Riders Towards The Dawn From Holocaust To Hope:

Pope Pius XII and the Holocaust Carol Rittner, John K. Roth, 2016-10-06 This collaborative effort by a number of the world's leading experts on the Holocaust examines the question how should Vatican policies during World War II be understood Specifically could Pope Pius XII have curbed the Holocaust by vigorously condemning the Nazi killing of Jews Was Pius XII really Hitler's Pope as John Cornwell suggested Or has he unfairly become a scapegoat when he is really deserving of canonization as a saint In *Pope Pius XII and the Holocaust* scholars including Michael Marrus Michael Phayer Richard L Rubenstein and Susan Zuccotti wrestle with these questions The book has four main themes 1 Pope Pius XII must be understood in his particular historical context 2 Pope Pius XII put the well being of the Roman Catholic Church as he understood it first and foremost 3 In retrospect Pope Pius XII's priorities understandable though they are not only make him a problematic Christian leader but also raise important questions about post Holocaust Christian identity 4 Jewish and Christian memories of the Holocaust will remain different but reconciliation can continue to grow On all sides relations between Christians and Jews can be improved by an honest engagement with history and by continuing reflection on what post Holocaust Christian and Jewish identities ought and ought not to mean *The Holocaust* Linda S Katz, 2014-02-04 Comprised of a wide breadth of scholarly materials and diverse articulations The Holocaust Memories Research Reference will help you guide others in Holocaust research and show you how you can avoid contributing to the popularization and trivialization of the Holocaust You'll find in it poems by the prolific American poet Lyn Lifshin an essay by Arnost Lustig work by Roselle Chartock commentary by Howard Israel on the controversial Pernkopf Atlas writing on the historian's role by Michael Marrus a top Holocaust scholar and views on linguistic distortions by Sanford Berman the well known cataloger In addition you'll read about the U S Memorial Holocaust Museum preparing a Holocaust unit for high school students incorporating contemporary Holocaust articles into Holocaust study Holocaust webliographies comparative genocide studies and the future of Holocaust research Holocaust denial literature Holocaust reference work in its preferred form doesn't substitute method empiricism and quantification for substance emotion and qualitative discussion This form is captured and preserved for the benefit of future survivors and scholars in The Holocaust Memories Research Reference Informed by years of experience and suffering it will take you and your library visitors to the heart of research and allow you to re search the human heart *Teaching and Studying the Holocaust* Samuel Totten, Stephen Feinberg, 2009-11-01 Originally Published in 2000 by Allyn Ida E King Distinguished Visitor Professor of Holocaust Studies Richard Stockton College and Former Director of Research at the United States Holocaust Memorial Museum There are many scholars who are wont to criticize the teaching of the Holocaust Many journalists critique what they regard as kitsch or trendiness All critics of contemporary Holocaust education would do well to read this book One cannot fail to be impressed by the quality of its learning and the seriousness of its purpose It is a wonderful place for teachers to turn as they contemplate teaching the Holocaust an open

Children of Job Alan L. Berger, 2012-02-01
Focusing on the novels and films of daughters and sons of Holocaust survivors this book sheds light on the relationship between the Holocaust and contemporary Jewish identity It is the first systematic analysis of a body of work that introduces a new generation of Jewish writers and filmmakers as well as revealing how the survivors legacy is shaping and being shaped by the second generation Carefully studying the work of these contemporary children of Job Berger demonstrates how the offspring like the survivors themselves represent a variety of orientations to Judaism have significant theological differences and share the legacy of the Shoah Berger clearly shows that members of the second generation participate fully in both the American and Jewish dimensions of their identity and articulates distinctive second generation theological and psychosocial themes

German Literature Between Faiths Peter Meister, 2004 Religion is a central concern of German literature in all centuries and the canon looks different when this perspective is acknowledged For example Goethe s fascination with evil is difficult to disentangle from the Holocaust Moses Mendelssohn is as profound as the playwright who portrayed him and Princess Sabbath deserves to be numbered among Heine s more enchanting lyrics This essay collection posits and tests the hypothesis that German literature at its best is often an expression or investigation of Judaism or Christianity at their best but that the best German literature is not always the best known and vice versa Asking whether the New Testament is anti
