## **Making Of Alexander The Official Guide To The Epic Alexander Film:**

*Historical Film* Jonathan Stubbs, 2013-03-28 Although precise definitions have not been agreed on historical cinema tends to cut across existing genre categories and establishes an intimidatingly large group of films In recent years a lively body of work has developed around historical cinema much of it proposing valuable new ways to consider the relationship between cinematic and historical representation However only a small proportion of this writing has paid attention to the issue of genre In order to counter this omission this book combines a critical analysis of the Hollywood historical film with an examination of its generic dimensions and a history of its development since the silent period *Historical Film A Critical Introduction* is concerned not simply with the formal properties of the films at hand but also the ways in which they have been promoted interpreted and discussed in relation to their engagement with the past **Brill's Companion to Ancient**

**Greek and Roman Warfare on Film**, 2023-12-18 Brill's Companion to Ancient Greek and Roman Warfare on Film is the first volume exclusively dedicated to the study of a theme that informs virtually every reimagining of the classical world on the big screen armed conflict Through a vast array of case studies from the silent era to recent years the collection traces cinema's enduring fascination with battles and violence in antiquity and explores the reasons both synchronic and diachronic for the central place that war occupies in celluloid Greece and Rome Situating films in their artistic economic and sociopolitical context the essays cast light on the industrial mechanisms through which the ancient battlefield is refashioned in cinema and investigate why the medium adopts a revisionist approach to textual and visual sources Hollywood's

Ancient Worlds Jeffrey Richards, 2008-07-01 Jeffrey Richards examines the cultural social economic and technological circumstances that dictated the rise and decline of each successive cycle of Ancient World epics from the silent film era to the golden age of the 1950s right up to the present day *Gladiator 300 Rome Analysis* reveals that historical films are always as much about the time in which they are made as they are about the time in which they are set The ancient world is often used to deliver messages to the contemporary audience about the present hostility to totalitarian regimes both Fascist and Communist concern at the decline of Christianity support for the new state of Israel celebrations of equality and democracy and concern about changing gender roles The whole adds up to a fresh look at a body of films that people think they know but about which they will learn a good deal more *Classical Archaeology* Susan E. Alcock, Robin Osborne, 2012-05-21 The

fully revised second edition of this successful volume includes updates on the latest archaeological research in all chapters and two new essays on Greek and Roman art It retains its unique paired essay format as well as key contributions from leading archaeologists and historians of the classical world Second edition is updated and revised throughout showcasing the latest research and fresh theoretical approaches in classical archaeology Includes brand new essays on ancient Greek and Roman art in a modern context Designed to encourage critical thinking about the interpretation of ancient material culture and the role of modern perceptions in shaping the study of art and archaeology Features paired essays one covering the

Greek world the other the Roman to stimulate a dialogue not only between the two ancient cultures but between scholars from different historiographic and methodological traditions Includes maps chronologies diagrams photographs and short editorial introductions to each chapter **The Publishers Weekly**, 2005 *Omnibus*, 2005 **Plutarco e as artes: pintura, cinema e artes decorativas** Luísa de Nazaré Ferreira, Paulo Simões Rodrigues, Nuno Simões, 2012-07-01 Numa altura em que a obra de Plutarco e a influência que exerceu sobre a tradição literária europeia e americana conhecem um redobrado interesse não são poucas as monografias dedicadas presentes a temas das vidas ou dos moralistas na iconografia e nas artes em geral precisamente neste domínio do saber menos tratado pelos historiadores do biografado Queroneia que este volume pretende dar o seu contributo ao analisar a forma como as palavras de Plutarco serviram de inspiração para criações no campo da pintura do cinema e das artes decorativas **Scienza antica in età moderna. Teoria e immagini** Maraglino Vanna, 2012 *The Off-Hollywood Film Guide* Tom Wiener, 2002-08-13 The Off Hollywood Film Guide cuts through the clutter of the thousands of films currently available on video and DVD by specifically catering to independent and foreign film enthusiasts In addition to a list of essential must see films this guide includes hundreds of entries each with brief commentary and a list of pertinent details such as release date cast director awards garnered special DVD features and double feature suggestions The listings are also cross referenced by genre director actors and country of origin [The Epic Film in World Culture](#) Robert Burgoyne, 2010-09-13 With the recent release of spectacular blockbuster films from *Gladiator* to *The Lord of the Rings* trilogy the epic has once again become a major form in contemporary cinema This new volume in the AFI Film Readers series explores the rebirth of the epic film genre in the contemporary period a period marked by heightened and conflicting appeals to national ethnic and religious belonging The original essays in this volume explore the tension between the evolving global context of film production and reception and the particular provenance of the epic as an expression of national mythology and aspirations challenging our understanding of epics produced in the present as well as our perception of epic films from the past The contributors will explore new critical approaches to contemporary as well as older epic films drawing on ideas from cultural studies historiography classics and film studies **Kulturgeschichte des Hellenismus** Gregor Weber, 2007 **The Rough Guide to Film** Rough Guides, 2008-05-01 Get the lowdown on the best fiction ever written Over 230 of the world's greatest novels are covered from *Quixote* 1614 to Orhan Pamuk's *Snow* 2002 with fascinating information about their plots and their authors and suggestions for what to read next The guide comes complete with recommendations of the best editions and translations for every genre from the most enticing crime and punishment to love sex heroes and anti heroes not to mention all the classics of comedy and satire horror and mystery and many other literary genres With feature boxes on experimental novels female novelists short reviews of interesting film and TV adaptations and information on how the novel began this guide will point you to all the classic literature you'll ever need *The Films of Theo Angelopoulos* Andrew Horton, 2016-09-29 Greek film director Theo Angelopoulos is one of the most

influential and widely respected filmmakers in the world today yet his films are still largely unknown to the American public In the first book in English to focus on Angelopoulos s unique cinematic vision Andrew Horton provides an illuminating contextual study that attempts to demonstrate the quintessentially Greek nature of the director s work Horton situates the director in the context of over 3 000 years of Greek culture and history Somewhat like Andrei Tarkovsky in Russia or Antonioni in Italy Angelopoulos has used cinema to explore the history and individual identities of his culture With such far reaching influences as Greek myth ancient tragedy and epic Byzantine iconography and ceremony Greek and Balkan history modern Greek pop culture including bouzouki music shadow puppet theater and the Greek music hall tradition Angelopoulos emerges as an original thinker with the camera and a distinctive director who is bound to make a lasting contribution to the art form In a series of films including *The Travelling Players* *Voyage to Cythera* *Landscape in the Mist* *The Suspended Step of the Stork* and most recently in *Ulysses Gaze* starring Harvey Keitel winner of the 1995 Cannes Film Festival Grand Prix Angelopoulos has developed a remarkable cinematic style characterized by carefully composed scenes and an enormous number of extended long shots In an age of ever decreasing attention spans Angelopoulos offers a cinema of contemplation
