New Forms Of Security Views From Central Eastern And Western Europe:

New Forms of Security Pál Dunay, Gábor Kardos, Andrew J. Williams, 1995 It has become a truism to say that the security agenda for the 1990s cannot be the same as that which prevailed during the Long Peace of the period 1945 1990 This book addresses the changed security situation in Europe It attempts to elucidate what it means to be a European by focusing on fears for a collective future and on proposals to improve it It demonstrates that a European wide consensus is emerging that needs to be fully absorbed by the institutional structures that attempt to direct security matters on the Continent

European Security in Transition Franz Kernic, 2016-04-22 Since the end of World War II security and defence have played a major role in European politics With the European Union's increasing role on the global stage and with today's war on terrorism security and defence issues have dramatically gained weight and importance in international politics This compelling volume provides an interdisciplinary look at the development and current status of the European security system as well as selected key issues on today's security agenda As such it provides an excellent resource for those wishing to make sense of the complexities of defence and security issues in the European Union at a time of global change

The Union and the World: The Political Economy of a Common European Foreign Policy Alan Cafruny, Patrick Peters, 2023-08-21 During the last decade Europe has been transformed both politically and commercially The establishment of a genuinely single marketplace in the context of an expanding membership has enabled the European Union greatly to enhance its role on the world stage In the areas of trade and commercial policy the Union increasingly speaks with one voice As a result of the Maastricht Treaty on Economic and Political Union of 1993 a process has been set in motion whereby the embryonic mechanisms of a common foreign policy European Political Cooperation or EPC are gradually evolving into a more comprehensive Common Foreign and Security Policy CFSP The contributors to this volume describe and evaluate the nature and extent to which the European Union plays an independent role in international affairs This pioneering work makes an important contribution to the literature on the European Union since the chapters present a comprehensive picture of the Union's foreign economic policies and actions its foreign security policy and the supranational nature of much Union decision making The book is significant not only because of its dual focus on economics as well as politics but also because it comprehensively covers the broad range of Union policies in both the economic and political spheres The intended level of readership is undergraduate courses on the EU and on European politics upper level undergraduate courses in International Relations and graduate survey courses on the EU The book is sufficiently comprehensive and instructive to achieve a wide readership especially in North America and the UK

Liberalization and Foreign Policy Miles Kahler, 1997 Inaugurates a new field of disability studies by framing disability as a minority discourse rather than a medical one revising oppressive narratives and revealing liberatory ones The book examines disabled figures in Harriet Beecher Stowe's *Uncle Tom's Cabin* and Rebecca Harding Davis's *Life in the Iron Mills* in African American novels by Toni Morrison and Audre Lorde and in the

popular cultural ritual of the freak show *Pushing Back the Boundaries* Mike Mannin,1999 Missionary families were an integral component of the missionary enterprise both as active agents on the global religious stage and as a force within the enterprise that shaped understandings and theories of mission itself Taking the family as a legitimate unit of historical analysis in its own right for the first time Missionary families traces changing familial policies and lived realities throughout the nineteenth century and powerfully argues for the importance of an historical understanding of the missionary enterprise informed by the complex interplay between the intimate the personal and the professional By looking at marriage parenting and childhood along with professionalism vocation and domesticity this first in depth study of missionary families reveals their profound importance to the missionary enterprise and concludes that mission history can no longer be written without attention to the personal emotional and intimate aspects of missionary lives **Europe as Empire** Jan Zielonka,2007-10-11 This book offers a strikingly new perspective on EU enlargement Basing his findings on substantial empirical evidence Zielonka presents a carefully argued account of the kind of political entity the European Union is becoming with particular reference to recent enlargement *Maritime Security Cooperation in the Gulf of Guinea* Kamal-Deen Ali,2015-07-28 In *Maritime Security Cooperation in the Guinea* Prospects and Challenges Kamal Deen Ali provides ground breaking analyses of the maritime security situation in the Gulf of Guinea and its implications for shipping energy security sustainable fisheries as well as national and regional security The book juxtaposes the growing strategic importance of the Gulf of Guinea against the rising insecurity in the maritime domain especially from piracy Ali points out key gaps in prevailing regional and international approaches to maritime security cooperation in the Gulf of Guinea and sets out several suggestions for combating piracy as well as other maritime security threats while effectively enhancing maritime security cooperation in the region *Conflict and Security in the Former Soviet Union* Maria Raquel Freire,2018-01-17 Title first published in 2003 Conflict and Security in the Former Soviet Union examines the Organization for Security and Co operation in Europe OSCE s approach to post Cold War tensions and conflicts in the former Soviet area the extent to which the new procedures mechanisms and instruments developed by the organization are useful and how the OSCE s activities may reveal innovative contributions to conflict studies *Globalization and Environmental Challenges* Hans Günter Brauch,Ürsula Oswald Spring,Czeslaw Mesjasz,John Grin,Pál Dunay,Navnita Chadha Behera,Béchir Chourou,Patricia Kamari-Mbote,P. H. Liotta,2008-01-23 Put quite simply the twin impacts of globalization and environmental degradation pose new security dangers and concerns In this new work on global security thinking 91 authors from five continents and many disciplines from science and practice assess the worldwide reassessment of the meaning of security triggered by the end of the Cold War and globalization as well as the multifarious impacts of global environmental change in the early 21st century **Pacific Regional Order** Dave Peebles,2005-10-01 New policies are needed if the Pacific is to realise its potential as a peaceful prosperous region where the Pacific s citizens enjoy good standards of health and education long lives and many

opportunities where Pacific economic growth is constantly improving driven by environmentally sustainable service industries where coups civil conflict and the dangers of failed states have been relegated to the past where the Pacific is integrated into the wider region and is an influential voice in world affairs Argues that Pacific countries including Australia need to embrace regional integration to realise this vision The book sets out a comprehensive plan for realising a Pacific regional community dedicated to promoting sustainable development security human rights the rule of law and democracy

European Security and NATO Enlargement: a View from Central Europe , *Reading Humanitarian Intervention* Anne Orford, 2003-06-26 During the 1990s humanitarian intervention seemed to promise a world in which democracy self determination and human rights would be privileged over national interests or imperial ambitions Orford provides critical readings of the narratives that accompanied such interventions and shaped legal justifications for the use of force by the international community Through a close reading of legal texts and institutional practice she argues that a far more circumscribed exploitative and conservative interpretation of the ends of intervention was adopted during this period The book draws on a wide range of sources including critical legal theory feminist and postcolonial theory psychoanalytic theory and critical geography to develop ways of reading directed at thinking through the cultural and economic effects of militarized humanitarianism The book concludes by asking what if anything has been lost in the move from the era of humanitarian intervention to an international relations dominated by wars on terror

Civilizations and World Order Fred Dallmayr, M. Akif Kayapinar, Ismail Yaylaci, 2014-09-24 *Civilizations and World Order* Geopolitics and Cultural Difference examines the role of civilizations in the context of the existing and possible world order s from a cross cultural and inter disciplinary perspective Contributions seek to clarify the meaning of such complex and contested notions as civilization order and world order they do so by taking into account political economic cultural and philosophical dimensions of social life The book deals with its main theme from three angles or vectors first the geopolitical or power political context of civilizations secondly the different roles of civilizations or cultures against the backdrop of post coloniality and Orientalism and thirdly the importance of ideological and regional differences as factors supporting or

obstructing world order s All in all the different contributions demonstrate the impact of competing civilizational trajectories on the functioning or malfunctioning of contemporary world order **The Transatlantic Relationship** Jarrod

Wiener,2016-07-27 The Transatlantic Relationship written by a group of experts drawn from both sides of the Atlantic examines the security trade and cultural aspects of the United States European Union relationship It focuses in particular on the politics of alliance reconfigurations especially with regard to NATO the NACC and the OSCE the new issues in the new World Trade Organization the structural factors affecting NAFTA EU relations and the cultural dimensions of the relationship

Christoph Bertram,1979-06-17 **Failed Imagination?** Andrew J. Williams,1998 Francisco G mez de Sandoval Duke of Lerma 1553 1625 is the last major unknown statesman in modern European history Patrick Williams brings him dramatically to life and challenges the assumptions that historians have made about him and about Spanish history at a time of profound crisis inviting a re evaluation of the phenomenon of government by favourites in this seminal period of European history Lerma served Philip III as his favourite and first minister between 1598 and 1618 His power dazzled contemporaries one petitioner telling Philip that he had come to see him because I could not get an appointment with the Duke of Lerma Within a decade of assuming office Lerma had raised his family from humiliating poverty to great riches and was the greatest patron of the arts in Europe His use of power provoked intense debate about the nature of corruption in government Yet Lerma remained deeply ambivalent about his position Determined to follow family tradition and retire into religious life to secure the salvation of his soul he secured a cardinalate in 1617 ending his life as a prince of the Church **Human Rights in**

Libya Giacomina De Bona,2013 Since the end of the Cold War a democratic wave has swept through large parts of the world propagating liberal values and giving impetus to the case for human rights in an international society To date however the promotion of human rights has presented a mixed account with some countries lagging behind others in terms of their observance In an effort to account for these differences this book analyzes the relationship between norms and the social construction of international society and examines how human rights are promoted in that context Focussing on Libya as a case study Giacomina De Bona criticises the neo realist approach by demonstrating the impact of international society on the advancement of human rights Libya has related to the international environment in different ways over time ranging from isolation to reconciliation and regime change making it a particularly interesting example This book is of particular relevance in light of the recent Arab Spring and raises the question as to whether the coercive imposition of the Western liberal model contributes to establishing respect for human rights in what continue to be the peripheral zones of international society

Integration And Security In Western Europe Mathias Jopp,2021-10-28 The contributors to this volume discuss how a West

European security union would fit into the trans Atlantic and trans European settings Representatives from each of the West European NATO and EC member countries contribute their national views on the subject while representatives of major institutions European Political Cooperation the European Parliament NATO and the West European Union offer their international perspectives
