## **Remember Me To Harlem The Letters Of Langston Hughes And Carl Van Vechten 1925 1964:**

*Remember Me to Harlem* Langston Hughes, Carl Van Vechten, 2002-02-05 Langston Hughes is widely remembered as a celebrated star of the Harlem Renaissance a writer whose bluesy lyrical poems and novels still have broad appeal What's less well known about Hughes is that for much of his life he maintained a friendship with Carl Van Vechten a flamboyant white critic writer and photographer whose ardent support of black artists was peerless Despite their differences Van Vechten was forty four to Hughes twenty two when they met Hughes and Van Vechten's shared interest in black culture led to a deeply felt if unconventional friendship that would span some forty years Between them they knew everyone from Zora Neale Hurston to Richard Wright and their letters lovingly and expertly collected here for the first time are filled with gossip about the antics of the great and the forgotten as well as with talk that ranged from race relations to blues lyrics to the nightspots of Harlem which they both loved to prowl It's a correspondence that as Emily Bernard notes in her introduction provides an unusual record of entertainment politics and culture as seen through the eyes of two fascinating and irreverent men *The Collected Works of Langston Hughes, Volume 14, Autobiography: "I Wonder As I Wander."* Edited with an Introduction by Joseph McLaren , *What is African American Literature?* Margo N. Crawford, 2021-01-27 After Kenneth W Warren's *What Was African American Literature* Margo N Crawford delivers *What is African American Literature* The idea of African American literature may be much more than literature written by authors who identify as Black What is African American Literature focuses on feeling as form in order to show that African American literature is an archive of feelings a tradition of the tension between uncontainable black affect and rigid historical structure Margo N Crawford argues that textual production of affect such as blush vibration shiver twitch and wink reveals that African American literature keeps reimagining a black collective nervous system Crawford foregrounds the idea of African American literature and uncovers the black feeling world co created by writers and readers Rejecting the notion that there are no formal lines separating African American literature and a broader American literary tradition Crawford contends that the distinguishing feature of African American literature is a moodscape that is as stable as electricity Presenting a fresh perspective on the affective atmosphere of African American literature this compelling text frames central questions around the idea of African American literature shows the limits of historicism in explaining the mood of African American literature and addresses textual production in the creation of the African American literary tradition Part of the acclaimed Wiley Blackwell Manifestos series *What is African American Literature* is a significant addition to scholarship in the field Professors and students of American literature African American literature and Black Studies will find this book an invaluable source of fresh perspectives and new insights on America's black literary tradition **Butterfly McQueen Remembered** Stephen Bourne, 2008 From her memorable role in *Gone With the Wind* to her last big screen appearance opposite Harrison Ford in *The Mosquito Coast* the details of McQueen's life are captured in this book *A Historical Guide to Langston Hughes* Steven Carl Tracy, 2004

Langston Hughes has been an inspiration to generations of readers and writers seeking a passionate and socially responsible art. In this text, Steven Tracy has gathered a range of critics to produce an interdisciplinary approach to the historical and cultural elements reflected in Hughes's work.

ASALH.

During the first half of the twentieth century, a group of collectors and creators dedicated themselves to documenting the history of African American life. At a time when dominant institutions cast doubt on the value or even the idea of Black history, these bibliophiles, scrapbookers, and librarians created an enduring set of African diasporic archives. In building these institutions and amassing abundant archival material, they also reshaped Black public culture, animating inquiry into the nature and meaning of Black history. *Scattered and Fugitive Things* tells the stories of these Black collectors traveling from the parlors of the urban north to HBCU reading rooms and branch libraries in the Jim Crow South. Laura E. Helton chronicles the work of six key figures: bibliophile Arturo Schomburg, scrapbook maker Alexander Gumby, librarians Virginia Lee and Vivian Harsh, curator Dorothy Porter, and historian L. D. Reddick. Drawing on overlooked sources such as book lists and card catalogs, she reveals the risks collectors took to create Black archives. This book also explores the social life of collecting, highlighting the communities that used these collections from the South Side of Chicago to Roanoke, Virginia. In each case, Helton argues, archiving was alive in the present, a site of intellectual experiment, creative abundance, and political possibility. Offering new ways to understand Black intellectual and literary history, *Scattered and Fugitive Things* reveals Black collecting as a radical critical tradition that reimagines past, present, and future.

*The Oxford Encyclopedia of African Thought* Abiola Irele, 2010. From St. Augustine and early Ethiopian philosophers to the anti-colonialist movements of Pan-Africanism and Negritude, this encyclopedia offers a comprehensive view of African thought, covering the intellectual tradition both on the continent in its entirety and throughout the African Diaspora in the Americas and in Europe. The term African thought has been interpreted in the broadest sense to embrace all those forms of discourse, philosophy, political thought, religion, literature, important social movements that contribute to the formulation of a distinctive vision of the world determined by or derived from the African experience. The Encyclopedia is a large-scale work of 350 entries covering major topics involved in the development of African Thought, including historical figures and important social

movements producing a collection that is an essential resource for teaching an invaluable companion to independent research and a solid guide for further study
