In this groundbreaking book Anca Griffiths Marjorie Jenkins MD and Alyson McGregor MD tackle the complex issue of the women s global health marketplace With bold insights and piercing clarity they expose the hidden issues within our current systems break down the four key reasons why women aren t winning at health and show you what you can do to take back control of your health journey With additional contributions from recognized global experts they lay a strong groundwork to empower women everywhere to thrive beyond the current status quo because when women are well everyone wins The Accidental Immigrant David Bouchier,2004-06-24 Transatlantic humorist David Bouchier brings wit wisdom and a touch of philosophy to the everyday dramas of American suburban life This book brings together more than a hundred essays originally broadcast on National Public Radio or published in his Out of Order column in the Sunday New York Times When work and marriage brought David Bouchier to Long Island in 1986 the endless suburbs seemed mysterious and exotic to him He was inspired to begin writing essays and newspaper columns about his life there a personal and public diary of the Resident Alien experience In 1992 a weekly public radio essay was added to the newspaper columns and thousands of listeners still enjoy David s weekly radio broadcasts These are the affectionate and sometimes acerbic observations of an Accidental Immigrant who still finds life in America endlessly stimulating and wonderfully strange David Bouchier s thoughts about love life liberty and the pursuit of happiness in the suburbs will make you smile and make you think Boring suburban rituals like lawn care mall shopping wedding rehearsals and barbecues will never seem the same again **The Best of Jim Davidson** Jim Davidson,2019-05-15 ABOUT THE AUTHOR Jim Davidson is a Christian businessman and a native of Gould in Southeast Arkansas His career as a public speaker author and motivational consultant has spanned more than forty five years Some of his many awards and achievements include Arkansas Salesman of the Year Chairman of the Little Rock Chamber of Commerce s Diamond Club sales organization Justice of the Peace in Pulaski County Chairman of Speakers Bureau of the Pulaski County United Way Leadership Gavel recipient as voted by members of his Dale Carnegie Class and honorary member of the DECA GCE Clubs of Arkansas He has also been presented with the Good Neighbor Award by the Conway Area Chamber of Commerce and is the 2010 Distinguished Service Award winner for Conway Public Schools In November 2013 Jim was given a Senate Citation and the Conway Community Service Award by Senator Jason Rapert during a ceremony at the Faulkner County Library In 1980 Jim began writing and producing a daily radio program titled How to Plan Your Life It has been broadcast by over 300 radio stations coast to coast and heard by thousands of people each weekday Later in 1995 he also began writing a weekly newspaper column for his hometown newspaper the Log Cabin Democrat in Conway Arkansas With over 375 newspapers in thirty five states running his column since its inception it is believed to be the most successful self syndicated column in the history of American journalism Jim was a staunch member of the Conway Noon Lions Club for over 20 years holding every leadership position and winning all their awards including twice being named a Melvin Jones Fellow the highest award in Lionism He also served as Chairman of the Annual Golf Tournament and the Harlem Ambassador

Fundraiser Event Publisher's website <http://sbprabooks.com> JimDavidson **Scaleless Dieting** Professor Wendell C. Sleet BSME, 2011-10-05 Now is the time for Scaleless Dieting The current market of diet programs including those with best seller status demonstrate a 95% failure rate for long term weight loss for the overweight and obese Scaleless Dieting claims of 100% safe sustainable weight loss and general health improvement is unmatched Scaleless Dieting was designed from decades of research and common sense ideas by the author who was in similar physical and mental conditions as many others trying to lose weight and be healthier Scaleless Dieting is relatively simple with four basic steps compared to a majority of the many other diet programs This makes initiating the program and maintaining it for life extremely easy Even if the dieter does not follow the steps to Scaleless Dieting explicitly they can still experience significant health benefits The diet industry is cruelly dominated by failed and ineffective programs hypes and misrepresentations To have a diet system like Scaleless Dieting that actually benefits the overweight and obese customers is crucial for the diet industry and those in need Now is the time for Scaleless Dieting *What We Don't Talk About When We Talk About Fat* Aubrey Gordon, 2020-11-17 From the creator of Your Fat Friend and co host of the Maintenance Phase podcast an explosive indictment of the systemic and cultural bias facing plus size people Anti fatness is everywhere In *What We Don't Talk About When We Talk About Fat* Aubrey Gordon unearths the cultural attitudes and social systems that have led to people being denied basic needs because they are fat and calls for social justice movements to be inclusive of plus sized people's experiences Unlike the recent wave of memoirs and quasi self help books that encourage readers to love and accept themselves Gordon pushes the discussion further towards authentic fat activism which includes ending legal weight discrimination giving equal access to health care for large people increased access to public spaces and ending anti fat violence As she argues I did not come to body positivity for self esteem I came to it for social justice By sharing her experiences as well as those of others from smaller fat to very fat people she concludes that to be fat in our society is to be seen as an undeniable failure unlovable unforgivable and morally condemnable Fatness is an open invitation for others to express disgust fear and insidious concern To be fat is to be denied humanity and empathy Studies show that fat survivors of sexual assault are less likely to be believed and less likely than their thin counterparts to report various crimes 27% of very fat women and 13% of very fat men attempt suicide over 50% of doctors describe their fat patients as awkward unattractive ugly and noncompliant and in 48 states it's legal even routine to deny employment because of an applicant's size Advancing fat justice and changing prejudicial structures and attitudes will require work from all people *What We Don't Talk About When We Talk About Fat* is a crucial tool to create a tectonic shift in the way we see talk about and treat our bodies fat and thin alike
