Making Choices Reading Issues In Context:

Making Choices Michael E. Cooley, 1997 **Making Choices** Cooley, 1997-01 This thematic reader for freshman composition contextualizes the important personal professional and civic choices students face in college and beyond An opening chapter discusses the fundamental connection between critical reading and writing The five core units each begin with three Context essays providing philosophical and historical background Three groups of Controversies readings then focus on a particular issue pertaining to the unit's general topic **ACT English, Reading & Writing Prep** Kaplan Test Prep, 2017-03-07 Includes 500 practice questions Cover Evaluating Project Decisions Carol L. Hoover, Mel Rosso-Llopart, Gil Taran, 2009-10-27 Effective decisions are crucial to the success of any software project but to make better decisions you need a better decision making process In Evaluating Project Decisions leading project management experts introduce an innovative decision model that helps you tailor your decision making process to systematically evaluate all of your decisions and avoid the bad choices that lead to project failure Using a real world case study approach the authors show how to evaluate software project problems and situations more effectively thoughtfully assess your alternatives and improve the decisions you make Drawing on their own extensive research and experience the authors bridge software engineering theory and practice offering guidance that is both well grounded and actionable They present dozens of detailed examples from both successful and unsuccessful projects illustrating what to do and what not to do Evaluating Project Decisions will help you to analyze your options and ultimately make better decisions at every stage in your project including Requirements Elicitation description verification validation negotiation contracting and management over the software life cycle Estimates Conceptual solution design decomposition resource and overhead allocation estimate construction and change management Planning Defining objectives policies and scope planning tasks milestones schedules budgets staff and other resources and managing projects against plans Product Proper product definition development process management QA configuration management delivery installation training and field service Process Defining selecting understanding teaching and measuring processes evaluating process performance and process improvement or optimization In addition you will see how to evaluate decisions related to risk people stakeholder expectations and global development Simply put you'll use what you learn here on every project in any industry whatever your goals and for projects of any duration size or type Critical Reading in Higher Education Karen Manarin, Miriam Carey, Melanie Rathburn, Glen Ryland, 2015-12-15 Faculty often worry that students can't or won't read critically a foundational skill for success in academic and professional endeavors Critical reading refers both to reading for academic purposes and reading for social engagement This volume is based on collaborative multidisciplinary research into how students read in first year courses in subjects ranging from scientific literacy through composition The authors discovered the good students can read the bad students are not reading for social engagement and the ugly class assignments may be setting students up for failure and they offer strategies that can better

engage students and provide more meaningful reading experiences
