Therefore, there is a need to focus on the models and key concepts of human resource management and internal marketing and in what way they contribute to organizational success. It involves motivation, internal market research, internal communication, internal segmentation, employee retention, inter-functional coordination, and internal branding. The current need for human resource management is to link human resource management and marketing practices, which are called internal marketing. Internal marketing plays an eminent role in organizational success. This book helps students, practitioners, start-ups, and educationists.

This is a research monograph that will assist an organization to decide the future of human resource management as well as organizational development. This book is for marketing as well as human resource discipline as internal marketing is the integration of marketing and human resource management. Due to new technology, globalization and liberalization, market need and demand are also changing; thus, it is necessary to understand new trends in the application of human resources. Therefore, it is necessary to motivate and satisfy internal customers and make them market and skill oriented. The SAGE Handbook of Marketing Theory Pauline Maclaran, 2009-12-22. This exciting new Handbook brings together the latest in debates concerning the development of marketing theory featuring original contributions from a selection of leading international authors. The collection aims to give greater conceptual cohesion to the field by drawing together the many disparate perspectives and presenting them in one volume. The contributors are all leading international scholars chosen to represent the intellectual diversity within marketing theory. *Harnessing the Power of Social Media and Web Analytics* Ayanso, Anteneh, Lertwachara, Kaveepan, 2014-02-28. Social media has opened several new marketing channels to assist in business visibility as well as provide real time customer feedback. With the emergence of new internet technologies, businesses are increasingly recognizing the value of social media and web presence in the promotion of their products and services. *Harnessing the Power of Social Media and Web Analytics* documents high quality research to empower businesses to derive intelligence from social media sites.
