This book contains more than just theory; here you'll find case studies of local governments demonstrating how Commonwealth Centers for High Performance Organizations (CCHPO) model has been applied in the past to improve performance. These examples show how a supportive values-based work culture can be cultivated to expand thinking power by increasing discretionary effort from all levels of the organization. Engaged employees can be leaders who refocus your services, improve your processes, save money, and solve problems. Your organization can benefit from the full range of talents, skills, and abilities that often lie untapped but become accessible through the principles of the High Performance Organization model.
