season redemption and the freedom that comes from forgiveness *The Saturday Evening Post* ,1917 **Respectable Street** Richard Paul, Picture it a street lined with perfectly manicured lawns stately homes and residents who wouldn't dream of leaving the house without their matching garden gloves and a carefully cultivated air of superiority Sound familiar Well it's not quite as idyllic as it sounds This is Respectable Street a community that lets just say takes the whole keeping up appearances thing to a whole new level The neighbors on Respectable Street are for the most part good people They bake delicious cookies volunteer at the local animal shelter and have a knack for finding the most obscure gardening magazines They're also perhaps a bit too comfortable in their routines a tad too quick to judge and a little too fond of whispering behind their hands whenever something new comes along And then there's Greg He's not from Respectable Street but he's living there now in a house that used to be the envy of the neighborhood before it was remodeled with a bizarre and slightly unsettling color scheme Greg has a past a bit of a reputation and he doesn't exactly blend in with the crowd But even in the most respectable of neighborhoods life doesn't always unfold according to plan Things get messy people make mistakes and secrets have a way of bubbling to the surface like a forgotten can of soda left in the sun So join us as we dive into the chaotic hilarious and unexpectedly heartwarming world of Respectable Street We'll meet the residents witness their quirks and maybe even learn a thing or two about ourselves along the way Just remember it's not always about the outward appearances it's about the human connections the unspoken truths and the unexpected laughter that binds us together even when we're trying to pretend we're something we're not **Light: Medicine of the Future** Jacob Liberman,1990-10 Light Medicine of the Future challenges the modern myth that the sun is dangerous to our well-being Dr Liberman has worked effectively with more than 15 000 individuals using light in the treatment of cancer depression stress visual problems PMS sexual dysfunction learning disabilities and the human immune system The Saint's Life and the Senses of Scripture Ann W. Astell,2024-07-15 Through close examination of ancient medieval and modern Lives of the saints Ann W Astell demonstrates how the historical transformation of hagiography as a genre correlates with similar changes in biblical studies Christian hagiography flourished from the fourth to the fifteenth centuries illuminating the gospel through the overlapping forms of *exempla* and *vita* Originally the Lives of the saints were understood as hermeneutical extensions of the Bible God authors the saint just as God authors the divinely inspired scriptures During the medieval period a sense of dual authorship between God and the cooperating saint developed paralleling the Scholastic impulse to assign greater agency to the human writers of scripture Then in the sixteenth century powerful new anxieties about historical truth pushed hagiography aside for biography its successor Drawing on her expertise in the history of Christianity and biblical exegesis Astell convincingly shows how this radical shift in hagiography's status the loss of the literal allegorical tropological and anagogical senses of the Lives serves as a bellwether for modern biblical reception **Emotional Storm** Michael Eigen,2005-05-19 Penetrating look at human relatedness by one of the field's most innovative thinkers When two personalities meet an emotional storm is created This

provocative quote by renowned psychoanalyst W R Bion is the point of departure for Eigen's new work. In the tradition of Martin Buber, Eigen explores the broad spectrum of emotions we experience in our relatedness to others, from feelings of longing, plenitude and fulfillment to starvation, suffocation and blind rage. Unlike authors of easy self-help books, Eigen embraces the storms of life as a critical aspect of our human bond. For Eigen, the emotional storm is not pathological but rather integral to our humanity and instrumental to our growth and development. For this reason, he looks critically at our attempts to blunt our emotional response to the world around us. Like Eigen's other work, *Emotional Storm* weaves case studies, literary references and psychoanalytic theory into an integrated complex understanding.

Idology in Transcultural Perspective Aoyagi Hiroshi, Patrick W. Galbraith, Mateja Kovacic, 2021-12-10. This edited volume expands on what Aoyagi Hiroshi intended in the first decade of the new millennium to establish as a subfield of symbolic anthropology called ideology. It brings together case studies of popular idolatry in Japan but goes further to provide a transcultural perspective to guide anthropological investigations in different places and times. In proposing an integrated paradigm for the growing body of literature on idols, the volume redirects recurrent questions to more fundamental points of sociocultural inquiry. Contributions from scholars conducting ethnographic fieldwork as well as those engaged in theoretical and historical analyses facilitate comparative reading and critical thought. Exceeding a narrow focus on human idols, the chapters shed new light on virtual idols and YouTubers, cartoon characters and voices, robot idols and cybernetic systems. Science and technology studies thus comes together with theories of animation and anthropological work on life in more than human worlds.

Settings of Silver Stephen M. Wylen, 2014-05-14. Provides a comprehensive and easy to understand overview of Judaism as the belief system and way of life of the Jewish people.
