Roland Bleiker

Popular Dissent Human Agency And Global Politics

Faye Donnelly

Popular Dissent Human Agency And Global Politics:

Popular Dissent, Human Agency, and Global Politics Roland Bleiker, 2000 This book demonstrates how popular dissent is becoming an increasingly important aspect of global politics The author draws upon several case studies including the collapse of the Berlin Wall to show how people influence the course of politics at a time when boundaries between domestic and international spheres are blurring

The Global Resistance Reader Louise Amoore, 2005 The Global Resistance Reader provides the first comprehensive collection of work on the phenomenal rise of transnational social movements and resistance politics from the visible struggles against the financial economic and political authority of large international organizations such as the World Trade Organization World Bank and International Monetary Fund to the much less visible acts of resistance in everyday life The conceptual debates substantive themes and case studies have been selected to open up the idea of global resistance to interrogation and discussion by students and to provide a one stop orientation for researchers journalists policymakers and activists

Affective Communities in World Politics Emma Hutchison, 2016-03-11 Emotions underpin how political communities are formed and function Nowhere is this more pronounced than in times of trauma The emotions associated with suffering caused by war terrorism natural disasters famine and poverty can play a pivotal role in shaping communities and orientating their politics This book investigates how affective communities emerge after trauma Drawing on several case studies and an unusually broad set of interdisciplinary sources it examines the role played by representations from media images to historical narratives and political speeches Representations of traumatic events are crucial because they generate socially embedded emotional meanings which in turn enable direct victims and distant witnesses to share the injury as well as the associated loss in a manner that affirms a particular notion of collective identity While ensuing political orders often re establish old patterns traumatic events can also generate new emotional cultures that genuinely transform national and transnational communities

Alternative Accountabilities in Global Politics Brent J. Steele, 2013 In fields such as politics international relations public administration and international law there is a rapidly growing interest in the topic of accountability In this innovative new work Steele shows how we might recognize how an alternative form of accountability in global politics has been present for some time and that furthermore this form s continued presence remains one of the most politically powerful if not endurable possibilities for resistance in the near future This book argues that the physical and visually shocking outcomes of violence found on the bodies of humans as well as the buildings and landscapes which surround us specifically the scars they leave behind remain one of our most compelling forms of accountability Steele develops the theoretical argument on scars and exteriority utilizing insights from several philosophical and theoretical resources including Hannah Arendt Erving Goffmann and Richard Rorty The work examines scars and their effects through several illustrations including the accounts of Emmett Till Iranian protestor Neda Agha Soltan the Syrian boy Hamza al Khateeb the massacre in WWII and then memorializing throughout the 20th century of the Lidice

children in the modern day Czech Republic the particular architecturally destructive outcomes of the 2008 9 Gaza War the loss of the Twin Towers in New York as well as a variety of violent scars found on the landscapes of Europe and Southeast Asia Emphasizing the importance of the space and time of scars the book illustrates how an alternative form of accountability in the scar can be a useful disruptive spontaneous but also creative practice to challenge the discourses of violence which remain with us today

Billionaires in World Politics Peter Hägel, 2020-12-07 Billionaires in World Politics shows how the privatization of politics assumes a new dimension when billionaires wield power in world politics which requires a re thinking of individual agency in International Relations Structural changes globalization neoliberalism competition states and global governance have generated new opportunities for individuals to become extremely rich and to engage in politics across borders The political agency of billionaires is being conceptualized in terms of capacities goals and power which is contingent upon the specific political field a billionaire is trying to enter Six case studies explore the power of billionaires in their pursuit of security wealth and esteem The chapter on security analyzes Raj Rajaratnam s relationship to the Tamil cause in Sri Lanka and Sheldon Adelson s transnational electioneering in the Israel Palestine conflict Regarding the economy the book studies how the Koch brothers political protection of fossil fuels is affecting climate change mitigation and how Rupert Murdoch s opinion shaping is valorizing conservatism across borders The chapter on social entrepreneurship and esteem examines the role of Bill Gates in the governance of global health and George Soros s attempts to build open societies as a stateless statesman An analytical conclusion evaluates the prior findings in order to address three major questions Is it more appropriate to see billionaires as super actors or as a global super class What is the relative power of billionaires within the international system What does the power of billionaires mean for the liberal norms of legitimate political order

Agency in Transnational Memory Politics Jenny Wüstenberg, Aline Sierp, 2020-07-01 The dynamics of transnational memory play a central role in modern politics from postsocialist efforts at transitional justice to the global legacies of colonialism Yet the relatively young subfield of transnational memory studies remains underdeveloped and fractured across numerous disciplines even as nascent boundary crossing theories on topics such as multi vocal traveling or entangled remembrance suggest new ways of negotiating difficult political questions This volume brings together theoretical and practical considerations to provide transnational memory scholars with an interdisciplinary investigation into agency the who and the how of cross border commemoration that motivates activists and fascinates observers

World Literature Reader Theo D'haen, César Domínguez, Mads Rosendahl Thomsen, 2012-06 World Literature is an increasingly influential subject in literary studies which has led to the re framing of contemporary ideas of national literatures language and translation World Literature A Reader brings together thirty essential readings which display the theoretical foundations of the subject as well as showing its conceptual development over a two hundred year period The book features an illuminating introduction to the subject with suggested reading paths to help readers navigate through the materials texts exploring key themes such as globalization

cosmopolitanism post trans nationalism and translation and nationalism writings by major figures including J W Goethe Karl Marx Friedrich Engels Longxi Zhao David Damrosch Gayatri Chakravorty Spivak Pascale Casanova and Milan Kundera The early explorations of the meaning of Weltliteratur are introduced while twenty first century interpretations by leading scholars today show the latest critical developments in the field The editors offer readers the ideal introduction to the theories and debates surrounding the impact of this crucial area on the modern literary landscape

International Relations, Meaning and Mimesis Necati Polat, 2012-05-31 International Relations Meaning and Mimesis is an innovative assessment of the uses of theory in making sense of international politics opening up new pathways to thinking about the basics of the study area Insights drawn from an interdisciplinary corpus of critical scholarship are synthesized and brought to bear on key concepts such as sovereignty the state peace law justice ethics and supranationality The mainstream characteristically dismisses the narrativity that accompanies these concepts as derivative tending to treat meaning attributable to them as static The work shows how problematic this disdain of mimesis exchange reproduction imitation is and how this mindset effectively incapacitates conventional theorizing in both predicting phenomena and providing a normative vision Integrating the study of international politics into debates in the wider academia over meaning and mimesis this ambitious work is fluent and accessible at the same time with exceptional lucidity in presenting difficult philosophical notions A series of radical positions advanced in the book on theory and methodology not only address and call to account the mainstream imagination on international politics but also outline the implications of this critique for a host of specific issue areas including peace research normative theories international law and European studies

The Social in the Global Jonathan Joseph, 2012-07-12 How do influential social ideas contribute to global governance This book takes an original approach to international relations by looking at the way social ideas help to portray the world in a particular way Jonathan Joseph begins by analysing the role of important concepts such as globalisation global civil society social capital networks and risk then examines the role these concepts play in the discourse of international organisations Using the concept of governmentality he argues that contemporary social theories help justify contemporary forms of governance By comparing organisations like the EU and the World Bank Joseph investigates the extent to which these ideas are influential in theory and in practice

Encyclopedia of Law and Society David S. Clark, 2007-07-10 Introduction to and survey of the field of law and society Includes interdisciplinary perspectives on law from sociology criminology cultural anthropology political science social psychology and economics

Responsibility for Human Rights David Jason Karp, 2014-03-27 An original analysis of which global actors are responsible for human rights in today's world and why

The Persistent Power of Human Rights Thomas Risse, Steve C. Ropp, Stephen C. Ropp, Kathryn Sikkink, 2013-03-07 This book offers a unique combination of quantitative and qualitative research arguing for the persistent power of human rights norms

Making Global Society Barry Buzan, 2023-08-10 Barry Buzan proposes a new approach to making International Relations a truly global discipline

that transcends both Eurocentrism and comparative civilisations He narrates the story of humankind as a whole across three eras using its material conditions and social structures to show how global society has evolved Deploying the English School's idea of primary institutions and setting their story across three domains interpolity transnational and interhuman this book conveys a living historical sense of the human story whilst avoiding the overabstraction of many social science grand theories Buzan sharpens the familiar story of three main eras in human history with the novel idea that these eras are separated by turbulent periods of transition This device enables a radical retelling of how modernity emerged from the late 18th century He shows how the concept of global society can build bridges connecting International Relations Global Historical Sociology and Global World History The Politics of International Law Christian Reus-Smit, 2004-04-29 Politics and law appear deeply entwined in contemporary international relations Yet existing perspectives struggle to understand the complex interplay between these aspects of international life In this path breaking volume a group of leading international relations scholars and legal theorists advance a new constructivist perspective on the politics of international law They reconceive politics as a field of human action that stands at the intersection of issues of identity purpose ethics and strategy and define law as an historically contingent institutional expression of such politics They explain how liberal politics has conditioned modern international law and how law feeds back to constitute international relations and world politics This new perspective on the politics of international law is illustrated through detailed case studies of the use of force climate change landmines migrant rights the International Criminal Court the Kosovo bombing campaign international financial institutions and global governance International Relations Theories Timothy Dunne, Milja Kurki, Steve Smith, 2013-01-03 Drawing on a wealth of expertise from an international team of contributors the second edition of International Relations Theories presents a diverse selection of theoretical positions Arguing that theory is central to explaining the dynamics of world politics editors Tim Dunne Milja Kurki and Steve Smith cover a wide variety of theoretical positions from the historically dominant traditions to powerful critical voices since the 1980s The editors have brought together a team of international contributors each specializing in a different theory The contributors explain the theoretical background to their positions before showing how and why their theories matter The book opens up space for analysis and debate allowing students to decide which theories they find most useful in explaining and understanding international relations **Corporate Social Performance** Agata Stachowicz-Stanusch, 2016-10-01 Corporate Social Performance reflecting on the past and investing in the future is aimed at filling the fundamental gap that exists in our understanding of the drivers Corporate Social Performance its evolution and relationships with the existing concepts and theories and the paradoxes that come from those connections Moreover the volume aims at shedding the light on most important pitfalls that may occur while CSP application in business practice The last but not least reason for its publishing is to show Corporate Social Performance as a significant pathway to the better world that as I hope will be the inspiration for the readers This book is authored by a range of international experts and

scientists from all over the world with a diversity of professional and cultural backgrounds what hopefully will give the readers the opportunity to understand the CSP concept from different perspectives *Gender Politics and Security Discourse* Laura McLeod, 2015-07-16 This book investigates competing modes of thought about gender security and aims to understand the policy implications of personal political imaginations The work draws upon extensive research conducted by the author in Serbia to develop a comprehensive picture of how feminist and women s organising relates to the broader national and international contexts surrounding gender security Through an innovative analytical framework of personal political imaginations the book explores the role that memories perceptions and hopes about conflict and post conflict have upon the logics of gender security It investigates how contrasting and competing modes of thought about gender security are made paying attention to how the dynamics of gender politics in Serbia shape the security discourse and narratives of activists The volume explores in detail how feminist and women s organisations have responded to UNSCR 1325 by analysing two policy debates and campaigns that seek to achieve its goals and gender security in Serbia 1 feminist antimilitarism and 2 connecting domestic violence to the abuse of small arms and light weapons Ultimately the book argues that the configuration of gender security discourse is intimately linked to personal political imaginations of conflict and post conflict This book will be of much interest to students of gender politics conflict studies critical security studies European politics and IR in general

Simon Dalby: A Pioneer in International Relations Simon Dalby, Roger Boyd, 2025-06-11 This book profiles Simon Dalby s academic contributions in the fields of critical geopolitics environmental security and the intersection of international relations and the Anthropocene It includes reprints of key essays that highlight innovations in critical thought at the intersections between geopolitics environment and security Starting with an analysis of American reconstructions of the Soviet threat in the 1970s an early contribution to the emerging field of critical geopolitics subsequent papers focus on the emergent formulations of environmental security in the aftermath of the Cold War and the environmental costs of globalization Focusing on the implicit geographical framing in discourses of globalization offered a critique that extended the ambit of critical geopolitics to grapple with the issues of environmental security and the rising concern with climate change as well as the political identities invoked in that debate In the aftermath of 9 11 similar arguments about contextualization applied to the American global war on terror and the revival of discussions of empire and its geographies both in arguments for invading Iraq as well as the wider discussions in policy discourse and popular culture Simultaneously the emergence of earth system science and the concept of the Anthropocene offered another way to highlight the dangers of fossil fueled economic activities The necessity of fundamentally rethinking the premises of security policy in light of this recontextualization is emphasized in more recent contributions on climate security and the current ecological crisis Critical geopolitics Environmental security Global war on terror Firepower in the Anthropocene **Securitization and the Iraq War** Faye Donnelly, 2013-08-15 This book critiques the conceptualization of security found in mainstream and critical

theoretical debates and applies this to the empirical case of the 2003 Iraq War The Iraq War represents one of the most puzzling complex and controversial events in the post Cold War era The manner in which the Bush administration finally decided to hold Saddam Hussein accountable through military intervention provoked a worldwide outcry due to the narratives they constructed to justify the pre emptive use of force and enhanced interrogation techniques Responding to constructivist and post structuralist scholars calls for a turn to discourse and aligning its argument with critical security studies particularly the Copenhagen School CS this book conceptualizes language as a pivotal mechanism of power Adopting a Wittgensteinian approach it moves away from thinking about the nexus between security and language from a single action or speech act to a series of actions or interactions To illustrate this new approach the author examines two cases in particular the UN inspectors finding that there was no credible evidence that Iraq possessed weapons of mass destruction WMD in early 2003 and the Abu Ghraib scandal in 2004 Both events show that the boundaries and relations between securitized rules and environments are not pre given but produced in a particular language game This book will be of much interest to students of critical security studies US foreign policy and IR in general Global Shell Games Michael G. Findley, Daniel L. Nielson, 2014-01-23 Every year a staggering number of corporate service providers mask perpetrators of terrorist financing corruption and illegal arms trades but the degree to which firms flout global identification standards remains unknown This book sheds new light on the sordid world of anonymous shell corporations through a series of field experiments

Popular Dissent Human Agency And Global Politics Introduction

In today's digital age, the availability of Popular Dissent Human Agency And Global Politics books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Popular Dissent Human Agency And Global Politics books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Popular Dissent Human Agency And Global Politics books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Popular Dissent Human Agency And Global Politics versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Popular Dissent Human Agency And Global Politics books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Popular Dissent Human Agency And Global Politics books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Popular Dissent Human Agency And Global Politics books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which

provides a vast collection of digitized books and historical documents. In conclusion, Popular Dissent Human Agency And Global Politics books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Popular Dissent Human Agency And Global Politics books and manuals for download and embark on your journey of knowledge?

FAQs About Popular Dissent Human Agency And Global Politics Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Popular Dissent Human Agency And Global Politics is one of the best book in our library for free trial. We provide copy of Popular Dissent Human Agency And Global Politics in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Popular Dissent Human Agency And Global Politics. Where to download Popular Dissent Human Agency And Global Politics online for free? Are you looking for Popular Dissent Human Agency And Global Politics PDF? This is definitely going to save you time and cash in something you should think about.
