Houck, 2015-04-15 Professional Issues in Forensic Science will introduce students to various topics they will encounter within the field of Forensic Science Legal implications within the field will focus on expert witness testimony and procedural rules defined by both legislative statute and court decisions These decisions affect the collection analysis and court admissibility of scientific evidence such as the Frye and Daubert standards and the Federal Rules of Evidence Existing and pending Forensic Science legislation will be covered including laws governing state and national DNA databases Ethical concerns stemming from the day to day balancing of competing priorities encountered by the forensic student will be discussed Such competing priorities may cause conflicts between good scientific practice and the need to expedite work meet legal requirements and satisfy client s wishes The role of individual morality in Forensic Science and competing ethical standards between state and defense experts will be addressed Examinations of ethical guidelines issued by various professional forensic organizations will be conducted Students will be presented with examples of ethical dilemmas for comment and resolution The management of crime laboratories will provide discussion on quality assurance quality control practices and the standards required by the accreditation of laboratories and those proposed by Scientific Working Groups in Forensic Science The national Academy of Sciences report on Strengthening Forensic Science will be examined to determine the impact of the field Professional Issues in Forensic Science is a core topic taught in forensic science programs This volume will be an essential advanced text for academics and an excellent reference for the newly practicing forensic scientist It will also fit strategically and cluster well with our other forensic science titles addressing professional issues Introduces readers to various topics they will encounter within the field of Forensic Science Covers legal issues accreditation and certification proper analysis education and training and management issues Includes a section on professional organizations and groups both in the U S and Internationally Incorporates effective pedagogy key terms review questions discussion question and additional reading suggestions

Expert Judgement in Risk and Decision Analysis Anca M. Hanea, Gabriela F. Nane, Tim Bedford, Simon French, 2021-02-19 This book pulls together many perspectives on the theory methods and practice of drawing judgments from panels of experts in assessing risks and making decisions in complex circumstances The book is divided into four parts

Structured Expert Judgment SEJ current research fronts the contributions of Roger Cooke and the Classical Model he developed process procedures and education and applications After an Introduction by the Editors the first part presents chapters on expert elicitation of parameters of multinomial models the advantages of using performance weighting by advancing the random expert hypothesis expert elicitation for specific graphical models modelling dependencies between experts assessments within a Bayesian framework preventive maintenance optimization in a Bayesian framework eliciting life time distributions to parametrize a Dirichlet process and on an adversarial risk analysis approach for structured expert judgment studies The second part includes Roger Cooke s oration from 1995 on taking up his chair at Delft University of Technology one of the editors reflections on the early decade of the Classical Model development and use a current overview of the theory of the Classical Model providing a deep and comprehensive perspective on its foundations and its application and an interview with Roger Cooke The third part starts with an interview with Professor Dame Anne Glover who served as the Chief Scientific Advisor to the President of the European Commission It then presents chapters on the characteristics of good elicitations by reviewing those advocated and applied the design and development of a training course for SEJ and on specific experiences with SEJ protocols with the intention of presenting the challenges and insights collected during these journeys Finally the fourth and largest part begins with some reflections from Willy Aspinall on his many experiences in applying the Classical Model in several application domains it continues with related reflections on imperfect elicitations and then it presents chapters with applications on medicines policy and management supply chain cyber risk management geo political risks terrorism and the risks facing businesses looking to internationalise

The Valuation Problem in Public Utilities Regulation ... Lawyers Co-operative Publishing Company,1914 [A Commentary on the Law of Evidence in Civil Issues](#) Francis Wharton,2024-06-27 Reprint of the original first published in 1877 *The Construction of Preference* Sarah Lichtenstein,Paul Slovic,2006-08-28 One of the main themes that has emerged from behavioral decision research during the past three decades is the view that people s preferences are often constructed in the process of elicitation This idea is derived from studies demonstrating that normatively equivalent methods of elicitation e g choice and pricing give rise to systematically different responses These preference reversals violate the principle of procedure invariance that is fundamental to all theories of rational choice If different elicitation procedures produce different orderings of options how can preferences be defined and in what sense do they exist This book shows not only the historical roots of preference construction but also the blossoming of the concept within psychology law marketing philosophy environmental policy and economics Decision making is now understood to be a highly contingent form of information processing sensitive to task complexity time pressure response mode framing reference points and other contextual factors

Contemporary and Emerging Issues on the Law of Damages and Valuation in International Investment Arbitration Christina L. Beharry,2018-04-03 Damages and other forms of redress are the object of nearly every international investment dispute

Given the financial stakes in these cases compensation is a key concern for both foreign investors and States The increasingly large sums awarded and the growing complexity of claims call for a renewed analysis of legal and valuation concepts related to damages Contemporary and Emerging Issues on the Law of Damages and Valuation in International Investment Arbitration edited by Christina L Beharry examines a broad range of damages topics building on basic principles and surveying current developments to identify trends in the jurisprudence A central contribution of this book is its exploration of cutting edge issues dominating a new generation of investment awards and the interconnectedness of damages with other areas of international investment law This volume brings together leading practitioners experts and academics with extensive experience working on issues related to the law of damages and the quantification of compensation Readers are provided with a deeper understanding of legal and valuation principles that are often the source of intense debate in international investment cases

Role of immersive media in public understanding of socio scientific issues (SSIs)

Fahad Asmi,Rongting Zhou,Darren Mundy,Xuesong Zhai,Muhammad Azfar Anwar,2023-03-24

Contemporary Issues in Sports Marketing Argyro Elisavet Manoli,2025-02-12 This book explores key and topical issues that are emerging in the field of sport marketing while calling for further attention to the thriving sports industry Marketing was one of the first topics to attract sport academics attention based on its close relationship with revenue generating activities for example ticket and merchandise sales and television coverage Soon after sport marketing begun to be appreciated no longer as a mere commercial tool but instead as a wider umbrella of promotional elements that encapsulates aspects such as commercial sponsorship advertising and publicity while centring on the fans and the engagement with them Recent developments in technology such as the creation and adoption of new and social media have also attracted sport marketing s attention with ample literature exploring this new hybrid element of the marketing communication mix and how it is utilized within the sport ecosystem This book will be relevant to scholars practitioners and students interested in the evolving strategies of sport marketing and the impact of technological advancements on fan engagement and industry practices The chapters in this book were originally published as a special issue of Journal of Strategic Marketing

Critical Issues in Tourism Co-Creation Giang Thi Phi,Dianne Dredge,2021-07-05 Co creation is fast becoming a buzz word in tourism Traditional approaches to value creation in tourism suggest that operators and suppliers produce goods and services which are consumed by tourists The value produced is usually measured in economic terms Co creation challenges these assumptions arguing that tourism producers and consumers co create value together and that this value is more diverse than just economic value Technologies underpinning social media ratings and review tools and e commerce are facilitating the creation of diverse values and have been responsible for driving innovation in for example new business models such as the collaborative economy Social environmental emotional reputational and other kinds of value may also be produced and a wide range of stakeholders not just producers or consumers might also benefit from the value co creation process This edited volume seeks to go beyond the

dominant business management marketing perspectives that focus on the co creation of market value and innovation to excavate complex and critical episodes of co creation in tourism By engaging authors from both the academy and beyond it explores the rich historical lineage of co creation and its contemporary practices The chapters in this book were originally published in *Tourism Recreation Research* **Decennial Edition of the American Digest** ,1919 Noncash Benefits United States. General Accounting Office,1987 *Investigating the Impact of Current Issues on Leisure, Tourism, and Hospitality in Psychological Science* Anestis Fotiadis,Tzung-Cheng Huan,Chris A. Vassiliadis,2021-01-13 *The Oxford Handbook of Philosophy of Political Science* Harold Kincaid,Jeroen Van Bouwel,2023 The Oxford Handbook of Philosophy of Political Science brings together philosophers of science and political scientists to discuss philosophical issues in political science The book offers twenty seven essays on how to do research in political science the purposes and use of political science in society as well as how to evaluate claims made by political scientists Strategic Issues Management Robert L. Heath,Michael J. Palenchar,2008-09-23 Strategic Issues Management explores the strategic planning options that organizations can employ to address crucial public policy issues engage in collaborative decision making get the organization s house in order engage in tough defense and smart offense and monitor opinion changes that affect public policy In this fully updated Second Edition authors Robert L Heath and Michael J Palenchar offer practical actionable guidance that readers can apply to organizations from large Fortune 500 companies to nongovernmental organizations and start up high tech companies **Ethical Reasoning for Mental Health Professionals** Gary G. Ford,2006-01-13 Ethical Reasoning for Mental Health Professionals addresses a fundamental need of ethics training in psychology and counseling the development of reasoning skills to resolve the complex professional ethical issues that arise Author Gary G Ford provides readers with a background in ethical reasoning and introduces them to an easy to follow eight step model of ethical decision making Strategies of Expertise in Technical Controversies Frederick Frankena,1992 This work discusses the development of wood for electric power in response to the energy crisis Frankena studies the role and impact of technical expertise using an in depth case study and a comparative review of wood fired power plant controversies in the United States **Automation Challenges of Socio-technical Systems** Frederic Vanderhaegen,Choubeila Maaoui,Mohamed Sallak,Denis Berdjag,2019-07-10 The challenges of automating socio technical systems are strongly linked to the strengths and limitations of technical and human resources such as perceptual characteristics cooperative capacities job sharing arrangements modeling of human behavior and the contribution of innovative design approaches Automation Challenges of Socio technical Systems exposes the difficulties in implementing and sustaining symbiosis between humans and machines in both the short and long terms Furthermore it presents innovative solutions for achieving such symbiosis drawing on skills from cognitive sciences engineering sciences and the social sciences It is aimed at researchers academics and engineers in these fields *A Brief for the Trial of Civil Issues Before a Jury* Austin Abbott,1900
