Proposed Mutual Defense and Assistance Programs United States. Agency for International Development, 1964 *Aid and Influence* Stephen Browne, 2012-04-27 Aid is always a means of influence political commercial military and security related Some influence is benign but much of it is coercive even imperialistic Given the nature of aid its effectiveness should be judged not only in developmental terms but in terms of international relations Even donors agree that on both counts the returns are meagre This book drawing on the author's 30 years of field experience proposes two kinds of solution donors should climb down from paternalistic central planning practices and support public goods that are neutral and beneficial cancellation of debt fair trade responsible economic governance vaccine production peace making and peace keeping For their part developing countries should follow the example of the most successful among them recognize the true costs of free aid exercise their prerogative to choose their development partners and start paying their own way **Proposed Economic Assistance Programs** United States. Agency for International Development, 1963 *Forest Transition Deficiency Syndrome* Emmanuel Ametepheh, 2019-01-04 While previous studies focus on lack of enforcement of forest laws poverty and ecological values of forest dependent people coherent studies on people's motivations for forest illegalities and non compliance behavior remain scanty Emmanuel Ametepheh argues that the systematic analysis of cause and effect patterns related to forest management measures and policies through the lenses of the Forest Transition Theory uncovers severe limitations The resulting multi complex stress factors adversely impact and hence manifest in the form of deviant compliance behavior syndrome in the management endeavor of forest fringe people The Author shows that motivations for forest illegalities and associated non compliance behavior is largely an outcome of adverse experiences forest people have been subjected to as a result of historical and contemporary neglects and marginalization in the management endeavor *Development Finance in the Global Economy* T. Addison, G. Mavrotas, 2008-04-17 A positive chapter has begun in finance for poor countries Yet progress remains tentative This book looks at how to make international finance better serve the needs of poor countries and poor people It contains contributions by economists and political scientists who have been at the centre of the international policy debate World Development Indicators 2005 , 2005-01-01 World Development Indicators was launched in 1978 to give a statistical snapshot of the progress being made on a range of economic and social development issues and the challenges remaining both at national level and aggregated globally The 2005 edition of this annual publication includes over 80 tables and 800 indicators for 152 economies and 14 country groups together with basic indicators for a further 55

economies organised under six thematic headings including the progress made towards achieving the Millennium Development Goals Indicators cover a wide range of topics including poverty and inequality population and migration gender issues health and education housing and urbanisation environment and sustainable development pollution the economy and trade business and investment conditions Most of the statistics are compiled from data provided by national statistical agencies The publication is also available in CD ROM formats for single users ISBN 0821360728 and multi users ISBN 0821360736
