Religions Today An Introduction

Lan Li

Religions Today An Introduction:

Religions Today Mary Pat Fisher, 2013-11-19 Religions Today provides a sympathetic account of what living religions really are Fisher traces the historical development and practices of major religious movements and explores how these evolve into contemporary belief and teaching She considers major faiths as well as indigenous religions and new religious movements focusing on how living religions affect contemporary society Case studies and interviews with living people ensure that this concise guide is both readable and stimulating

Religion Today Ross Aden, Chris A. Kramer, 2024-07-02 Religion Today introduces students to key concepts in religious studies through a compelling problem solving framework Each chapter opens with a contemporary case study that helps students engage in current religious issues explore possible solutions to difficult religious problems today and learn key themes and concepts in religious studies To enhance student learning a free Student Study Guide is available for download from Rowman Littlefield The Study Guide features chapter summaries definition quizzes for students to test themselves on key terms and possible learning activities

Bibliography of Japanese New Religions, with Annotations and an Introduction to Japanese New Religions at Home and Abroad Peter Bernard Clarke, 1999 Containing some 1500 entries this new bibliography will be widely welcomed for its comprehensive brief and for the sub section profiling principal NRMs converging history beliefs and practices main publications branches worldwide and membership

The Religion Toolkit John Morreall, Tamara Sonn, 2024-06-13 THE RELIGION TOOLKIT A comprehensive survey of the study of religion worldwide from ancient indigenous traditions to today's religious nationalism This is an excellent book that is a good comprehensive overview of the history of religions and the ways of studying religion within Religious Studies it really brings religions to life for the reader Gavin Flood Professor of Hindu Studies and Comparative Religion Oxford University The authors provide a clear first rate introduction to the study of religions origins leading scholars and their theories and beliefs This is by far the best introductory volume I am aware of both in terms of substance clarity and insights John L Esposito Distinguished University Professor Georgetown University and Past President of the American Academy of Religion The Religion Toolkit Understanding Religion in the World Today is a clear and comprehensive introduction to the academic study of religions providing readers an introduction to the history and theories of Religious Studies a survey of global religious traditions and an overview of religion in the public sphere today Discusses theory and methodology in religion including the disciplines of anthropology psychology philosophy biblical studies and theology Describes the early development of religion with overviews of traditions around the world including Judaism Christianity Islam Baha'i Hinduism Zoroastrianism Jainism Buddhism Sikhism Daoism Confucianism and Shinto Covers traditions not commonly addressed in introductory textbooks such as Santeria Vodou Tengrism and indigenous traditions of the Americas Examines recent developments and contemporary issues such as secularization bioethics and the rise of religious nationalism Includes access to a companion website with discussion questions additional material and helpful primary and secondary

sources Providing the knowledge and tools required to explore and understand the nature and roles of religion The Religion Toolkit Understanding Religion in the World Today Second Edition is an excellent introductory textbook for undergraduate and graduate courses in Religious Studies History of Religion Religions of the World and Theory and Method in the Study of Religion as well as a valuable resource for general readers interested in the role of religion in the world today Today's Woman in World Religions Arvind Sharma,1994-01-01 This book examines how the women s movement is affecting traditional religions and civilizations throughout the world It reviews cases of global impact in Hinduism Buddhism Taoism Confucianism Judaism Christianity Islam and Australian aboriginal religion This volume completes the trilogy devoted to women in world religions edited by Arvind Sharma The second book in the series is entitled Religion and Women The present work surveys the position of women in the religious traditions covered in the first volume of the trilogy Women in World Religions placing these traditions in contemporary context Religion in Today's World Melissa M. Wilcox,2013-12-19 Religion is a major force in contemporary society It is also one of the least understood social and political influences on individuals and communities In this innovative collection of original essays and classic readings experts explore the significance of contemporary religiosity as a source of meaning and motivation how it unites and divides us and how it is used politically and culturally Readers will be introduced to the broad debates in ways that will equip them to analyze discuss and make their own judgments about religion and society This book should be read by anyone interested in understanding religion as a central source of meaning and politics and is ideally suited for undergraduate teaching on religion and social issues and from a global perspective **Popular Religion in Modern China** Lan Li,2016-03-23 Since the early 1980s China s rapid economic growth and social transformation have greatly altered the role of popular religion in the country This book makes a new contribution to the research on the phenomenon by examining the role which popular religion has played in modern Chinese politics Popular Religion in Modern China uses Nuo as an example of how a popular religion has been directly incorporated into the Chinese Community Party s CCP policies and how the religion functions as a tool to maintain socio political stability safeguard national unification and raise the country s cultural soft power in the eyes of the world It provides rich new material on the interplay between contemporary Chinese politics popular religion and economic development in a rapidly changing society **The Cambridge Companion to Religious Studies** Robert A. Orsi,2012 Informative and provocative this book introduces readers to debates in the contemporary study of religion and suggests future research possibilities **Religion in America: A Very Short Introduction** Timothy Beal,2008-07-29 It s hard to think of a single aspect of American culture past or present in which religion has not played a major role The roles religion plays moreover become more bewilderingly complex and diverse every day For all those who want whether out of curiosity necessity or civic duty a vivid picture and fuller understanding of the current reality of religion in America this Very Short Introduction is the go to book they need Timothy Beal describes many aspects of religion in contemporary America that are

typically ignored in other books on the subject including religion in popular culture and counter cultural groups the growing phenomenon of hybrid religious identities both individual and collective the expanding numbers of new religious movements or NRMs in America and interesting examples of outsider religion such as Paradise Gardens in Georgia and the People Love People House of God in Ohio He also offers an engaging overview of the history of religion in America from Native American traditions to the present day Beal sees three major forces shaping the present and future of religion in America first unprecedented religious diversity which will continue to grow in the decades to come second the information revolution and the emergence of a new network society and third the rise of consumer culture Taken together these forces offer the potential to create a new American pluralism that would enrich society in unimaginable ways but they also threaten the great ideal of e pluribus unum With visual aids that help readers navigate America s diverse religious landscape this informative thoughtful and provocative book is a must read in the emerging public conversation concerning religion in America About the Series Combining authority with wit accessibility and style Very Short Introductions offer an introduction to some of life s most interesting topics Written by experts for the newcomer they demonstrate the finest contemporary thinking about the central problems and issues in hundreds of key topics from philosophy to Freud quantum theory to Islam

A Short Introduction to World Religions Tim Dowley, 2018-07-01 This leading textbook for world religions is now available in a more concise version Many of the features of Introduction to World Religions are retained in this volume but with focus on the religious traditions themselves The section on religions of antiquity has been removed and key content in each chapter streamlined to increase accessibility for students in their study and research of the world s religious traditions Known and valued for its balanced approach this book offers an arresting layout with rich illustrations It continues to provide broad coverage of diverse religions including indigenous religions Hinduism Buddhism Jainism Judaism Christianity Islam Sikhism and Chinese Korean and Japanese religions The user friendly content is enhanced by charts of religious festivals historic timelines updated maps of the world s religions and a useful glossary Both historical overviews and modern perspectives for each religion are included This edition includes several updates made to the new third edition including a new design a new section on women and religion and a newly revised section on religions in today s world

Religions in the Modern World Linda Woodhead, 2002 This comprehensive guide offers an unrivalled introduction to recent work in the study of religion from the religious traditions of Asia and the West to new forms of religion and spirituality such as New Age With an historical introduction to each religion and detailed analysis of its place in the modern world Religions in the Modern World is ideal for newcomers to the study of religion It incorporates case studies and anecdotes text extracts chapter menus and end of chapter summaries glossaries and annotated further reading sections Topics covered include religion colonialism and postcolonialism religious nationalism women and religion religion and globalization religion and authority the rise of new spiritualities

Religion Thomas A. Tweed, 2020-09-25 Religion plays a central role in human experience Billions of people

around the world practice a faith and act in accordance with it Religion shapes how they enter the world and how they leave it how they eat dress marry and raise their children It shapes their assumptions about who they are and who they want to be Religion also identifies insiders and outsiders who has power and who doesn't It sanctifies injustice and combats it It draws national borders It affects law economy and government It destroys and restores the environment It starts wars and ends them Whether you notice it or not religion plays a role in how billions conduct their lives We are called then to understand this important factor in human life today Beginning with the first signs of religion among ancient humans and concluding with a look at modern citizens and global trends leading scholar Thomas Tweed examines this powerful and enduring force in human society Tweed deftly documents religion as it exists around the world addressing its role in both intensifying and alleviating contemporary political and environmental problems from armed conflict to climate change Religion A Very Short Introduction offers a concise non partisan overview of religion's long history and its complicated role in the world today

Orishas: An Introduction to African Spirituality and Yoruba Religion Clara Robinson, 2021-08-14 Learn about the Yoruba people of Africa Gods and the different Orishas The belief system of the Yoruba people which may have originated millions of years ago in Nigeria is regarded as one of the oldest religions in the world It has since gained followers from all over the world from the Caribbean to North America and it's easy to see why Its oral interpretations have piqued the interest of many ranging from majestic tales of the Orishas to life changing teachings of reincarnation And while it has been modified or intertwined with other world religions everywhere else this high form of spirituality is still practiced in its original form in Africa

Tocqueville, Democracy, and Religion Alan S. Kahan, 2015-08-06 The relationship between democracy and religion is as important today as it was in Alexis de Tocqueville's time Tocqueville Democracy and Religion is a groundbreaking study of the views of the greatest theorist of democracy writing about one of today's most crucial problems Alan S Kahan one of today's foremost Tocqueville scholars shows how Tocqueville's analysis of religion is simultaneously deeply rooted in his thoughts on nineteenth century France and America and pertinent to us today Tocqueville thought that the role of religion was to provide checks and balances for democracy in the spiritual realm just as secular forces should provide them in the political realm He believed that in the long run secular checks and balances were dependent on the success of spiritual ones Kahan examines how Tocqueville thought religion had succeeded in checking and balancing democracy in America and failed in France as well as observing Tocqueville's less well known analyses of religion in Ireland and England and his perspective on Islam and Hinduism He shows how Tocqueville's post secular account of religion can help us come to terms with religion today More than a study of Tocqueville on religion in democratic society this volume offers us a re interpretation of Tocqueville as a moralist and a student of human nature in democratic society a thinker whose new political science was in the service of a new moral science aimed at encouraging democratic people to attain greatness as human beings Tocqueville Democracy and Religion gives us a new Tocqueville for the twenty first century

Counterheritage

Denis Byrne, 2014-04-16 The claim that heritage practice in Asia is Eurocentric may be well founded but the view that local people in Asia need to be educated by heritage practitioners and governments to properly conserve their heritage distracts from the responsibility of educating oneself about the local popular beliefs and practices which constitute the bedrock of most people's engagement with the material past Written by an archaeologist who has long had one foot in the field of heritage practice and another in the academic camp of archaeology and heritage studies *Counterheritage* is at once a forthright critique of current heritage practice in the Asian arena and a contribution to this project of self education Popular religion in Asia including popular Buddhism and Islam folk Catholicism and Chinese deity cults has a constituency that accounts for a majority of Asia's population making its exclusion from heritage processes an issue of social justice but more pragmatically it explains why many heritage conservation programs fail to gain local traction This book describes how the tenets of popular religion affect building and renovation practices and describes how modernist attempts to suppress popular religion in Asia in the early and mid twentieth century impacted religious heritage Author Denis Byrne argues that the campaign by archaeologists and heritage professionals against the private collecting and looting of antiquities in Asia largely ignores the regimes of value which heritage discourse has helped erect and into which collectors and local diggers play Focussing on the Philippines Thailand and Taiwan but also referencing China and other parts of Southeast Asia richly detailed portraits are provided of the way people live with old things and are affected by them Narratives of the author's fieldwork are woven into arguments built upon an extensive and penetrating reading of the historical and anthropological literature The critical stance embodied in the title *counterheritage* is balanced by the optimism of the book's vision of a different practice of heritage advocating a view of heritage objects as vibrant agentic things enfolded in social practice rather than as inert and passive surfaces subject to conservation *From Sacred Text to Internet* Gwilym Beckerlegge, 2024-11-01

This title was first published in 2001 *From Sacred Text to Internet* addresses two key issues affecting the global spread of religion first the impact of new media on the ways in which religious traditions present their messages and second the global relocation of religions in novel geographical and social settings The book offers extended studies of Buddhism Christianity Hinduism and a wide ranging survey chapter that refers to the presence on the Internet of many of the world's most influential religions
