New Look At Red China:

Collection of Speeches June, 1956-February, 1957 Hollington Kong Tong, 1957 **Congressional Record** United States. Congress, 1971 The Congressional Record is the official record of the proceedings and debates of the United States Congress It is published daily when Congress is in session The Congressional Record began publication in 1873 Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States 1789 1824 the Register of Debates in Congress 1824 1837 and the Congressional Globe 1833 1873 **China** United States. Department of State, 1986 **Oral Traditions in Contemporary China** Juwen Zhang, 2021-11-08 In Oral Traditions in Contemporary China Healing a Nation Juwen Zhang provides a systematic survey of such oral traditions as folk and fairy tales proverbs ballads and folksongs that are vibrantly practiced today Zhang establishes a theoretical framework for understanding how Chinese culture has continued for thousands of years with vitality and validity core and arbitrary identity markers and folkloric identity This framework which describes a cultural self healing mechanism is equally applicable to the exploration of other traditions and cultures in the world Through topics from Chinese Cinderella to the Grimms of China from proverbs like older ginger is spicier to the life views held by the Chinese and from mountain songs and ballads to the musical instruments like the clay vessel flute the author weaves these oral traditions across time and space into a mesmerizing intellectual journey Focusing on contemporary practice this book serves as a bridge between Chinese and international folklore scholarship and other related disciplines as well Those interested in Chinese culture in general and Chinese folklore literature and oral tradition in particular will certainly delight in perusing this book **Changing Clothes in China** Antonia Finnane, 2008-01-24 Based largely on nineteenth and twentieth century representations of Chinese dress as traditional and unchanging historians have long regarded fashion as something peculiarly Western But in this surprising sumptuously illustrated book Antonia Finnane proves that vibrant fashions were a vital part of Chinese life in the late imperial era when well to do men and women showed a keen awareness of what was up to date Though foreigners who traveled to China in the early decades of the twentieth century came away with the impression that Chinese dress was simple and monotone the key features of modern fashion were beginning to emerge especially in Shanghai Men in blue gowns donned felt caps and leather shoes girls began to wear fitted jackets and narrow pants and homespun garments gave way to machine woven cloth often made in foreign lands These innovations marked the start of a far reaching vestimentary revolution that would transform the clothing culture in urban and much of rural China over the next half century Through Finnane's meticulous research we are able to see how the close fitting jacket and high collar of the 1911 Revolutionary period the skirt and jacket blouse of the May Fourth era and the military style popular in the Cultural Revolution led to the variegated globalized wardrobe of today She brilliantly connects China's modernization and global visibility with changes in dress offering a vivid portrait of the complex subtle and sometimes contradictory ways the people of China have worn their

nation on their backs American Editor in Early Revolutionary China Neil O'Brien, 2004-03 This is a study of Sino American relations and the editorial policy of the China Weekly Review China Monthly Review published in Shanghai by John William Powell during the Chinese Civil War and the Korean War The Review supported US attempts in early 1946 to avert civil war through the creation of a coalition government By 1947 it reflected growing disillusionment with Guomindang policies and increasing sympathy for the demands of impoverished students and faculty for multi party democracy and peace As the Civil War shifted in favour of the Communists in late 1948 Powell and the Review counseled US businessmen to remain in Shanghai and urged the US government to establish working relations with the Communists and later to recognize the new regime Staying in Shanghai to report changes engendered by the Communist victory the Review's staff accommodated themselves to the new orthodoxy and to the regime's coordination of the press During the Korean War the Review opposed the expanding US air war becoming the foremost American purveyor of Chinese and North Korean allegations of American use of bacteriological weapons The Review was also utilized for the political indoctrination of US prisoners of war by the Chinese and North Koreans After closing the Review in July 1953 and returning to the United States Powell his wife Sylvia Campbell and assistant editor Julian Schuman were put on trial for sedition As the government narrowed its focus to the bacteriological warfare issue Powell and his lawyers countered by trying to prove the veracity of the charges seeking witnesses in China and North Korea Adverse publicity led to a mistrial in January 1959 and limitations in both the sedition and treason statutes ended plans to renew prosecution Powell and the Review had insisted that positive diplomatic and economic relations between China and the United States were both possible and desirable The gradual normalization of trade investment and political relations since the 1970s seemed to validate this belief In the post Cold War age when Sino American relations are often strained and tempestuous this book serves as a reminder of the value of making the extra effort to achieve understanding Foreign Relations of the United States United States. Dept. of State, 1956 **Congressional Record Index** , 1951 Includes history of bills and resolutions **China, an Analytical Survey of Literature** United States. Department of the Army, 1978 *Patterns in the Dust* Nancy Bernkopf Tucker, 1983 Chiang Kai shek's Chinese Nationalist government collapsed in 1949 despite United States support for the regime during the anti Communist civil war American policymakers were then forced to choose between rescuing the Nationalists or coming to terms with China's Communist government The Truman Administration caught up in the calculations of cold war diplomacy refused to make a rash decision Secretary of State Dean Acheson likened the Nationalist collapse to a tree falling in the forest the United States would have to wait for the dust settled before it could see ahead clearly *Patterns in the Dust* is a fresh look at a period overwhelmed by later events Drawing on many previously unavailable sources Nancy Bernkopf Tucker assesses the factors that influenced Washington policymakers during the critical few months in which the thirty year estrangement between the two countries began She examines the government's assessment of the chances for accommodation with the Chinese Communists the

careful efforts to ascertain American public opinion and the effects of the Korean War which brought reasoned dialogue to an abrupt end Patterns in the Dust highlights the flexibility that Dean Acheson retained in American policy toward China Acheson emerges as a highly pragmatic man determined to preserve contacts with China simply because as events have proved that was the realistic way to conduct international relations Professional Journal of the United States Army ,1967

Foreign Relations of the United States United States. Department of State,1955 **The "new" Red China Lobby** Robert A. Hunter,Forrest Davis,1966 Made in China Elizabeth O'Brien Ingleson,2024-03-19 Elizabeth Ingleson explores the roots of bilateral trade between the United States and China Telling the story of the 1970s US activists and entrepreneurs who pressed for access to China's vast labor market Ingleson shows how not just Chinese reform but also US deindustrialization fueled a dramatic unanticipated shift in global capitalism U.S. News & World Report ,1973

Eisenhower and American Public Opinion on China Mara Oliva,2018-04-16 In the 1950s most of the American public opposed diplomatic and trade relations with Communist China traditional historiography blames this widespread hostility for the tensions between China and the United States during Dwight D Eisenhower's presidency In this book Mara Oliva reconsiders the influence of U S public opinion on Sino American relations arguing that it is understudied and often misinterpreted She shows how the Eisenhower administration's hard line policy towards Beijing had been formulated in line with U S national security interests not as a result of public pressure However the public did play a significant role in shaping the implementation timing and political communication of Washington's strategy ultimately hampering relations with the Communist giant and seriously heightening the risk of nuclear conflict Drawing together an extensive array of published and unpublished sources this book offers a new prism for understanding one of the most difficult decades in the history of both countries *Military Review* ,1967 **USA: Economics, Politics, Ideology** ,1972 **The Constant Catastrophe** Rolando V. Garcia,José C. Escudero,2013-10-22 The Constant Catastrophe Malnutrition Famines and Drought deals with the 1972 drought and emphasizes the underlying social conditions that are related to its effects The book examines the relationship of drought as a meteorological event and the famine that results as a social event The effects of natural catastrophes become transformed by social structures and political processes in many countries of the world more than which can be attributable to the physical cause itself A striking parallelism that emerges in the study is that climatological analysis implies reference to large scale space and time processes Famine also occurs as anomalies within large scale processes in society famine changes nutritional levels in communities The text proposes a theoretical framework for a methodologically adequate diagnostic tool that can be used in studying the factual events in previous cases of major disasters due to climatic factors Case studies include those that happened in the Sahel Ethiopia India China the United Kingdom and Brazil Among several recommendations one which the book proposes in the management of the effects of drought is to adopt an approach similar to that of the Red Cross The book is suitable for economists environmentalists ecologists and policy
