Funny Things Can Happen on Your Way through the Bible, Volume 1 Charles D. Barrett,2010-04-01 Proceeding from Voltaire s conclusion that God is a comedian playing to an audience that s afraid to laugh this book seeks to uncover some of the many instances in which biblical texts offer readers grace and insight through the divine gifts of humor wit and laughter Readers are invited to take a strikingly unusual if not unique approach to the texts imagining not only the voice inflections but also the body language of their narrators to capture the humorous nuances and ripples of laughter that likely attended the first telling of many biblical stories **Funny Stuff in the Bible** Phillip D. Johnson,2013-10-28 Funny Stuff in the Bible is a field trip through the Bible library hunting for funny stuff The many stories and other literature in this library were written over a period of a thousand years This is well known Thinking of the Bible as a library provides perspective Though there are more copies of this library its writings bound into a single volume than of any other book in the world the literature in it is underrated and underenjoyed It is underenjoyed because of the smog created by the notion that every word is religiously serious and not for enjoyment let alone laughter This overlay of morality and religious seriousness makes it difficult to read a particular story as we do other stories in the world Funny Stuff shakes off these notions to enjoy some stories The Bible is a large library We can only explore a little of it as we look both for stuff that makes us laugh and also things that are strange We investigate what we come across stumble on so to speak The quest is undertaken in good humor and with light hearts *Stupid People and Why You Cannot Have Nice Things* Ciliguse Stultus,2020-11-17 Stupid people are everywhere constantly ruining everything Politics religion science and social interactions are broken by stupid behavior so often that good sense is the exception rather than the rule in any of them Sometimes we are the stupid people doing all of that Even the allegedly brightest among you have likely reduced much of the world down to an overly simplistic all or nothing mentality that will only get you so far at most to the presidency This book is evidence free refusing to scare you with any pesky research that you will not understand After luring you in I will kick you in the pants and insult you mercilessly because nobody else has ever told you the plain old truth about anything Seriously somebody should tell you No and mean it at least

once a day If you are already a parent who really takes part in raising kids you can disregard this last part This book refuses to fix you because digits and pieces of paper do not do such things Instead I will explain why you may be unhappy due to your unquestioning acceptance of incredibly stupid childish assumptions If you are unhappy you may find reasons for happiness here but that will be mainly because you will notice how much better you feel after the kicks in the butt have stopped
