Making Disciples in the Twenty-First Century Church Joel Comiskey, 2013-12-02 We know that the goal of the Christian life is to glorify God and to enjoy him forever While this is God's ultimate plan does he have a particular purpose for the cell based church I've been wrestling with this question for the past twenty two years This question confronts me every time I coach a pastor or pastors In preparation for coaching I ask myself What is my principal objective in helping this pastor Where am I guiding this church What am I trying to do I've come to the conclusion that the primary goal of cell ministry is to make disciples who make disciples Christ's last command to his disciples was for them to repeat the process and to reproduce new disciples But how were they supposed to do that This book answers these questions The early church followed Christ's pattern by making disciples through the house churches that periodically celebrated together in public worship In 2 Timothy 2:1-2 Paul tells Timothy to continue the discipleship process by passing on the pure gospel message to faithful men and women Even though the term disciple is later replaced by words such as brothers sisters Christians and saints the concept remains the same We in North America and the Western world often project our own cultural bias into Christ's great commission Matthew 28:18-20 Most discipleship books in fact assume that discipleship is an individualistic endeavor between me and God And yes there is an important individual aspect e.g. personal devotions etc Yet in Matthew 28 Jesus was talking to a group of disciples He wanted them to follow his example by making disciples in a group Jesus molded twelve disciples in a group and then sent them house to house So how does the cell church make disciples In this book I show how the cell small group works together with the cell system to make disciples who make disciples In the cell a potential disciple is transformed through community priesthood of all believers group evangelism and team multiplication In the cell potential

disciples are formed through learning how to love one another exercising their gifts evangelizing together as a group and then sent forth as teams to start new groups Discipleship is a group process in the New Testament and God is calling his church to re emphasize this truth The cell system ensures each leader has a coach and that training equipping track happens Then the cells gather together to worship and grow through the teaching of God s Word All three aspects are essential to form disciples Training is needed because disciples won t learn all they need to know in the cell Coaching ensures that each leader is cared for and receives shepherding The celebration service brings the cells together to hear God s Word worship and receive fresh vision The goal of the two wing cell church is to make disciples who make disciples The cell church today makes disciples by following the early church pattern of cell and celebration Recommendations I ve read all of Joel Comiskey s books but Making Disciples in the Twenty First Century Church is his best work yet In this book Joel reminds us that the real call and challenge of the Church is not developing leaders or numerical growth but making disciples who make disciples He also helps us understand why that is best done in a cell or small group context and gives us great insight about how to make that happen I m looking forward to having all of our Pastors Coaches and Cell Leaders and Members read this book in the near future Dennis Watson Lead Pastor Celebration Church of New Orleans ____ I am so excited about Joel Comiskey s new book Making Disciples in the Twenty First Century Church When I m asked what makes a cell church thrive I always say discipleship Thank you Joel for unpacking discipleship not just as an endeavor for individuals but as the critical element for creating a church community and culture that reproduces the Kingdom of God all over the earth I pray this book won t only be read but lived out as we were made to make disciples Jimmy Seibert Senior Pastor Antioch Community Church President and Founder Antioch Ministries International ____ I really like that Joel asked the Why question before the How question He even takes on the What question which is just as important The interest in discipleship is greater now than anytime in the last fifty years I fear however that we are using the same words but are not speaking the same language I recommend this work I cheer Joel on he joins many of us who are masters of the obvious It seems so obvious that our purpose is to be disciples and make disciples I cheer him on because he goes beyond the What and Why and does address the How This will help any person who reads it and I pray that there will be many Bill Hull Author of Jesus Christ Disciple Maker Disciple Making Pastor Disciple Making Church and The Complete Book of Discipleship Adjunct Faculty at Talbot School of Theology Biola University __ The history of the cell church movement in Brazil has many names of great man of God Joel Comiskey certainly is one of them We see how over the years his understanding of the New Testament Church has deepened Again Joel surprises us with this jewel He covers many aspects of cell church life showing us how discipleship relates to the broader scope of it and how to shape followers of Jesus He takes us to the heart of the matter of the cell church as he states it The purpose of cell ministry is making disciples who make disciples Excellent book The movement in Brazil certainly will be blessed through this book Enjoy it Robert Michael Lay Cell Church Ministry in Brazil Pioneer in the cell movement in Brazil

Repairing the Missional Breach Kevin Blackwell, 2024-04-02 Making disciples is the primary calling of the church

however in the past decades of American evangelicalism there has been a breach of Christ's Great Commission as found in Matt 28:19-20. Much of this failure can be attributed to the doctrine and practice within three modern church movements. The book offers a history and critique of modern American evangelical church movements including the Church Growth, Emergent Church, and Missional Church movements. Each of these movements did not result in disciple making multiplication. In this book, you will find an analysis of disciple making in these movements as compared to the methods and model of Jesus. Informed by these critiques, formative ministry adjustments are presented as a faithful path for future missional approaches.

The Making of a Disciple Edward W. Watson, Martin M. Culy, 2021-09-02. Modern readers sometimes view the Gospels and other biblical narratives as mere historical accounts of events that occurred long ago. Biblical narratives, however, are intended to do far more than teach us history. They are intended to change how we think and how we live. In *The Making of a Disciple*, Watson and Culy use insights from narrative criticism to show that the message of the Gospel of John is communicated not only through the teachings and deeds of Jesus but also through the actions of the other main characters and the consequences of their actions. As readers observe characters interacting with Jesus, they are implicitly encouraged to either emulate or avoid their behavior. Coupled with the teachings and acts of Jesus, these characters serve as potent tools in the Gospel of John to showcase what it looks like not only to become a disciple of Jesus but also to grow to maturity and experience the fullness of joy that Jesus offers.
