The world's own principle is love agape Our fellow creatures are co symbols of emancipation from human violence Creation is not as influential modern thinkers envision mere material mere nature to commodify and dominate for the freedom of an exclusive constituency of our species The ecological crisis emerges from a tragic misfit between experiments with secular sovereignty and the continuance of Christian historicity Either the Christian form of life of time is replaced revealing a new ecological worldview or we revive Christian sovereignty as a creative fit with the actuality of Christian historicity This work wagers on the latter Christian civilization is coextensive with ecological civilization The Best Fooling Michael Bawtree, 2017-01-01 In the first volume of his memoirs As Far As I Remember Michael Bawtree told the story of his youthful years from his birth in Australia to growing up in England during and after World War II with an education at Radley College and Worcester College Oxford and a two year stint in the British Army In this second volume he recounts his experience as a raw new immigrant in Canada and his first steps as a professional actor a university instructor a book critic dramaturge and playwright In the years that followed he made a name for himself at the newly founded Simon Fraser University where he initiated the theatre program and at the Stratford Festival where he eventually served as Associate Director and director of the Third Stage before leaving to
