Problems Of Modern Faith Essays And Addresses:

Problems of Modern Faith Josef Pieper, 1985 Problems of Modern Faith Josef Pieper, 1985 *Thinking Theologically about the Divine Ideas* Benjamin R. DeSpain, 2022-05-16 Thinking Theologically traces Aquinas's subtle grammatical and thematic engagements with the doctrine of the divine ideas throughout the Summa Theologiae. This study offers new insights into the contributions of Aquinas's doctrine to debates about eschatology, christology, providence, natural law, virtue, and creation's participation in the trinitarian life of God. It argues that Aquinas adapts the doctrine to support his pedagogical goal of guiding readers from the confession of faith to the wisdom of sacra doctrina. In turn, this demonstrates that Aquinas's reading of the divine ideas reinforces his understanding of the dynamic exchange between philosophical reasoning and theological inquiry.

Josef Pieper on the Spiritual Life Nathaniel A. Warne, 2023-03-15 Warne's original study provides an insightful analysis of the role of contemplation and creation in the thought of Josef Pieper, illustrating the importance of this practice to earthly happiness and human flourishing. What is the relationship between creation, contemplation, human flourishing, and moral development? Nathaniel Warne's *Josef Pieper on the Spiritual Life* offers a sophisticated answer to this question through a systematic analysis of philosopher Josef Pieper's 1904-1997 thought. Warne's examination centers on the role of contemplation and creation in Pieper's thinking, arguing that contemplation of the created order is a key feature of earthly happiness. By emphasizing the importance of contemplation, Pieper illustrates the deep interconnections between ethics, creation, and spirituality. For Warne, to posit a binary between the contemplative life and active life creates a false dichotomy. Following Pieper, Warne claims that theology and spirituality cannot be bracketed from ethics and social action; indeed, our lived experience in the world blurs the lines between these practices. Contemplation and action are closer together than are typically assumed, and they have important implications for both our spiritual development and our engagement with the world around us. Ultimately, Warne's emphasis on creation and contemplation represents an attempt to resist a view of ethics and the spiritual life that is divorced from our environment. In response to this view, Warne argues that we need a renewed sense that creation and place are important for self-understanding. Contemplation of creation is fundamentally a form of communion with God; we thus need a more robust sense of how ethics and politics are rooted in God's creative action. Taking Pieper as a guide, Warne's study helps to deepen our thinking about these connections.

Toward a Theology of Beauty John J. Navone, 1996 Catholic theology, philosophy, and spirituality have long taught that the joy of Christian contemplation is to delight in the splendor of the divine love for us in all things. John Navone explains that Happiness Itself, God, is forever knowing its truth and loving its goodness and delighting in its beauty. The gift of the beatific vision is communion with Happiness Itself.

At the Limits of Political Philosophy James V. Schall, 2010-04 James V. Schall presents in a convincing and articulate manner the revelational contribution to political philosophy, particularly that which comes out of the Roman Catholic tradition.

Roman Catholic Political Philosophy James V. Schall, 2006-08-01 In

Roman Catholic Political Philosophy author James V Schall tries to demonstrate that Roman Catholicism and political philosophy revelation and reason are not contradictory It is his contention that political philosophy the primary focus of the book asks certain questions about human purpose and destiny that it cannot by itself answer Revelation is the natural complement to these important questions about God human being and the world Schall manages to avoid polemicism or triumphalism as he shows that revelation and political thought contribute to a fuller understanding of each other

Metaphysics and Gender: The Normative Art of Nature and Its Human Imitations Michele Schumacher, 2023-03-07 The emergent science of transgenderism and related philosophies of gender propose a full scale inversion of the understanding of God man and the created order articulated in classical metaphysics undermining and parodying both the causality and ontology voiced by Genesis 1 27 God created man in His own image male and female He created them Whether through subversive performative identity or by surgical sex change the divinely made human person is now threatened with abolition and replacement by the self made man and the man made woman In Metaphysics and Gender Michele M Schumacher offers a corrective to this distorted and distorting outlook calling for the recovery of an anthropological vision rooted in recognition of the normative divine art of nature and of the likeness and far greater unlikeness between divine and human causality Surveying contemporary transgender trends Schumacher identifies and excavates their conceptual and ideological foundations in the gender theory of Judith Butler the existentialist feminism of Simone de Beauvoir and the atheistic existentialism of Jean Paul Sartre To the erroneous philosophical presuppositions of these thinkers Schumacher contrasts the metaphysically grounded thought of Aristotle and Thomas Aquinas advancing their positive account of the good of creation and of the meaning of ethical norms human freedom and natural inclinations and embodiment and mounting a timely and trenchant defense of the divinely created human person

Dogma And Preaching Joseph Ratzinger, 2012-03-06 This volume is an unabridged edition of Dogma and Preaching a work that appeared in a much reduced form in English in 1985 The new book contains twice as much material as first English edition Dogma for many people is a bad word For the well informed believer it shouldn t be Dogmas are truths revealed by God which should enlighten the minds guide the choices and gladden the hearts of Jesus disciples including pastors deacons and lay teachers But as Joseph Ratzinger Pope Benedict XVI notes in the foreword to this book The path from dogma to proclamation or preaching has become very troublesome Finding ways to relate the content of the Church s dogmas to everyday life can be challenging for today s preachers and teachers Some people find the task so daunting that they leave dogma out As a result they wind up presenting something other than the Church s faith and speak in their own name offering perhaps unwittingly merely their own subjective ideas rather than the Word of God In Dogma and Preaching the theologian and priest Joseph Ratzinger provides 1 a theory of preaching for today 2 application of this theory to some themes for preaching drawn from the Church s dogmas 3 meditations and sermons based on the liturgical year and the communion of saints and 4 some thoughts regarding the decade after the Second Vatican and

Christianity's seeming irrelevance Ratzinger insists that sound preaching should rest on three pillars Dogma Scripture and the Church Today the contemporary situation in which the Church finds herself He shows that the proper understanding of the Church her dogmas the nature of faith and the contemporary world allow the proclaimer believer to remain faithful to the Church's mission and life changing message **Leo Strauss and His Catholic Readers** Geoffrey M. Vaughan, 2018-05-11

This book looks at the work and influence of Leo Strauss in a variety of ways that will be of interest to readers of political philosophy It will be of particular interest to Catholics and scholars of other religious traditions Strauss had a great deal of interaction with his contemporary Catholic scholars and many of his students or their students teach or have taught at Catholic colleges and universities in America Leo Strauss and His Catholic Readers brings together work by scholars from two continents some of whom knew Strauss one of whom was his student at the University of Chicago The first section of essays considers Catholic responses to Strauss's project of recovering Classical natural right as against modern individual rights Some of the authors suggest that his approach can be a fruitful corrective to an uncritical reception of modern ideas Nevertheless most point out that the Catholic cannot accept all of Strauss's project The second section deals with areas of overlap between Strauss and Catholics Some of the chapters explore encounters with his contemporary scholars while others turn to more current concerns The final section approaches the theological political question itself a question central to both Strauss's work and that of the Catholic intellectual tradition This section of the book considers the relationship of Strauss's work to Christianity and Christian commitments at a broader level Because Christianity does not have an explicit political doctrine Christians have found themselves as rulers subjects and citizens in a variety of political regimes Leo Strauss's return to Platonic political philosophy can provide a useful lens through which his Catholic readers can assess what it means for there to be a best regime **Person-Centered Politics** Eamonn O'Higgins, 2024-04-09

What accounts for the widespread disillusionment with politics Person centered Politics suggests that politics today through its structures processes and institutions tends to presuppose and to impose a certain caricature of the human person that inhibits and frustrates a real sense of personal participation in an authentic common good of politics and society In 12 chapters that touch on fundamental themes of political philosophy Person centered Politics proposes the social and transcendent dimensions of personal existence and their application to the renewal of politics today The themes explore the commonly accepted assumptions of politics today and how a renewed understanding of the person can invigorate political discourse and action In Person centered Politics the author is in continuous dialogue with some of the major contemporary philosophers and thinkers such as Eric Voegelin David Walsh Robert Sokolowski Vaclav Havel Pierre Manent Peter Simpson and Joseph Ratzinger Benedict XVI Detailed footnotes in each chapter provide reference to further sources of enlightenment and research Person centered Politics proposes an outline for a renewed vision of politics that is centered on the truth of human existence and not a politics that distorts and suffocates the human spirit because in the words of E Voegelin the right order of the soul through

philosophy furnishes the standard for the right order of society and not the other way round **The Hermeneutics of Tradition** Craig Hovey, Cyrus P. Olsen, 2014-11-18 The Hermeneutics of Tradition presents the latest scholarship on tradition as a concept and reality in the development of Christian cultures One aim is to show that traditions are upheld communicated and developed within a recognizable set of interpretive guidelines or rules and that analysis of these sets both requires and reveals a hermeneutics of tradition The work of the authors included here presents the precarious integrity of traditions and the often tenuous hold upon those traditions exercised by the hermeneutics that drive dynamics of preservation and change As scholars and religious worshippers continue ancient traditions of receiving strangers with generous hospitality the coherence of tradition serves conversations about where our true differences lie *A Cosmopolitan Hermit* Bernard N Schumacher, 2009-09-07 A tribute to Josef Pieper hailed by many as one of the greatest Christian philosophers of the 20th century **Dogma and Preaching** Pope Benedict XVI, 2011-01-01 Presents philosophies for preaching as drawn from Church dogmas and stresses the three main principles of sound preaching dogma scripture and an understanding of the Church s contemporary situation *Faith & Reason* , 2003 *Reading Romans with St. Thomas Aquinas* Matthew Levering, Michael Dauphinais, 2012-04-16 St Thomas Aquinas produced his commentary on Romans near the end of his life while working on the Summa theologiae and commenting on Aristotle The doctrinal richness of Paul s letter to the Romans was well known to the church fathers including Origen and Augustine on whom Aquinas drew for his commentary With this rich collection of essays by leading scholars both Catholic and Protestant Aquinas s commentary will become a major resource for ecumenical biblical and theological discussion Authored by theologians historians and biblical scholars Reading Romans with St Thomas Aquinas contributes to a historical reconstruction of Aquinas s exegesis and theology by addressing such topics as the Holy Spirit the Church the faith of Abraham worship preaching justification sin and grace predestination Paul s apostolic vocation the Jewish people human sexuality the relationship of flesh and spirit in the human person the literal sense of Scripture Paul s use of the Old Testament and the relationship of Aquinas s commentary on Romans to his Summa theologiae This volume fits within the contemporary reappropriation of St Thomas Aquinas which emphasizes his use of Scripture and the teachings of the church fathers without neglecting his philosophical insight Contributors Bernhard Blankenhorn Markus Bockmuehl Hans Boersma John F Boyle Edgardo Col n Emeric Holly Taylor Coolman Adam Cooper Michael Dauphinais Gilles Emery Scott W Hahn John A Kincaid Mary Healy Matthew Levering Bruce Marshall Charles Raith II Geoffrey Wainwright Michael Waldstein and Robert Louis Wilken ABOUT THE EDITORS Matthew Levering is professor of theology at the University of Dayton Michael Dauphinais is academic dean and associate professor of theology at Ave Maria University Each has authored or edited numerous works together they have written Holy People Holy Land A Theological Introduction to the Bible and edited Reading John with St Thomas Aquinas Theological Exegesis and Speculative Theology
