distinguished speaker Throughout his life he confided his thoughts and emotions to his notebooks where we can still see his speculations and observations taking shape This edition presents a selection from this unique work newly presented with notes and commentary for the student as well as the general reader Sociable Places Kevin Gilmartin,2017-04-24 Ranging across literature theater history and the visual arts this collection of essays by leading scholars in the field explores the range of places where British Romantic period sociability transpired The book considers how sociability was shaped by place by the rooms buildings landscapes and seascapes where people gathered to converse to eat and drink to work and to find entertainment At the same time it is clear that sociability shaped place both in the deliberate construction and configuration of venues for people to gather and in the way such gatherings transformed how place was experienced and understood The essays highlight literary and aesthetic experience but also range through popular entertainment and ordinary forms of labor and leisure **This Strange Loneliness** Peter Mackay,2021-04-15 This Strange Loneliness is the first comprehensive account of the poetic relationship between Seamus Heaney and William Wordsworth Peter Mackay explores how Heaney repeatedly turns to the Romantic poet s work for inspiration corroboration and amplification and as a model for the fortifying power of poetry itself which offers the fundamental lesson that it is on this earth we find our happiness or not at all Through an in depth look at archival materials and at uncollected poems and prose by Heaney Mackay traces the evolution of Heaney s readings of Wordsworth throughout his career revealing their shared interest in the connections between poetry and education the possibility of a beneficial understanding of poetic influence the complexities of place and displacement ideas of transcendence and ultimately the importance of late style later poems by Wordsworth might prove a cautionary tale as well as example for any poet Placing Heaney s readings within their political historical and poetic contexts the book also explores how he negotiated the complex relationship between Irish and British culture and identity to claim a persistent form of kinship and forge a strange community with the Romantic poet With illuminating readings that reveal new contexts to and currents in Heaney s work This Strange Loneliness is a powerful evocation of the Irish poet s sense of the uplift that poetry can provide **Sympathy and India in British Literature, 1770-1830** A. Rudd,2011-05-25 India was the object of intense sympathetic concern during the Romantic period But what was the true nature of imaginative engagement with British India This study explores how a range of authors from Edmund Burke and Sir William Jones to Robert Southey and Thomas Moore sought to come to terms with India s strangeness and distance from Britain *Jonathan Edwards, Samuel Taylor Coleridge, and the Supernatural Will in American Literature* Brad Bannon,2018-10-02 In a work that will be of interest to students and scholars of American Literature Romanticism Transcendentalism the History of Ideas and Religious Studies Brad Bannon examines Samuel Taylor Coleridge s engagement with the philosophical theology of Jonathan Edwards A closer look at Coleridge s response to Edwards clarifies the important influence that both thinkers had on seminal works of the nineteenth century ranging from the antebellum period to the aftermath of the American Civil War from Poe s fiction and

Emerson's essays to Melville's *Billy Budd* and Crane's *The Red Badge of Courage*. Similarly Coleridge's early espousal of an abolitionist theology that had evolved from Edwards and been shaped by John Woolman and Olaudah Equiano sheds light on the way that American Romantics later worked to affirm a philosophy of supernatural self-determination. Ultimately what Coleridge offered the American Romantics was a supernatural modification of Edwards' theological determinism, a compromise that provided Emerson and other nineteenth-century thinkers with an acceptable extension of an essentially Calvinist theology. Indeed, a thoroughgoing skepticism with respect to salvation as well as a faith in the absolute inscrutability of Providence led both the Transcendentalists and the Dark Romantics to speculate freely on the possibility of supernatural self-determination while doubting that anything other than God or nature could harness the power of causation. **Ludwig Tieck**

Dwight Klett, 2020-02-04. When originally published in 1993, this was the first bibliography of the secondary literature on Tieck. Given as much secondary literature surrounding Tieck's life and works has been generated outside of his native Germany as within, this bibliography focuses particularly on his life and work from an international perspective. In order to make the information surrounding Tieck accessible, the book provides a detailed table of contents with corresponding text divisions rather than a subject index. It therefore highlights Tieck's achievements in their various national contexts so that not only students of German can get an accurate feel for Tieck's versatility and range. Landscape, Liberty and Authority Tim

Fulford, 1996-06-28. Eighteenth-century landscape description formed part of a larger debate over the nature of liberty and authority, which was vital to a Britain newly defining its nationhood in a period of growing imperial power and rapid economic change. Tim Fulford examines landscape description in the writings of Thomson, Cowper, Johnson, Gilpin, Repton, Wordsworth, Coleridge, and others, revealing tensions that arose as writers struggled for authority over the public sphere and sought to redefine the nature of that authority. In his investigation of poetry and political and aesthetic writing, Dr Fulford throws light on the legacy of Commonwealth and Country-party ideas of liberty. Also discussed are the significance of the Miltonic sublime, the politics of the picturesque, and the post-colonial encounter of the Scottish tour. Dr Fulford goes on to show how the early radicalism and later conservatism of Wordsworth and Coleridge were shaped in part by eighteenth-century literary, political, and literary authorities. His study offers an understanding of literary and political influence that cuts across conventional periodization, finding new links between the early eighteenth and nineteenth centuries. **Buried Communities** Kurt

Fosso, 2004-01-01. Offers an explanation for the poet's mysterious and longstanding preoccupation with death and grief.

Gothic Bodies Steven Bruhm, 2011-09-16. An intriguing scholarly investigation, not so much of the ways the late eighteenth and early nineteenth centuries articulated pain, but of the ways in which pain itself articulated the late eighteenth-century experience. Through analysis of novels, plays, and poems, the author explores the transition from sensibility as a sense of selflessness to Romanticism, which puts the self in the foreground as the mediating consciousness. His tightly focused discussion sets a starting point for further critical investigation of the subject. Rivermen Frederic S. Colwell, 1989-09-01

Rivermen examines the mythic context and psychological dimensions of the river and its source through an investigation of the recurring motifs associated with the source in classical and English literature the heroic quest the river journey and the naiad or muse Frederic Colwell focuses on the writings of those redoubtable rivermen the English Romantic poets He explores poems by Wordsworth Coleridge Keats and Shelley showing that the image of the river is used in their work as a compelling archetype and a metaphor for the nature and process of the creative impulse From the preface Unlike the rhythms of oceans rivers have direction and a purposive flow The river's will is always its own not laid down by man for whom the river passage demands a surrender to its will its currents and eddies To move with the flow is to course with time and change to stand astride or view it from a height offers the prophetic stance by which we contemplate its entire passage its past present and the brightening waters or rippling shoals ahead

Coleridge, Language and the Sublime C. Stokes, 2010-11-03 Traversing the themes of language terror and representation this is the first study to engage Coleridge through the sublime showing him to have a compelling position in an ongoing conversation about finitude Drawing on close readings of both his poetry and prose it depicts Coleridge as a thinker of the limit with contemporary force

Nervous Reactions Joel Faflak, Julia M. Wright, 2012-02-01 Nervous Reactions considers Victorian responses to Romanticism particularly the way in which the Romantic period was frequently constructed in Victorian era texts as a time of nervous or excitable authors and readers at odds with Victorian values of self restraint moderation and stolidity Represented in various ways as a threat to social order as a desirable freedom of feeling as a pathological weakness that must be cured this nervousness both about and of the Romantics is an important though as yet

unaddressed concern in Victorian responses to Romantic texts By attending to this nervousness the essays in this volume offer a new consideration not only of the relationship between the Victorian and Romantic periods but also of the ways in which our own responses to Romanticism have been mediated by this Victorian attention to Romantic excitability Considering editions and biographies as well as literary and critical responses to Romantic writers the volume addresses a variety of discursive modes and genres and brings to light a number of authors not normally included in the longstanding category of Victorian Romanticism on the Romantic side not just Wordsworth Keats and P B Shelley but also Byron S T Coleridge Thomas De Quincey Mary Shelley and Mary Wollstonecraft and on the Victorian side not just Thomas Carlyle and the Brownings but also Sara Coleridge George Eliot Elizabeth Gaskell Archibald Lampman and J S Mill Contributors include D M R Bentley Kristen Guest Joel Faflak Grace Kehler Donelle Ruwe Alan Vardy Lisa Vargo Timothy J Wandling Joanne Wilkes and Julia M Wright
