Reinhold Niebuhr And The Issues Of Our Time:

Reinhold Niebuhr and the Issues of Our Time Richard Harries, 1986 In the realm of public affairs Reinhold Niebuhr has been the most influential theologian of our century Although Niebuhr died in 1971 the issues he confronted war and peace revolution and nuclear weapons intervention and monetarism continued to dominate the 1980 s and many feel the increasing lack of what Richard Harries calls a Niebuhrian dimension to the debates In this book a distinguished group of academic writers discuss current issues both intellectual and practical and ask what light Niebuhr can shed on them The result is a thought provoking and stimulating collection of essays *Liberating Paul* Neil Elliott, 2005-02-01 For centuries the apostle Paul has been invoked to justify oppression whether on behalf of slavery to enforce unquestioned obedience to the state to silence women or to legitimate anti-Semitism To interpret Paul is thus to set foot on a terrible battleground between spiritual forces But as Neil Elliott argues the struggle to liberate human beings from the power of Death requires Liberating Paul from his enthrallment to that power In this book Elliott shows that what many people experience as the scandal of Paul is the unfortunate consequence of the way Paul has usually been read or rather misread in the churches In the first half of the book Elliott examines the many texts historically interpreted to support oppression or maintain the status quo He shows how often Paul's authentic message has been interpreted in the light of later pseudo Pauline writings In Part Two Elliott applies a political key to the interpretation of Paul Though subsequent centuries have turned the cross into a symbol of Christian piety Elliott forcefully reminds us that in Paul's time this was the Roman mode of executing rebellious slaves a fact that has profound political implications **The Annual Review of Women in World Religions** Arvind Sharma, Katherine K. Young, 2001-11-01 This interdisciplinary consideration of women in world religions features new scholarship across traditions and approaches The Poetics of Grace: Christian Ethics as Theodicy Jeph Holloway, 2013-04-09 What is God doing about a world marked by conflict and division What about a world in which our technologies promise great good but also threaten our existence What is God doing in a world where the demands for accumulation and acquisition create division and despair Can Christians hope to be of positive influence in a world that does not always support reflect or even understand Christian commitments Christian ethics often raises such questions as these and the possible answers vary widely Paul's Letter to the Ephesians is a tremendous resource for exploring a faithful response to perhaps the toughest question of all what is God doing about evil The role of Christian ethics is to take seriously the challenge that whatever God is doing God calls us to participate in a distinctive task that embraces our own commitments and labors within the divine purpose Ephesians says that God has taken the initiative to pursue that purpose and remarkably offers that we ourselves are part of the answer to the question what is God doing about evil The Bonds of Freedom Rebekah Miles, 2001 Miles contends that an increasingly radical feminist emphasis on divine immanence and human boundedness has undercut key assumptions upon which feminism rests Niebuhr's realism she believes can be the source of a

necessary correction Niebuhrian International Relations Gregory J. Moore, 2020 In dealing with the intricacies of human nature society politics ethics theology racism and international relations Reinhold Niebuhr the teacher preacher philosopher social critic and ethicist may have been the most important American thinker of the twentieth century This book distills Niebuhr's disparate and heretofore difficult to access work on international relations into one volume Drawing from the well springs of Niebuhr's Christian social thought the volume explores the depths of Niebuhr's views on human nature collective life U S foreign policy Just War Theory Cold War era containment globalization and the U N It then applies his approach to contemporary foreign policy issues such as the 2003 Iraq War the Responsibility to Protect and the rise of China **The Teachings of Modern Christianity on Law, Politics, and Human Nature** John Witte (Jr.), John Witte, Frank S. Alexander, 2006 This is a major project to be undertaken as part of a broad initiative of the Pew Charitable Trusts and the University of Notre Dame on the role of Christianity in modern society John Witte is one of the editors of the forthcoming *Sex Marriage and the Family A Reader in World Religions* **Christianity, Politics, and the Predicament of Evil** Bradley B. Burroughs, 2019-06-04 Christianity Politics and the Predicament of Evil overcomes a defining divide in contemporary Protestant political ethics created by two contrasting conceptions of politics The first exemplified in the work of Reinhold Niebuhr construes politics as a matter of statecraft that utilizes the power of government to secure the greatest possible order and justice for society as a whole The second most prominently articulated by Stanley Hauerwas maintains that politics concerns itself with the cultivation of virtue consequently it finds not the well ordered state but the church to be the exemplar of politics Not only illuminating the divide between politics as statecraft and politics as soulcraft but also redeveloping the conceptual space between them this book reconceives politics within a theological framework in which the eschatological City of God rather than the well ordered state or the faithful church functions as the paradigm of political life At the same time it simultaneously recognizes that the existence of evil which corrupts individual wills and social structures inhibits human beings from building the City of God in this world Analyzing criticizing and drawing resources from Niebuhr and Hauerwas as well as looking beyond to Augustine Martin Luther King Jr and others this book specifies the respective roles of soulcraft and statecraft in a political ethic capable of guiding Christians as they witness to God's eschatological intention to establish the City of God in a world currently mired in the predicament of evil *Social Ethics in the Making* Gary Dorrien, 2011-04-06 In the early 1880s proponents of what came to be called the social gospel founded what is now known as social ethics This ambitious and magisterial book describes the tradition of social ethics one that began with the distinctly modern idea that Christianity has a social ethical mission to transform the structures of society in the direction of social justice Charts the story of social ethics the idea that Christianity has a social ethical mission to transform society from its roots in the nineteenth century through to the present day Discusses and analyzes how different traditions of social ethics evolved in the realms of the academy church and general public Looks at the wide variety of individuals who have been

prominent exponents of social ethics from academics and self styled public intellectuals through to pastors and activists Set to become the definitive reference guide to the history and development of social ethics Recipient of a CHOICE Outstanding Academic Title for 2009 award Animating Liturgy Stephen Platten,2017-10-01 Animating Liturgy invites you to consider the liturgical offering which stands at the heart of the Christian faith *Religion and the Realist Tradition* Jodok Troy,2013-09-11 This volume picks up a rather uninvested field of international relations theory the influence of religion on Realism as well as the power of Realism to address religious issues in world politics Although classical scholars of Realism rarely mention religion explicitly in their well known work this volume suggests that Realism offers serious ground for taking religion and faith into account as well as evaluating the impact of religion on its theoretical framework how religion and religious worldviews influence and affect the theoretical framework of Realism and how Realism approach religious issues in international relations as a relatively new field of international studies Although international relations scholars now widely deal with issues of religion large portions of the theoretical underpinning are missing In addressing this lack the volume illustrates the possibility of reform and change in Realism Furthermore the chapters reach out to normative statements The contributors offer a theoretical view on religion in international relations in the context of Realism but always connect this with actual real world related political problems The volume takes into account not only classical thinkers and approaches of Realism but also present day authors dealing with ethical and normative questions of international relations in the aftermath of 9 11 Offering a fresh perspective on the influence of religion on international relations theory this work will be of great interest to scholars of religion and international relations international relations theory and political philosophy *Thiselton on Hermeneutics* Anthony C. Thiselton,2017-05-15 Hermeneutics is an interdisciplinary study of how we interpret texts especially biblical texts in the light of theories of understanding in philosophy meaning in literary theory and of theology This volume brings together the seminal thought of a leading contemporary pioneer in this field Thiselton s *The Two Horizons* was a classic on how horizons of biblical texts engage creatively with the horizons of the modern world The author s later *New Horizons in Hermeneutics* explored still more deeply the transforming capacities of biblical texts while his massive commentary on 1 Corinthians interpreted an epistle This volume collects many of Anthony Thiselton s more notable writings from some seven books and 70 articles to which he adds his own re appraisals of earlier work It uniquely expounds the thought of a major contemporary British theologian through his own words and includes his own critical assessments

Miles, 2023-04-15 In the world s most developed democracies anxiety about the future of democracy is palpable The tension between moral aspiration and moral despair has reached a point of crisis Christian realism arose during a similar time of crisis when Reinhold Niebuhr used the insights of the Christian tradition to interpret the clash between democracy and totalitarianism Beginning with Robin Lovin s account of Christian realism as a nuanced blend of theological moral and political realisms The Future of Christian Realism addresses fundamental topics in theology ethics and politics The contributors come from different traditions span five continents and together present a case for the continuing relevance of Christian realism By paying close attention to many of the most pressing moral challenges facing societies today the authors illustrate and evaluate the enduring relevance of Christian realism

Blessed Are the Peacemakers Lisa Sowle Cahill, 2019-03-02 This book is a contribution to the Christian ethics of war and peace It advances peacebuilding as a needed challenge to and expansion of the traditional framework of just war theory and pacifism It builds on a critical reading of historical landmarks from the Bible through Augustine Aquinas the Reformers Christian peace movements and key modern figures like Dietrich Bonhoeffer Reinhold Niebuhr and recent popes Similar to just war theory peacebuilding is committed to social change and social justice but includes some theorists and practitioners who accept the use of force in extreme cases of self defense or humanitarian intervention Unlike just war theorists they do not see the justification of war as part of the Christian mission Unlike traditional pacifists they do see social change as necessary and possible and as such requiring Christian participation in public efforts Cahill argues that transformative Christian social participation is demanded by the gospel and the example of Jesus and can produce the avoidance resolution or reduction of conflicts And yet obstacles are significant and expectations must be realistic Decisions to use armed force against injustice even when they meet the criteria of just war will be ambiguous and tragic from a Christian perspective Regarding war and peace the focus of Christian theology ethics and practice should not be on justifying war but on practical and hopeful interreligious peacebuilding

Singleness of Heart Diane Leclerc, 2001-10-23 This book in light of recent feminist theology on the doctrine of sin attempts to provide historical support for such feminist considerations It examines fourth century church fathers John Wesley and Phoebe Palmer as places where an alternative of traditional definitional definition pride can be found Diane Leclerc devotes this study to an important twofold question What is the most adequate Christian diagnosis of our fundamental human problem and the corollary How should we understand the wholeness holiness that Christianity seeks to promote While this interrelated topic is challenging in its own right she has also chosen to approach it by bringing into dialogue some diverse conversation partners What makes Leclerc s study so instructive is that

no partner in this conversation emerges without some challenge for revision or without some affirmation of their central concerns

Sin, Pride & Self-Acceptance Terry D. Cooper, 2009-09-20 What is at the root of the problem of humanity Is it pride or lack of self esteem Do we love ourselves too much or too little The debate about the human condition has often been framed this way in both theological and psychological circles Convictions about preaching teaching marriage and child rearing as well as politics social welfare business management and the helping professions more often than not fall on one side or the other of this divide With theological and psychological insight Terry D Cooper provides trenchant analysis of this centuries long debate and leads us beyond the usual impasse Humanistic psychology has often regarded traditional Christianity as its archrival in assessing the human condition Cooper demonstrates how the Christian doctrine of a sinful and fallen humanity sheds light on the human condition which exhibits both pride and self denigration Bringing theological insights ranging from Augustine and John Calvin to Reinhold Niebuhr together with the psychological theories of Freud Jung Carl Rogers Gerald May and Karen Horney Cooper guides readers through the maze of competing claims to a resolution which affirms Christian conviction while critically engaging modern psychological theory A model of the proper integration of Christian theology and the discipline of

Kamitsuka cautions the feminist theological community against the possibility of excluding some segments of the female population in its quest for liberation She directs her readers attention to the fact that most feminist theologians are writing from a position of privilege as white heterosexual women Applying postmodern and postcolonial thought to better explore feminist theology Kamitsuka argues that the feminist theological movement needs to consider a broader range of issues affecting women today Focusing on womens experience as portrayed in literature biblical narrative and ethnographic writing Kamitsuka examines the assumptions of first wave feminist theology and reflects on the roles of race and sexuality and their possible impact on feminist theological trends Scripture and Ethics Jeffrey S. Siker, 1997 Siker brings together the history of biblical interpretation and the study of uses of the Bible in Christian ethics to examine how the Bible has actually been used in Christian theological ethics and in the process profiling eight influential twentieth century theologians
