Religious Ambiguity and

Religious Diversity Robert McKim, 2001-03-08 The religious ambiguity of the world has many aspects one of which is the hiddenness of God Theists have proposed a number of explanations of God's hiddenness Some putative explanations contend that the advantages of God's hiddenness goods of mystery outweigh whatever benefits would result if God's existence and nature were clear to us goods of clarity Goods of mystery that have received a lot of discussion include human moral autonomy and the ability on our part to exercise control over whether we believe in the existence of God The extent of the ambiguity that surrounds God's existence and indeed all important religious matters combined with our lack of an obviously correct and adequate explanation of this lack suggest that even if God exists it is not important that people believe in God Another central theme in the book is the significance of religious diversity for religious belief The character of this diversity is such that it provides people who take a position on religious matters with reason to adopt the Critical Stance which requires people in all the religious traditions to subject their religious beliefs to critical scrutiny and hold those beliefs in a tentative way Some contend that religious faith requires complete confidence in what is believed but tentative belief actually is sufficient to sustain many forms of religious commitment

Evidence and Faith Charles Taliaferro, 2005-02-28

Taliaferro has written a dynamic narrative history of philosophical reflection on religion from the 17th century to the present with an emphasis on shifting views of faith and the nature of evidence The book begins with the movement called Cambridge Platonism which formed a bridge between the ancient and medieval worlds and early modern philosophy While the book provides an overview of different movements in philosophy it also offers a detailed exposition and reflection on key arguments and the scope is broad from Descartes to contemporary feminist philosophy of religion

Religion and the Modern World Jacques Maritain, Joseph L. Hromádka, Joseph L. Hromádka, William J. McGarry, 2017-01-30 This book is a

Overton presents a thought provoking exploration of the themes of survival and human ingenuity through the lens of travel and adventure literature Set against the backdrop of the early 20th century Overton's prose is characterized by rich descriptive passages that evoke the fantastical and often perilous journeys undertaken by seafarers and explorers The book engages with the romantic notions of adventure capturing the essence of longing and the spirit of discovery prevalent in the

literature of his time all while delivering a nuanced critique of colonialism's impact on both the native people and the environment Grant M Overton an accomplished author and scholar in his own right was deeply influenced by his personal experiences and the burgeoning interest in exploration during his era His background in literature and fascination with the cultural exchanges that accompany travel shaped his narrative style and thematic focus in *Cargoes for Crusoes* Overton's ability to weave personal insight with historical context offers readers a compelling lens through which to understand the complexities of adventure literature This book is highly recommended for those interested in the intersections of travel culture and literature Overton's unique perspective provides a critical yet accessible entry point into the world of exploration narratives making it a valuable addition to the collections of both casual readers and scholarly enthusiasts alike In this enriched edition we have carefully created added value for your reading experience Hand picked Memorable Quotes shine a spotlight on moments of literary brilliance Interactive footnotes clarify unusual references historical allusions and archaic phrases for an effortless more informed read

Christian Advocate, 1923 **Faith in God and Its Christian Consummation** Donald Macpherson Baillie, 1927 *The Faith of Honest Doubt* Sherwood Eddy, 1924 The Journal of Religion, 1926 Includes section Book reviews *The God of the Liberal Christian* Daniel Sommer Robinson, 1926 **The History of the People of Israel in Pre-Christian Times** Mary Sarson, Mabel Addison Phillips, 1912 The Christian Leader, 1923 **The Christian Century**, 1923 **Confessing and Commending the Faith** Alan P.F. Sell, 2006-09-01

Since Christianity is a way and not simply a theory commending the faith to others is an activity in which every Christian participates *Confessing and Commending the Faith* discusses the presuppositions which underlie the intellectual commendation of Christianity in the face of the philosophical challenges of the present day Following his earlier books *John Locke and the Eighteenth Century Divines* and *Philosophical Idealism and Christian Belief* Alan Sell proposes a way of proceeding with Christian apologetics in the twenty first century He discusses what Christians wish to proclaim asks whether these claims are reasonable and examines what is involved in the intellectual commendation of the Christian faith *Confessing and Commending the Faith* makes extensive use of the historical tradition of apologetics and brings this work to bear on contemporary questions such as the meaning use and reference of religious language and the question of transcendence in relation to history Alan Sell argues that if the intellectual commendation of Christianity's claim to truth is to be viable contemporary apologetics must draw upon reason revelation and experience to do justice to Christianity's basic confession of Christ as Saviour and Lord
