Minority Politics At The Millennium:

Minority Politics at the Millennium Richard A. Keiser, Katherine Underwood, 2000 First Published in 2000 Routledge is an imprint of Taylor Francis an informa company *Minority Politics at the Millennium the Struggle for Political Power in* Richard A. Keiser, 1999-08-01 *Asian American Politics* Don T. Nakanishi, James S. Lai, James Siu-Fong Lai, 2003 Asian Americans are emerging as a political force and yet their politics have not been systematically studied by either social scientists or politicians Asian American politics transcend simple questions of voting behavior and elective office going all the way back to early immigration laws and all the way forward to ethnic targeting For the first time this book brings together original sources on key topics influencing Asian American politics knit together by expert scholars who introduce each subject and place it in context with political events and the greater emerging literature Court cases legislation demographics and key pieces on topics ranging from gender to Japanese American redress to the Los Angeles riots to Wen Ho Lee round out this innovative reader on a politically active group likely to grow in number and electoral impact **Grassroots and Coalitions** Michael Mitchell, David Covin, 2013-09-06 The main focus of this volume is an exploration of the patterns of competition for political power at the state and local levels in American politics This volume looks at institutionalized patterns of black political power as they have evolved in the aftermath of the civil rights movement in the 1960s The editors argue that enough time has elapsed to warrant a new look at the circumstances in which black politics in America has played out Chapters include an examination of the ability of black candidates to win statewide elections with crucial white support an analysis of the impact of local political organizations in enhancing the chances of black candidates in winning local races a look at the messages of black pastors regarding solidarity with the Latino community and an investigation of the extent of the differences in the political participatory styles of poor blacks and poor whites The editors note that changes have taken place as black American politics has confronted new complexities A works in progress section explains how theories of racial violence can be used to analyze racial incidents in the United States Other essays include reflections on blacks in Brazil and in urban American politics Contemporary Patterns of Politics, Praxis, and Culture Georgia A. Persons, 2017-07-12 The National Political Science Review is the official publication of the National Conference of Black Political Scientists This new volume Contemporary Patterns of Politics Praxis and Culture reflects major research focuses across religion race gender culture and of course politics Themes that engage a community of scholars also engage them in praxis as individual citizens and practitioners in a democratic society and collectively as member participants in a changing culture Two themes religion and culture are relatively new areas of intellectual curiosity for political scientists Articles in this volume extend the beachheads already established by African American political scientists in studies that gauge the significance and influence of religion in both individual and group behavior They chart religion s inevitable move onto the center stage of U S public affairs The study of culture has essentially languished for almost a generation within political science especially with regard

to the study of American politics and society During this time the emphasis has also shifted significantly from an almost exclusive focus on civic culture to an expanding focus on the broad expanse of popular culture in the contemporary period Culture is the crucible within which politics race religion and gender both foment and ferment and artistic products of the culture are manifestations and mirrors of how we envision and construct a changing reality Issues of race religion gender and culture are all dimensions of individual and group identity The dynamics of changing individual and group identities change the underlying cultural canvas against which identity is displayed and politics is acted out The concept of praxis is relatively new to the lexicon of political science However engagement in the practice of politics is not a new idea for African American social scientists Indeed particularly for this group and clearly for many others Asian American Politics Andrew Aoki, Okiyoshi Takeda, 2008 An introduction to the study of Asian American participation in US politics It covers historical and cultural context political behaviour and attitudes interest groups and parties elected officials and public policies that have an important impact on Asian Americans **The Black Urban Community** G. Tate, 2019-06-12 This book explores the many facets of black urban life from its genesis in the 18th century to the present time With some historical background the volume is primarily a contemporary critique focusing on the major themes which have arisen and the challenges the confront African Americans as they create communities political economy religion and spirituality health care education protest and popular culture The essays all examine the interplay between culture and politics and the ways in which forms of cultural expression and political participation have changed over the past century to serve the needs of the black urban community The collection closes with analysis of current struggles these communities face joblessness political discontent frustrations with health care and urban schools and the ways in which communities are responding to these challenges *Encyclopedia of Asian American Issues Today* Edith Wen-Chu Chen, Grace J. Yoo, Wendy Ng, 2009-12-23 This is a revealing compilation of essays on the latest research and debates on Asian Americans a growing and influential ethnic group today *Encyclopedia of Asian American Issues Today* is the first major reference work focused on the full expanse of contemporary Asian American experiences in the United States Drawing on over two decades of research it takes an unprecedented look at the major issues confronting the Asian American community as a whole and the specific ethnic identities within that community from established groups such as Chinese Japanese and Korean Americans to newer groups such as Cambodian and Hmong Americans Across two volumes *Encyclopedia of Asian American Issues Today* offers 110 entries on the current state of affairs controversies successes and outlooks for future for Asian Americans The set is divided into 11 thematic sections including diversity and demographics education health identity immigrants refugees and citizenship law media politics war work and economy youth family and the aged Contributors include leading experts in the fields of Asian American studies education public health political science law economics and psychology **The Urban Voter** Karen M. Kaufmann, 2010-05-25 Karen Kaufmann's groundbreaking study shows that perceptions of interracial conflict can cause voters in local elections to focus

on race rather than party attachments or political ideologies Using public opinion data to examine mayoral elections in New York and Los Angeles over the past 35 years Kaufmann develops a contextual theory of local voting behavior that accounts for the Republican victories of the 1990s in these overwhelmingly Democratic cities and the liberal revivals that followed Her conclusions cast new light on the interactions between government institutions local economies and social diversity The Urban Voter offers a critical analysis of urban America s changing demographics and the ramifications of these changes for the future of American politics This book will interest scholars and students of urban politics racial politics and voting behavior the author s interdisciplinary approach also incorporates theoretical insights from sociology and social psychology The Urban Voter is appropriate for both undergraduate and graduate level courses Karen Kaufmann is Assistant Professor in the Department of Government and Politics at the University of Maryland College Park

The Arab Public Sphere in Israel Amal Jamal, 2009-10-16 In this pathbreaking study Amal Jamal analyzes the consumption of media by Arab citizens of Israel as a type of communicative behavior and a form of political action Drawing on extensive public opinion survey data he describes perceptions and use of media ranging from Arabic Israeli newspapers to satellite television broadcasts from throughout the Middle East By participating in this semi autonomous Arab public sphere the average Arab citizen can connect with a wider Arab world beyond the boundaries of the Israeli state Jamal shows how media aid the community s ability to resist the state s domination protect its Palestinian national identity and promote its civic status

Democracy in Scandinavia David Arter, 2006-09-19 This book is about the distinctive features of Scandinavian democracy the state of Scandinavian democracy and the classification of the Scandinavian democracies It breaks new ground in challenging the established status of the Scandinavian countries as consensus model democracies The book poses three main questions First what are the distinctive features of the five Scandinavian political systems when compared with the Westminster model of democracy Next how well does the evidence from recent commissions suggest that Scandinavian democracy is working in practice Finally is Scandinavian democracy consensual majoritarian or mixed The nature of legislative executive relations is explored with a particular focus on the role of the parliamentary opposition and its involvement in policy making

Minorities at War Elmira Muratova, Nadia Zasanska, 2024-11-11 This collection focuses on Ukraine s ethno cultural minorities who in recent years have undergone forced displacement emigration the destruction of familiar ways of life and a transformation of identity and language behaviour The book examines the impact of Russia s war against Ukraine which began with the annexation of Crimea and the war in Donbas in 2014 It shows what happens to the cultural identities of minority groups and considers the mechanisms and components of their resilience in times of crisis Key themes addressed include minorities collective memory and coping strategies mobilisation and humanitarianism forced displacement and the preservation of identity While most works on the Russo Ukrainian war focus on the international context and the causes of the war and its humanitarian consequences for the population of Ukraine and the region as a whole this book seeks to

mainstream the issue of ethno cultural minorities which is often neglected in the coverage of this type of conflict The book will be of interest to academics researchers and policy makers working in the areas of Law Political Science Anthropology Human Geography Religious Studies and War and Peace Studies **G.K. Hall Interdisciplinary Bibliographic Guide to**

Black Studies Schomburg Center for Research in Black Culture,2000 **Social Issues in America** James

Ciment,2015-03-04 Truly comprehensive in scope and arranged in A Z format for quick access this eight volume set is a one source reference for anyone researching the historical and contemporary details of more than 170 major issues confronting American society Entries cover the full range of hotly contested social issues including economic scientific environmental criminal legal security health and media topics Each entry discusses the historical origins of the problem or debate past means used to deal with the issue the current controversy surrounding the issue from all perspectives and the near term and future implications for society In addition each entry includes a chronology a bibliography and a directory of Internet resources for further research as well as primary documents and statistical tables highlighting the debates The Domestic

Politics of Foreign Aid Erik Lundsgaarde,2013 This book explains the choices that states make concerning the volume of development aid they provide and what types of priorities are supported with this assistance The core argument of the book is that aid choices are a product of domestic politics in donor countries which involve a variety of actors that differ in character across the donor community **Local Government at the Millenium** Janice Caulfield,Helge O.

Larsen,2013-04-17 This volume with contributions by internationally renowned authors provides a comparative survey of problems in local politics and administration in Europe Australasia and North America *Bringing Outsiders In* Jennifer Hochschild,John Mollenkopf,2011-05-02 For immigrants politics can play a significant role in determining whether and how they assimilate In *Bringing Outsiders In* leading social scientists present individual cases and work toward a comparative synthesis of how immigrants affect and are affected by civic life on both sides of the Atlantic Just as in the United States large immigrant minority communities have been emerging across Europe While these communities usually make up less than one tenth of national populations they typically have a large presence in urban areas sometimes approaching a majority That immigrants can have an even greater political salience than their population might suggest has been demonstrated in recent years in places as diverse as Sweden and France Attending to how local and national states encourage or discourage political participation the authors assess the relative involvement of immigrants in a wide range of settings Jennifer Hochschild and John Mollenkopf provide a context for the particular cases and comparisons and draw a set of analytic and empirical conclusions regarding incorporation *The Concise Oxford Dictionary of Politics and International Relations*

Garrett W Brown,Iain McLean,Alistair McMillan,2018-01-06 This bestselling dictionary contains over 1 700 entries on all aspects of politics and international relations Written by a leading team of political scientists it embraces the multi disciplinary spectrum of political theory including political thinkers history institutions theories and schools of thought as

well as notable current affairs that have shaped attitudes to politics Fully updated for its fourth edition the dictionary has had its coverage of international relations heavily revised and expanded reflected in its title change and it includes a wealth of new material in areas such as international institutions peace building human security security studies global governance and open economy politics It also incorporates recommended web links that can be accessed via a regularly checked and updated companion website ensuring that the links remain relevant The dictionary is international in its coverage and will prove invaluable to students and academics studying politics and related disciplines as well as politicians journalists and the general reader seeking clarification of political terms Diaspora, Politics, and Globalization M. Laguerre,2006-08-01

Laguerre proposes a relationship among migrants and their home society that transcends current views in migration studies The relationship among Haitians who live outside Haiti reflects a web rather than a radial relationship with the home country Haitian migrants communicate among themselves and the home country simultaneously In viewing the Haitian diaspora from a global perspective the author reveals a new theory of interconnectedness in migration which marks a significant move away from transnationalism Routledge Handbook of Indian Politics Atul Kohli,Prerna Singh,2013-01-04 India's growing economic and socio political importance on the global stage has triggered an increased interest in the country This Handbook is a reference guide which surveys the current state of Indian politics and provides a basic understanding of the ways in which the world's largest democracy functions The Handbook is structured around four main topics political change political economy the diversity of regional development and the changing role of India in the world Chapters examine how and why democracy in India put down firm roots but also why the quality of governance offered by India's democracy continues to be low The acceleration of economic growth since the mid 1980s is discussed and the Handbook goes on to look at the political and economic changes in selected states and how progress across Indian states continues to be uneven It concludes by touching on the issue of India's international relations both in South Asia and the wider world The Handbook offers an invigorating initiation into the seemingly daunting and complex terrain of Indian politics It is an invaluable resource for academics researchers policy analysts graduate and undergraduate students studying Indian politics
