## **Rise Of The Chinese Republic From The Last Emperor To Deng Xiaoping:**

**The Rise Of The Chinese Republic** Edwin P. Hoyt, 1991-03-21 The Rise of the Chinese Republic describes the history of the Chinese people's revolutionary movement from the corrupt and decadent Qing dynasty to the events of Tiananmen Square. In this book Hoyt argues that the 1949 Communist revolution was a natural outgrowth of seeds of rebellion planted in the 1800s and watered for decades by domestic injustice and misguided foreign interference. He also sheds new light on the Opium Wars, the Boxer Rebellion, and the Sun Yatsen republic. He probes China's chronic disputes with Japan and the Soviet Union, Chiang Kaishek's duel with the rising communists, and the Korean War. He also provides updated appraisal of the Mao years, the failure of Marxism, and the student uprisings of the late 1980s. [The Rise of the Chinese Republic](#) Edwin Palmer Hoyt, 1991

**The Complete Idiot's Guide to Modern China** Vanessa Lide Whitcomb, Michael Benson, 2002-09-01 This work provides an informative guide to the roots of modern China. It also looks at the key challenges and opportunities that face China in the 21st century. **The Rise of the Chinese Republic** Edwin Palmer Hoyt, 1989

*A History of Chinese Civilization* Jacques Gernet, 1996-05-31 When published in 1982, this translation of Professor Jacques Gernet's masterly survey of the history and culture of China was immediately welcomed by critics and readers. This revised and updated edition makes it more useful for students and for the general reader concerned with the broad sweep of China's past.

**The China-Burma-India Campaign, 1931-1945** Eugene L. Rasor, 1998-03-19 The China Burma India campaign of the Asian Pacific war of World War II was the most complex if not the most controversial theater of the entire war. Guerrilla warfare, commando and special intelligence operations, and air tactics originated here. The literature is extensive, and this book provides an evaluative survey of that vast literature. A comprehensive compilation of some 1,500 titles, the work includes a narrative historiographical overview and an annotated bibliography of the titles covered in the historiographical section. Following an introductory historical essay and a chronology, the historiographical narrative covers land, water, underwater, air, and combined operations, intelligence matters, diplomacy, and logistics and supply. It also examines the memoirs, diaries, autobiographies, and biographies of the personnel involved. Such cultural topics as journalism, fiction, film, and art are analyzed, and existing gaps in the literature are looked at. The bibliography provides both descriptive and evaluative annotations.

**Dictionary of Contemporary Chinese Military History** Larry M. Wortzel, 1999-09-30 Tracking the evolution of the Red Army through the war against Japan and the Chinese civil war, Wortzel's book provides a comprehensive basic reference focusing on the major events, people, and issues that have produced the historical legacy of the People's Liberation Army. Placing contemporary Chinese military history in the context of China's 19th-century clashes with the West and Japan, Wortzel illustrates how the imposition of unequal treaties by foreign powers conditioned China's 20th-century defense forces and actions, and explains how the Communist military forces developed. It also shows how fractionalization in the Communist military leadership led to the Cultural Revolution and Mao Zedong's purges. Drawing on a substantial number of sources,

available only in Chinese as well as on English language secondary sources the book provides a basic reference aimed at orienting the nonspecialist to the significant events and people in China's recent military history The book will also provide a quick reference for the specialist in Chinese history *Flexibility, Foresight and Fortuna in Taiwan's Development* Steve Chan, Cal Clark, 2013-05-13 Using the developmental history of Taiwan as a starting point *Flexibility Foresight and Fortuna* critically examines several prevalent formulations of domestic development and international economy The authors examine Taiwan's policy performance from in turn the developmental the dependency the statist and the trade off perspectives on political economy They reject these approaches in favour of the key ideas of flexibility foresight and fortuna as an explanation of Taiwan's relatively unusual success in achieving domestic development and upward mobility in the international system

**Malaysia's Defeat of Armed Communism** Ong Weichong, 2014-10-03 The Malayan Communist Party's MCP decisive defeat in 1960 led many academics and Counterinsurgency COIN experts to overlook the resurrection of its armed struggle in 1968 Most scholars continue to regard the so called Second Emergency in Malaysia 1968 1989 as a non event and most of the recently published work on the MCP tends to focus on the earlier Malayan Emergency 1948 1960 This book looks at the Second Emergency through recently released archival material from the National Archives in London the National Australian Archives and the Australian War Memorial as well as interviews with military and diplomatic officers from the UK and Thailand It presents the first serious strategic and operational study of the Second Emergency and analyses three areas of historical significance the CPM's strategy for armed struggle in the Second Emergency the actual effectiveness of the CPM's subversive propaganda on its target population and most importantly the counterinsurgency COIN response and strategy of the Malaysian state and to a lesser extent the counter subversion strategy of Singapore in the post colonial era **Sun**

**Yat-Sen and Three Notable Chinese Characteristics within the Chinese Constitutions** David KC Huang, 2019-08-01 Master's Thesis from the year 2009 in the subject Law Public Law Constitutional Law Basic Rights grade Pass Original version Queen Mary University of London course LL M Public Law language English abstract Chinese characteristics has become a term commonly used to explain why China is different from the rest of the world However it has raised the question of whether China really is so different In the field of constitutionalism Sun Yat Sen was the first Chinese politician who embraced Chinese characteristics and constructed the world's first theory of democracy with Chinese characteristics in the early twentieth century His theory thus enlightens us on the question of whether China really is so different Sun Yat Sen's theory of democracy consists of three notable Chinese characteristics the pentapartite separation of powers system direct democracy with an institutional arrangement of representation and the constitutional single party system However all of these Chinese characteristics are rooted in Sun Yat Sen's misunderstanding of Western democracy It is even more troubling that the incompetent amendments made by Sun Yat Sen who was a physician not only failed to democratise China but also produced a permanent dictatorship in China In addition his allegation that China is different from the rest of the world is not

substantiated by logic any amendment which is based upon a misunderstanding of the original concept is logically false regardless of who is the originator of the amendment

**China's Drug Practices and Policies** Hong Lu, Terance D. Miethe, Bin Liang, 2016-05-23 In the context of global efforts to control the production distribution and use of narcotic drugs China's treatment of the problem provides an important means of understanding the social political and economic limits of national and international policies to regulate drug practices In the nineteenth and early twentieth centuries China was known for its national addiction to opium but its drug eradication campaigns from the 1950s to the 1970s achieved unprecedented success that ultimately transformed China into a drug free society However since the economic reforms and open door policy of the late twentieth century China is now facing a re emergence of the production use and trafficking of narcotic drugs Employing case studies and a comparative historical approach and drawing on a variety of data sources including historical records official crime data only recently made available and news reports this book is the first English language publication to provide such a comprehensive documentation and analysis of the nature of China's legal regulation of controlled substances The authors also offer theoretical approaches for studying drug regulation aspects of drug consumption cultures the socio political treatment of drugs during various historical periods and ongoing efforts to legislate drug trade criminalize drug use and manage the drug addict population within national and international contexts

**The Presidency and the Middle Kingdom** Michael P. Riccards, 2000-01-01 In this book Michael Riccards renowned scholar of the American presidency focuses his study on the vagaries of presidential leadership between nations Tracing the history of the often difficult and contentious diplomatic relations between the United States and China Riccards describes and analyzes various meetings and interactions He concludes that war and trade necessities intimately bound the histories of both nations often in spite of their individual rhetoric and initiatives Students and scholars whose focus is the points of contact between U S and Asian history will find this book essential reading

*Adaptation And Transformation In Communist And Post-communist Systems* Sabrina Petra Ramet, 2019-03-04 This book tackles different aspects of the adaptive and transformative process in communist and post communist systems in Eastern Europe offering competing models which locate the explanatory variable in different places and account for the unfolding of change in different ways

**State**, 1990

**Nanking** Masahiro Yamamoto, 2000-08-30 The December 1937 incident that has come to be known as the Rape of Nanking is without doubt a tragedy that will not soon be forgotten While acknowledging that a tremendous loss of life occurred this study challenges the current prevailing notion that the incident was a deliberate planned effort on the part of the Japanese military and analyzes events to produce an accurate estimate of the scale of the atrocities Drawing on Chinese Japanese and English sources Yamamoto determines that what happened at Nanking were unfortunate atrocities of conventional war with precedents in both Eastern and Western military history He concludes that post war events such as the war crimes trials and the impact of the Holocaust in Europe affected public opinion regarding Nanking and led to a

dramatic reinterpretation of events The Rape of Nanking consisted of two distinct phases the mass execution of prisoners of war as well as conscription age men who appeared to be combatants and the delinquent acts of individual soldiers The first phase which occurred immediately after Nanking's fall and which claimed most of the atrocity victims was the result of the Japanese military's attempt to clear the city of Chinese soldiers thought to be in plain clothes The second phase which lasted approximately six weeks was horrible but resulted in a much smaller number of fatalities It was characterized by numerous criminal acts ranging from rape and murder to arson and theft committed by unrestrained Japanese soldiers The root cause for both phases was the Japanese military's bureaucratic inefficiency and command irresponsibility While both Chinese and American contemporary sources initially attributed the incident to these causes subsequent Japanese atrocities against both military and civilian Allied personnel during World War II and evidence presented at war crimes trials would come to reshape perceptions of the Nanking events as an Asian counterpart to the Nazi Holocaust

**Area Bibliography of China** Richard T. Wang, 1997 A combination of scholarly commercial and popular interests has generated a large quantity of literature on every aspect of Chinese life during the past two decades This bibliography reflects these combined interests it is broken up into sections by subject headings and cross references refer the researcher to related topics

**Talking Book Topics**, 1990 Includes audio versions and annual title author index

**Forthcoming Books** Rose Arny, 2002 *Arts & Humanities Citation Index*, 1991 A multidisciplinary index covering the journal literature of the arts and humanities It fully covers 1 144 of the world's leading arts and humanities journals and it indexes individually selected relevant items from over 6 800 major science and social science journals

[Paradigms Powering China's Rise: A Historical Perspective](#) Belal Ehsan Baaquie, 2023-11-02 The primary aim of this book is to understand the ground breaking paradigms and policies that have powered China's remarkable rise from an agricultural society to an industrial powerhouse and a leading nation and that too in a span of merely forty years from 1979 to 2019 The book covers the rise of China up to 2019 and is divided into five parts The first part takes a strategic view of China's rise the second part provides a quantitative assessment of China's rise using macroeconomic indicators the third part provides a historical background of modern China starting from the unification of China in 221 BC to the rise to power of the Communist Party of China leading to the establishment of the People's Republic of China in 1949 The fourth part analyses China's governance as well as its economic system and lastly part five summarizes China's rise and the paradigms that powered this rise

## Unveiling the Magic of Words: A Report on "**Rise Of The Chinese Republic From The Last Emperor To Deng Xiaoping**"

In a global defined by information and interconnectivity, the enchanting power of words has acquired unparalleled significance.
