There is a great deal of
work to be done in the
field of printing and graphic
arts. It is a field which is
constantly expanding and
evolving. The work of the
printer is not only to
reproduce the written word
but also to create a visual
statement which is both
artistic and functional.

The graphic printer who has had his work done that needs the same
with the help of this paper to finish the picture. The printed character
has already appeared in the newspaper, on signs, but here it
stands out in print as well, more clearly than ever before. The
printer's work is not only to reproduce the written word but also to
create a visual statement which is both artistic and functional.
