RSPB Birds: Their Hidden World Peter Holden,2016-01-28 Even if you are an enthusiastic bird watcher the details of how birds fly why they behave as they do how they breed and their extraordinary travels can seem very mysterious This lively new book aims to give readers a broad understanding of how birds work from their physical make up to courtship and breeding social activity and their spread and travels Readers will be able to interpret the kind of bird activity and behaviour that they see and hear in their gardens as well as in the wider countryside and on nature reserves Designed for the general interest reader and written in a lively and accessible style the book is presented as a series of beautifully illustrated page spreads enhanced by fully captioned photographs and with case studies of individual species of British and European birds

Birds In Counties: An Ornithological Bibliography Of The Counties Of England, Wales, Scotland And The Isle Of Man David K Ballance,2000-05-05 This is an ornithological bibliography for the counties of England Wales and Scotland and for the Isle of Man It includes all known books pamphlets and papers which contain substantial studies of the birds of local areas from a county down to a back garden or a gravel pit Each county has an introduction on its boundaries and the history of its ornithology There has been no comprehensive national publication of this kind since Mullens Swann and Jourdain s Geographical Bibliography in 1920 The volume also provides a detailed record of the many county and local bird reports and of the ever increasing number of area surveys produced by statutory and voluntary bodies The material is arranged by the pre 1974 counties and takes the record up to 1995 There are maps to show the many changes in county boundaries since 1800 The book will be a standard reference work for libraries and collectors and for anyone interested in the rich and diverse development of local ornithology in its homeland

RSPB Guide to Birdsong Adrian Thomas,2019-04-04 An RSPB audio and book guide to the birdsong of Britain s best known bird species Birdsong is the natural soundtrack to our lives and can evoke a powerful sense of time place and season Often profoundly beautiful it is also the most effective way to discover many birds and birds songs and calls reveal much about their lives and

behaviour But identifying which bird is making which sound can seem challenging With this groundbreaking and easy to use RSPB guide Adrian Thomas helps you learn and identify bird sounds step by step and at your own pace Whether you are an experienced birdwatcher or just enjoy hearing the birds in your garden this new guide will open your ears like never before to the amazing songs and calls around you Together the book and CD combine to create an RSPB endorsed sound guide to more than 100 songs and calls of 65 garden woodland and farmland birds and a reference section describes in detail the sounds of a further 185 birds of Britain and north west Europe The 68 minute narrated recording can also be downloaded to listen to on the go and is accompanied by beautiful colour photographs annotated sonograms and test yourself sections

Passions for Birds Sean Nixon, 2022-05-15 Whether as sources of joy and pleasure to be fed counted and watched as objects of sport to be hunted and killed or as food to be harvested wild birds evoke strong feelings Sean Nixon traces the transformation of these human passions for wild birds from the early twentieth century through the 1970s detailing humans close encounters with wild birds in Britain and the wider North Atlantic world Drawing on a rich range of written sources *Passions for Birds* reveals how emotional subjective and material attachments to wild birds were forged through a period of pronounced social and cultural change Nixon demonstrates how for all their differences new traditions in birdwatching and conservation field sports and bird harvesting mobilized remarkably similar feelings towards birds Striking similarities also emerged in the material forms that each of these practices used to bring birds closer to people hides and traps nets and ropes and binoculars Wide ranging in scope *Passions for Birds* sheds new light on the ways in which wild birds helped shape humans throughout the twentieth century as well as how birds themselves became burdened with multiple cultural meanings and social anxieties over time

RSPB Garden Birds Marianne Taylor, 2019-11-14 A lavish celebration of 47 of the most frequent and familiar birds found in gardens around the British Isles Even the smallest garden attracts some birdlife and watching garden birds is a great joy for all nature lovers especially those who cannot travel as widely as they might like Garden birdwatchers are often new to birdwatching and can feel daunted by the array of species covered in even a small field guide to British birds This beautiful book focuses wholly on birds that are frequent garden visitors to the UK and reveals details of how they live how you can bring them into your garden and boost their survival and breeding success and how to identify them It is divided into logical categories for the non expert Forty seven garden bird species are treated in detail over two or four pages with more extended accounts for the most widely observed garden species Marianne Taylor looks at each species life history behaviour and breeding habits advising how to attract and support each bird in your garden as well as sorting out all common identification conundrums Chapters are interspersed with spreads on general practicalities of garden birdwatching and managing a wildlife garden More than 200 spectacular photographs will reveal every detail of our garden birds appearance and behaviour and side by side images are included for more difficult to identify species The final chapter deals with birds that are welcome but less regular visitors and encourages readers to venture into the wider world of

birdwatching *Seventy Years of Birdwatching* H.G Alexander,2010-10-30 This is a book about birdwatching birdwatchers and above all birds It is in some measure also a history of the development of modern ornithology in Britain although the author s birdwatching extended over parts of three continents Europe India and North America Seventy Years of Birdwatching is not truly an autobiography there is too little about the author in it though the personality of this exceptional shy and gentle man comes through H G Alexander began birdwatching in earnest in 1898 and has never stopped He has met or corresponded with most of the leading ornithologists of this century his first article in British Birds appeared in 1909 and it may surprise many to discover how much of practical ornithology that is deliberated today was debated and practised so many years ago During more than seventy years the author has witnessed important changes in resident and migrant bird populations in Britain Dungeness for example was almost as uninhabited as the moon when he first knew it and Kentish Plovers bred there by the score but Carrion Crows were a rarity Over the years he saw the gradual decline of the Red backed Shrike Corncrake and Wryneckbut he was instrumental in bringing one bird to Britain the hitherto undiscovered Willow Tit which he with others helped to identify Fifty years ago H G Alexander had already covered scores of six inch Ordnance Survey maps with his mapping records and these together with his notebooks and correspondence with contemporaries supply an absorbing glimpse of a birdwatching era that was fascinatingly like and yet unlike our own Perhaps this is why today s birdwatcher has only to turn the pages to be enthralled **Birds** ,1984 **Where to Watch Birds in Southeast England** David Callahan,2024-05-28 The definitive site guide to a surprisingly bird rich corner of England Kent Essex and the Greater London area From the deep forests of Kent to the low lying mudflats beaches and saltmarshes of the Greater Thames Estuary this ecologically rich area of England attracts vast numbers of wildfowl and waders The region boasts many internationally and nationally important reserves including Rainham Marshes and Cliffe Pools while Dungeness in Kent is one of Britain s best known birding hotspots for vagrant species such as Penduline Tit and Kentish Plover London itself contains numerous birdwatching sites including Barnes and Woodberry Wetlands along with some of the best spots in Britain for scarcities such as Lesser Spotted Woodpecker and Black Redstart From Marsh Harrier and Firecrest to Curlew and Lapwing there is plenty for birdwatchers to enjoy while exploring the parks wetlands woodlands and coast of southeast England Written by life long birdwatcher David Callahan this is the definitive guide to the birding highlights of the region It contains a comprehensive review of all the major sites and many lesser known ones with maps notes on access and information on target species and when to visit Where to Watch Birds in Southeast England is indispensable for any birder exploring the region or anyone in London wanting to head out to the countryside and enjoy a slice of our rich avian heritage **RSPB Birdwatching for Beginners** Rob Hume,2013-03 A practical guide to observing identifying and understanding birdsIf you want to know what birds are likely to turn up in your garden or where to go to see spectacular bird life RSPB Birdwatching for Beginners is the best place to start Perfect for the novice birdwatcher with everything you need to know about observing
