Racism And Political Action In Britain:

Racism and Political Action in Britain R. Miles, Annie Phizacklea, Social Science Research Council (Great Britain). Research Unit on Ethnic Relations, 1979 **Black Politics and Urban Crisis in Britain** Brian D. Jacobs, 1986-06-19 This book considers the nature of the black constituency in Britain's inner cities **The Changing Pattern of Black Politics in Britain** Kalbir Shukra, 1998 A look at the politics of race in Britain over the last 50 years **Race, Government and Politics in Britain** Zig Layton-Henry, Paul B. Rich, 2016-07-27 **Political Languages of Race and the Politics of Exclusion** Andy R. Brown, 2018-08-16 First published in 1999 Political Languages of Race and the Politics of Exclusion examines the post race signification logic of languages used to promote and achieve the exclusion and stigmatisation of migrant groups within post war Britain Re examining the time of Smethwick and Powellism as well as extensive Parliamentary debates this book develops an original thesis to show how Backbench racism became legitimated as Frontbench commonsense The book argues that the achievement of the success of post war Parliamentary racism has been made possible by the development of a ubiquitously anecdotal narrative of the travails of the Forgotten Englishman awoken to a multi cultural nightmare in Britain's decaying inner cities While the concept of race has remained under erasure the logic of post race signification discourse has allowed the re making of racism in public Britain *The Making of the Black Working Class in Britain* Ron Ramdin, 2017-08-22 A classic history of the role of Black working class struggles throughout the twentieth century In this pioneering history Ron Ramdin traces the roots of Britain's disadvantaged black working class From the development of a small black presence in the sixteenth century through the colonial labour institutions of slavery indentureship and trade unionism Ramdin expertly guides us through the stages of creation for a UK minority whose origins are often overlooked He examines the emergence of a black radical ideology underpinning twentieth century struggles against unemployment racial attacks and workplace inequality and delves into the murky realms of employer and trade union racism First published in 1987 this revised edition includes a new introduction reflecting on events over the past four decades **Race and Politics in Britain** Shamit Saggar, 1992 This work covers the issues of race and politics in contemporary British society providing an analysis of the historical background to race and politics a profile of Britain's ethnic minorities coverage of the problems of a multi racial society an examination of race and party politics and urban political change and a treatment of minority politics and race and policy making British Fascism Kenneth Lunn, Richard C. Thurlow, 2015-10-16 The continuing interest in the history ideas structure and development of fascism in Britain in the twentieth century appears to show little sign of diminishing This collection of essays first published in 1980 deals in some depth with new evidence and interpretations of the phenomenon of British fascism and provides a reassessment of some of the major issues that have caused controversy examines the diverse nature of British fascism and suggests areas which need further research The early essays identify certain elements of British fascism particularly anti semitism which produced the

ideology of the inter war organisations calling themselves fascist Stress is laid on the British roots rather than the European influences of Italy or Germany and the book also considers the Imperial Fascist League a competitor of the British Union of Fascists in the 1930s The second section of the book deals with particular aspects of the BUF Considering its ideology and tactics there are studies of anti semitism economic thought and the public order question Presenting new research and fresh interpretations of existing material this important volume considers many of the crucial and unanswered questions surrounding British fascism

Black and Ethnic Leaderships Pnina Werbner, 2009 First published in 2004 Routledge is an imprint of Taylor Francis an informa company

Race and Labour in Twentieth-Century Britain Kenneth Lunn, 2019-08-16 This collection of essays was put together with a view to furthering the study of the history of immigration into Britain Naturally enough a good deal of attention in recent years has been directed at race relations in Britain from the 1960s onwards As Peter Fryer s study *Staying Power* 1984 has shown there is a rich and important history of black settlement before these years and its significance in shaping responses towards more recent migrants has still to be adequately evaluated We are constantly being reminded of the legacy of empire and its importance in terms of influencing current policy and attitudes

Right-Wing Populism in Europe Ruth Wodak, Brigitte Mral, Majid KhosraviNik, 2013-05-23 This volume offers a comparative survey of Far Right parties across Europe examining in particular their changing political rhetoric The contributors look at the development of two distinct forms of party development and discourse The Haiderization and The Berlusconi model

Race and riots in Thatcher's Britain Simon Peplow, 2019-02-05 This powerful and original book locates the anti police violence that spread across England in 1980 1 within a longer struggle against racism and disadvantage faced by black Britons which had seen a growth in more militant forms of resistance since the Second World War It explains these disturbances as collective bargaining by riot attempts to increase political inclusion by this marginalised group Through case studies of Bristol Brixton and Manchester the book explores the actions of community organisations in the aftermath of disorders Highlighting the political activities of black Britons and the often problematic reliance upon official sources when forming historical narratives it demonstrates the contested value awarded to public inquiries contrastingly viewed by black Britons as either a method for increased political participation or simply a governmental diversionary tactic

[The Palgrave Handbook of Sociology in Britain](#) J. Holmwood, J. Scott, 2014-07-18 Leading sociologists outline the historical development of the discipline in Britain and document its continuing influence in this essential and comprehensive reference work Spanning the Scottish enlightenment of the 18th century to the present day this Handbook maps the discipline and the British contribution

Refugees in Twentieth-Century Britain Becky Taylor, 2021-05-13 This timely history explores the entry reception and resettlement of refugees across twentieth century Britain Focusing on four cohorts of refugees Jewish and other refugees from Nazism Hungarians in 1956 Ugandan Asians expelled by Idi Amin and Vietnamese boat people who arrived in the wake of the fall of Saigon Becky Taylor deftly integrates

refugee history with key themes in the history of modern Britain She thus demonstrates how refugees experiences rather than being marginal were emblematic of some of the principal developments in British society Arguing that Britain s reception of refugees was rarely motivated by humanitarianism this book reveals the role of Britain s international preoccupations anxieties and sense of identity and how refugees reception was shaped by voluntary efforts and the changing nature of the welfare state Based on rich archival sources this study offers a compelling new perspective on changing ideas of Britishness and the place of outsiders in modern Britain Race, Politics and Social Change Les Back,John Solomos,2002-01-31 Drawing on a wealth of original sources this book explores the changing contours of the politics of race in the present social and political environment This will appeal to students of British politics and society *A Bibliography of British History, 1914-1989* Keith Robbins,American Historical Association,Royal Historical Society (Great Britain),1996 Containing over 25 000 entries this unique volume will be absolutely indispensable for all those with an interest in Britain in the twentieth century Accessibly arranged by theme with helpful introductions to each chapter a huge range of topics is covered There is a comprehensive index *Race, Discourse and Labourism* Caroline Knowles,2005-07-25 Race Discourse and Labourism argues that the commonwealth of socialism is founded upon a well concealed history of brutality and repression Caroline Knowles details the historical conditions of the emergence of race through Labour s dealings with Indian independence negotiations and anti semitism in the thirties and the effects of this on the conceptions of black citizenship multi racialism and black representation in labour politics **The Unfinished Politics of Race** Les Back,Michael Keith,Kalbir Shukra,John Solomos,2022-12-01 The Unfinished Politics of Race argues that the past few decades have seen important transformations in the politics of race Contending that existing accounts have focused narrowly on the mainstream political sphere this study argues that there is a need to explore the role of race more widely By exploring the mainstream as well as transitional and alternative spheres of political mobilisation the authors stress the need to link the analysis of both local and national processes in order to make sense of the changing contours of racialised politics The underlying concern of this study is to outline both a theoretical frame for an analysis of racial politics and detailed empirical accounts of different arenas of political mobilisation By exploring the unfinished politics of race this study provides a timely reminder that the position of racial and ethnic minorities in political institutions remains deeply contested **Radicalism, Anti-Racism and Representation** Alastair Bonnett,2023-02-14 First published in 1993 Radicalism Anti Racism and Representation is a study set within a wider political context for the discussion of racial representation and anti racism The second half of the book is devoted to interview based exploration of the ambiguities and political characteristics of race equality consciousness amongst public educators It is shown that there is no one anti racism Different ideals and assumptions have been arrived at within different historical and geographical contexts It is suggested that this intellectual plurality provides a resource for those wishing to rethink anti racism in the light of its contemporary malaise The study also explores and explains the

development of self critical reflexive anti racist and radical consciousness amongst educators The book provides the first sociological study of anti racism Indeed it is the first to provide a substantive critique of anti racism from outside the New Right It is also the first to look at this phenomenon geographically and to compare anti racism in multiracial and white areas This book will be of interest to students of human geography sociology history ethnic studies and race studies British Sources of Information P. Jackson, 2003-09-02 This comprehensive and versatile reference source will be a most important tool for anyone wishing to seek out information on virtually any aspect of British affairs life and culture The resources of a detailed bibliography directory and journals listing are combined in this single volume forming a unique guide to a multitude of diverse topics British politics government society literature thought arts economics history and geography Academic subjects as taught in British colleges and universities are covered with extensive reading lists of books and journals and sources of information for each discipline making this an invaluable manual
