The Puzzle of the Western Zodiac: Its Wisdom and Evolutionary Leaps Alex A. Gurshtein, 2017-12-29 Though familiar to all the twelve strong Western Zodiac remains an enigmatic artifice of the archaic past To date no scholar has been able to determine who conjured up its constellations and when this might have happened Nor do we know what the grand design behind this innovative endeavor might have been This book however goes a long way towards answering those questions by combining together a variety of clues from multiple disciplines including astronomy archaeology and linguistics It provides a comprehensive framework that greatly expands our understanding of the genesis and purposes of this remarkable intellectual relic of our cultural heritage The books overarching outcome that the zodiacal necklace in the sky appeared gradually over time in three different stages with each reflecting the immanent social and spiritual concerns of its time provides a fundamental impact to reconsider our understanding of prehistory No special knowledge is necessary to understand this captivating writing *English almanacs, astrology and popular medicine, 1550-1700* Louise

Hill-Curth, 2018-09-30 Early modern almanacs have received relatively little academic attention over the years despite being the first true form of British mass media While their major purpose was to provide annual information about the movements of the stars and the corresponding effects on Earth most contained a range of other material including advice on preventative and remedial medicine for humans and animals Based on the most extensive research to date into the relationship between the popular press early modern medical beliefs and practices this study argues that these cheap annual booklets played a major role in shaping contemporary medical beliefs and practices in early modern England Beginning with an overview of printed vernacular medical literature the book examines in depth the genre of almanacs their authors target and actual

audiences It discusses the various types of medical information and advice in almanacs preventative and remedial medicine for humans as well as non commercial and commercial medicines promoted in almanacs and the under explored topic of animal health care **The Kingdom of the Occult** Walter Martin,Jill Martin Rische,Kurt Van Gorden,Kevin

Rische,2008-10-21 The Kingdom of the Occult delivers the timely followup to Dr Martin s best selling The Kingdom of the Cults This book takes Dr Walter Martin s comprehensive knowledge and his dynamic teaching style and forges a strong weapon against the world of the Occult a weapon of the same scope and power as his phenomenal thirty five year bestseller The Kingdom of the Cults over 875 000 sold Chapters include Witchcraft and Wicca Satanism Pagan Religions Tools of the Occult Demon Possession and Exorcism Spiritual Warfare etc Features include Each chapter contains Quick Facts History Case Studies Theology Resources **Mythology in Our Midst** Amy T. Peterson,David J. Dunworth,2004-05-30 Though nearly everyone is familiar with such great mythological figures as Hercules Icarus and Medusa one may wonder what relevance these ancient characters and their stories hold for modern readers This unique reference book brings mythology to life for students by exploring the connections between ancient myths and contemporary culture An introductory essay sets the tone with its overview of the myriad areas of human endeavors including the arts science psychology language and literature consumer products and other aspects of popular culture that mythology has influenced The user friendly volume is comprised of 50 narrative essays that trace the cultural connections and offer a lively retelling of each myth For example readers will discover the derivation of Freudian psychoanalysis from the myth of Oedipus and fans of popular film and fiction may be surprised to learn the mythological inspirations for works like Beauty and the Beast The Matrix or Michael Crichton s Eaters of the Dead This engrossing book is enhanced with 25 original illustrations Five fact filled appendices offer glossaries and interesting mythological etymologies of commonplace words in nature science and everyday consumer products like Nike shoes and Olympus cameras Whether for research or pure enjoyment this accessible and informative book reveals the many unrecognized references to mythology that impact our lives School Library Journal ,1998 *MultiCultural Review* ,1997

Public Libraries ,1997 **Researching the Paranormal** Courtney M. Block,2020-06-28 The paranormal has long been a hotly contested topic especially in academia Most people are entertained by the paranormal or casually read a few books they come across on the topic perhaps assuming that these topics are nothing more than campfire fodder Of course there s nothing wrong with being entertained by the paranormal but how many people know that there is a long history of academic scientific and credible research into topics such as extrasensory perception hauntings poltergeists cryptozoological sightings near death experiences and more In Researching the Paranormal Courtney M Block provides an overview of paranormal research and introduces readers to an assortment of resources that seriously examine various paranormal topics She shows readers how to think critically about paranormal sources and how to apply the components of credibility when conducting their own paranormal investigations Highlighting the long history of serious academic inquiry into various

paranormal topics Block provides citations to primary source documents journal articles helpful databases encyclopedias dictionaries and books In addition she provides a historical overview of various paranormal phenomena such as parapsychology cryptozoology ufology divination ghosts hauntings and more *Recommended Reference Books for Small and Medium Sized Libraries and Media Centers, 1998* Bohdan S.
