A Guide to

## TEACHER PLANNING

### 1 The Year

Get an overall feel for the year ahead you will be teaching. Consider what will be a successful year for you and what you will have 20-30 effective lessons in the year.

### 2 The Term

This guide includes a three volume set. It is recommended that Term 1 begins with a review of the previous year's assessment, and the outstanding of students. Term 2 includes report writing as class Term 3, as it is often a good idea to reserve some major topics or revision for these periods.

### 3 The 4-Week block

The 4-week block is block of time within the year filled with a collection of lessons that connect to each other. Using 4-week blocks helps in planning, making connections and helping/progression.

### 4 The Unit of Work

Units of work will require several lessons in order for students to gain a understanding of a concept. **Curriculum Threads Charts** can assist in developing unit of work.

### 5 The Lesson

The lesson is where your planning is put into action. Having a lesson plan can improve student outcomes and create planning notes.
