Severe Learning Disabilities And Challenging Behaviours Designing High Quality Services:

Severe Learning Disabilities and Challenging Behaviours Eric Emerson, Peter McGill, Jim Mansell, 2013-11-11 This is a timely book The question of how to help people with challenging behaviour and how to design and manage services so that staff families and users feel that what should be done is being done is at the top of the agenda Failure to deal competently with the issue results in disaffection poor quality services and a less than optimal quality of life for service users Moreover the credibility of services for all people with learning disabilities is intimately connected with how we cope with challenging behaviour a point made recently by a Department of Health Working Group chaired by Jim Mansell Department of Health 1993 The book is welcome because it draws together what is known about the important questions from a British perspective although of course most of the underlying issues have world wide relevance The contributors while all having a good deal of experience and authority do not put forward simple portrayals of the problems nor glib solutions and this is one of the book's major strengths Clarity in the field of challenging behaviour is sometimes elusive What is presented here forces the reader to confront arguments in a rational and logical fashion Severe Learning Disabilities and Challenging Behaviours Peter McGill, Jim Mansell, Eric Emerson, 1999 **Challenging Behaviour** Eric Emerson, 2001-05-28 This is a thoroughly revised expanded and updated new edition giving a comprehensive cross disciplinary overview of challenging behaviour *Severe Learning Disabilities and Challenging Behaviours* Eric Emerson, Peter McGill, Jim Mansell, 2014-01-15 **Developing and Managing High Quality Services for People with Learning Disabilities** Mark Burton, Mike Kellaway, 2018-12-17 First published in 1998 This timely book describes the challenges that need to be met in bringing together health and social services into a partnership to create effective and responsive services It presents the reader with both conceptual frameworks and practical examples on how change can be managed and the momentum maintained towards the development of a quality service The authors present practical examples and reflect on what worked and what was not successful Over twenty writers staff and managers senior and junior qualified and unqualified describe focused work in particular areas which will be of interest to any service for this user group Throughout the emphasis is on how to deliver an accessible good quality service and how this can be safeguarded in the future Fifty years after the establishment of the NHS and nearly twenty five years since the establishment of British Social Services departments this book articulates a modern practical and principled vision of community based services to vulnerable people International Review of Research in Mental Retardation , 2007-12-20 International Review of Research in Mental Retardation is an ongoing scholarly look at research into the causes effects classification systems syndromes etc of mental retardation Contributors come from wide ranging perspectives including genetics psychology education and other health and behavioral sciences Volume 35 of the series offers chapters on theory and research social cognition and social competence in children with Down Syndrome the Flynn Effect and the role of IQ remaining open to quantitative qualitative and mixed method designs active support child

Interaction in Action Dave Hewett, Melanie Nind, 2013-10-28 First Published in 1998 The authors aim in editing Interaction in Action is to follow up on the thinking and practical guidance contained in their previous work on Intensive Interaction They hope to illustrate that Intensive Interaction is not just something that goes on in hospital schools Here we see the approach used not only by teachers but also by speech therapists occupational therapists social workers psychologists and parents We see the approach used in people's homes as well as in education and day centres The contributors have been asked to share their insights the way they think about Intensive Interaction as well as the way that they do it This means that the chapters contain both reflective analysis and vivid description The contributions illustrate how Intensive Interaction has grown and developed as an educational approach and as a way of being with people and they illustrate the impact on all those involved
