bed coverings throughout the history of the San and Khoi peoples. From the late seventeenth century through the early nineteenth century, an influx of Dutch, French, Indian, and British military personnel, traders, miners, and missionaries came to South Africa, bringing with them their own cultural traditions, including making and using quilts. Today, the making of quilts in South Africa is flourishing. Quilt Arts of South Africa stitches together the history, production, and significance of quilt making from its earliest appearance in the continent's southernmost region to the twenty-first century. With input from curators, linguists, art historians, activist artists, and folklorists, this book presents disparate yet connected inquiries into a wide-ranging history of the quilt. These perspectives connect a rich, expressive art to place, showing how the quilting traditions in South Africa together reflect a unique cultural history and natural landscape. Itself pieced together from diverse voices, Quilt Arts of South Africa offers glimpses into the histories and meanings of quilting in South Africa.

Prize-Winning Quilts Rita Weiss, 2006 Every two years the International Quilt Association presents the largest and most esteemed quilting competition in the world. The show brings together professional and home quilters alike, all entering their finest pieces. Anyone who wins a prize has true talent, creativity, and skill, and here for the very first time are all the quilts that emerged victorious in all the specialty areas. There are variations on traditional patterns such as log cabin or Amish Star, as well as exquisite examples of Japanese quilting, Trapunto, and other more unusual forms. While no instructions accompany the eye-opening images, the projects can be reproduced, and the artists offer helpful background on each piece. Quilters will treasure this collection and eagerly await new ones to come.

Quick Quilts Across the Curriculum Kathy Pike, Jean Mumper, Alice Fiske, 2003 Contains dozens of easy-to-follow directions on how to construct fun and appealing quilts. Includes a Getting to Know You class quilt, an Olympics plastic bag quilt, a holidays storybook quilt, a shape poetry quilt, and more.
