The Films of Delmer Daves Douglas Horlock, 2022-03-25 Delmer Daves 1904-1977 was an American screenwriter, director and producer known for his dramas and Western adventures, most notably *Broken Arrow* and *3:10 to Yuma*. Despite the popularity of his films, there has been little serious examination of Daves's work. Filmmaker Bertrand Tavernier has called Daves the most forgotten of American directors and to date no scholarly monograph has focused on his work. In *The Films of Delmer Daves: Visions of Progress in Mid-Twentieth Century America*, author Douglas Horlock contends that the director's work warrants sustained scholarly attention. Examining all of Daves's films as well as his screenplays, scripts that were not filmed, and personal papers, Horlock argues that Daves was a serious, distinctive and enlightened filmmaker whose work confronts the general conservatism of Hollywood in the mid-twentieth century. Horlock considers Daves's films through the lenses of political and social values, race and civil rights, and gender and sexuality. Ultimately, Horlock suggests that Daves's work, through its examination of bigotry and irrational fear and depiction of institutional and personal morality and freedom, presents a consistent, innovative and progressive vision of America.

The New Wealth of Cities John Montgomery, 2017-09-29 Over the past two decades, city economies have restructured in response to the decline of older industries. This has involved new forms of planning and urban economic development, a return to traditional concerns of city building and a focus on urban design. During this period, there has also been a marked rise in our understanding of cultural development and its role in the design economy and life of cities. In this book, John Montgomery argues that this amounts to a shift in urban development. He provides a long overdue look at the dynamics of the city that is how cities work in relation to the long cycles of economic development and suggests that a new wave of prosperity

built on new technologies and new industries is just getting underway in the Western world The New Wealth of Cities focuses on what effect this will have on cities and city regions and how they should react Original and wide ranging this book will be a definitive resource on city economies and urban planning explaining why it is that cities develop over time in periods of propulsive growth and bouts of decline

Ruth Roman Derek Sculthorpe, 2022-06-22 With her striking looks the raven haired dark eyed Ruth Roman had an air of sophistication that made her seem sexy yet wholesome She had to strive harder than most to establish herself as a leading actress in Hollywood during its glory years and finally broke through in 1949 with her role in Champion As one of the last Warner Bros contract players she appeared in Alfred Hitchcock's classic Strangers on a Train Seen at her best in strong parts such as the ambitious Ronda Castle in Anthony Mann's The Far Country or as a modern day Lady Macbeth she enjoyed a varied career as a freelancer before re-inventing herself as a character actress of note on television A remarkable return to the screen in the bizarre psycho horror The Baby 1973 assured her of cult status This is the first book dedicated to a committed but often undervalued actress who is fondly remembered by fans of classic film More than a biography it seeks to contextualize the actress within her own time illuminate her Hollywood experience and celebrate her extensive career

A Light in the Dark David Thomson, 2021-03-23 From the celebrated film critic and author of The Biographical Dictionary of Film an essential work on the preeminent indispensable movie directors and the ways in which their work has forged and continues to forge the landscape of modern film Directors operate behind the scenes managing actors establishing a cohesive creative vision at times literally guiding our eyes with the eye of the camera But we are often so dazzled by the visions on screen that it is easy to forget the individual who is off screen orchestrating the entire production to say nothing of their having marshaled a script a studio and other people's money David Thomson in his usual brilliantly insightful way shines a light on the visionary directors who have shaped modern cinema and through their work studies the very nature of film direction With his customary candor about his own delights and disappointments Thomson analyzes both landmark works and forgotten films from classic directors such as Orson Welles Alfred Hitchcock Jean Renoir and Jean Luc Godard as well as contemporary powerhouses such as Jane Campion Spike Lee and Quentin Tarantino He shrewdly interrogates their professional legacies

and influence in the industry while simultaneously assessing the critical impact of an artist's personal life on his or her work. He explores the male directors' dominance of the past and describes how diversity can change the landscape. Judicious, vivid and witty, *A Light in the Dark* is yet another required Thomson text for every movie lover's shelf. **Knish** Laura Silver, 2014-05-06 When Laura Silver's favorite knish shop went out of business, the native New Yorker sank into mourning, but then she sprang into action. She embarked on a round-the-world quest for the origins and modern-day manifestations of the knish. The iconic potato pie leads the author from Mrs. Stahl's bakery in Brighton Beach, Brooklyn, to an Italian pasta maker in New Jersey and on to a hunt across three continents for the pastry that shaped her identity. Starting in New York, she tracks down heirs to several knish dynasties and discovers that her own family has roots in a Polish town named Knyszyn. With good humor and a hunger for history, Silver mines knish lore for stories of entrepreneurship, survival, and major deliciousness. Along the way, she meets Minnesota seniors who make knishes for weekly fundraisers, foodies determined to revive the legacy of Mrs. Stahl, and even the legendary knish maker's granddaughters who share their *joie de vivre* and their family recipe. Knish connections to Eleanor Roosevelt and rap music. Die-hard investigator Silver unearths those and other intriguing anecdotes involving the starchy snack, once so common along Manhattan's long-lost Knish Alley. In a series of funny, moving, and touching episodes, Silver takes us on a knish-eye tour of worlds past and present, thus laying the foundation for a global knish renaissance. **Patricia Roc** MICHAEL HODGSON, 2013 Destined to become a star. Once a star, always a star, and always remembered with love. Anna Neagle: A phenomenon, an unspoiled movie star who can act. Noel Coward: The archetypal British beauty, the Goddess of the Odeons. J. Arthur Rank. **Quinlan's Illustrated Directory of Film Stars** David Quinlan, 1996 Including over 1800 entries, this guide provides a short biography for each star, with a complete filmography of all film, television, voice overs, and guest appearances. Those featured include Jim Carrey, Uma Thurman, and Brad Pitt, and there is also updated information on all stars, with re-assessments of career turnarounds such as John Travolta and Tommy Lee Jones. **Billy the Kid on Film, 1911-2012** Johnny D. Boggs, 2013-10-04 A comprehensive filmography; this book is composed of lengthy entries on about 75 films depicting legendary New Mexico outlaw Billy the Kid, from the lost *Billy the Kid* (1911) to the blockbuster *Young Guns* (1988) to the direct-to-video *1313 Billy the Kid* (2012) and everything in between. Each entry gives a synopsis, cast, and credits, critical reception, and a discussion of the events of the films compared to the historical record. Among the entries are made-for-TV and direct-to-video films, foreign movies, and continuing television series in which Billy the Kid made an appearance. **From Silent Film Idol to Superman** Jonathan Croall, 2023-06-08 A popular romantic actor with a fan club rivalling that of Ivor Novello, John Stuart was frequently mobbed by his adoring fans. He starred in films by Alfred Hitchcock and G. W. Pabst, played opposite British stars such as Madeleine Carroll, Fay Compton, Gracie Fields, and German actor Conrad Veidt, and was also the first actor to ever speak on screen in Britain. Yet despite a film career lasting six decades and 172 films, his name and achievement are little known today. With access to Stuart's private archive, his surviving
