More Baskets and How to Make Them (Classic Reprint) Mary White, 2018-02-03 Excerpt from More Baskets and How to Make Them The interest in basketry which began in this country some three years ago is on the increase rather than on the wane This may seem surprising to the uninitiated but those who have made baskets will understand it Basketry has proved itself In schools and social settlements one notes the contrast between the beginners mats and baskets loosely woven and crude in form and the graceful forms and solid weaving of experienced young craftsmen A well made basket shows more than dexterity and skill it stands for patience and stick to it iveness and has the value of all good work Best of all children love the craft and would

rather weave baskets or wander afield in search of natural material for weaving or dyes than do anything else you can suggest To grown people basketry is a boon It is unusual to find a craft so simple as to require no tools or para About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
