Makers Of The Modern Theological Mind Rudolf Bultmann:

Rudolf Bultmann Morris Ashcraft, 2016-01-01 How does modern science respond to the obsolete language of Scripture Bultmann's lifelong task as a devout Lutheran was to demythologize the Bible's message so people could hear the Christian gospel and respond authentically He expands on the form criticism of Hermann Gunkel and Martin Dibelius About the Makers of the Modern Theological Mind series Who are the thinkers that have shaped Christian theology in our time This series tries to answer that question by providing a reliable guide to the ideas of the men who have significantly charted the theological seas of our century Each major theologian is examined carefully and critically his life his theological method his most germinal ideas his weaknesses as a thinker his place in the theological spectrum and his chief contribution to the climate of theology today

Søren Kierkegaard Elmer H. Duncan, 2016 Søren Kierkegaard 1813-1855 little known or read outside of Denmark in his own day has come to be widely appreciated for his affirmation of the Christian faith and his critique of the human condition He is responsible for one of the major currents of twentieth century thought existentialism which emphasizes the priority of existence over essence Christian existentialism appropriated his insights for theology and ethics stressing human experience freedom and the commitment of faith Elements of his approach are found in Karl Barth Paul Tillich Emil Brunner Rudolf Bultmann Reinhold Niebuhr and Karl Rahner Kierkegaard tried to clarify for his

contemporaries the nature of Christianity stressing that no philosophical system could explain the human condition He emphasized the subjectivity of truth and could not refrain from attacking the cold formality and indifference of the state church of his day In this book Dr Duncan guides the reader critically and skillfully through Kierkegaard s life and works Book jacket

20th-Century Theology Stanley J. Grenz,Roger E. Olson,2010-01-26 Stanley J Grenz and Roger E Olson offer a sympathetic guide and a critical assessment of the significant theologies and theologians of the 20th century They trace the shifts in theol ogy as it has moved back and forth between God s immanence and God s transcendence *RUDOLF BULTMANN* Adriano da Silva Carvalho,2024-11-13 The work of theologian Rudolf Bultmann is often judged without due consideration of the historical and personal circumstances in which it occurred It is forgotten that theology is always carried out in a specific context Thus this book aims to do justice to this theologian by recognizing the relevance of his hermeneutical method It will be demonstrated that demythologization is a powerful exegetical apologetic operation because at the same time that it points to the mythological layer that covers the text of the New Testament it emancipates it from myth The next step will be to show that by recognizing a mythological envelope covering the text of the New Testament Bultmann intended to prove that the mythological vision itself had a fundamentally existential purpose This is because mythological language does not present an objective image of the world as it is on the contrary it seeks to communicate the understanding that man has of himself in the world in which he lives Therefore the myth should be interpreted not cosmologically but anthropologically or better still existentially It is therefore from this perspective that Bultmann seeks to highlight the relevance of the message of the New Testament

High-church Baptists in the South James E. Tull,2000 James E Tull s study and critique of the history and teachings of Landmarkism has established itself as a classic treatment of this important movement This present version of that study is the revised condensed and updated edition of Tull s 1960 original Tull did not finish the revision before he died in 1989 but Morris Ashcraft has now completed that task according to Tull s directions and notes Ashcraft has also added a helpful preface With this new edition of Tull s invaluable work on Landmarkism a new generation of historians students and all seeking to understand Baptists have at hand a most helpful teacher Tull on Landmarkism

Baptist Theology James Leo Garrett,2009 This title offers a comprehensive analysis of Baptist theology Embracing in one common trajectory the major Baptist confessions of faith the major Baptist theologians and the principal Baptist theological movements and controversies this book spans four centuries of Baptist doctrinal history Acknowledging first the pre 1609 roots patristic medieval and Reformational of Baptist theology it examines the Arminian versus Calvinist issues that were first expressed by the General Baptists and the Particular Baptists that dominated English and American Baptist theology during the seventeenth and eighteenth centuries from Helwys and Smyth and from Bunyan and Kiffin to Gill Fuller Backus and Boyce and that were quickened by the awakenings and the missionary movement Concurrently there were the Baptist defense of the Baptist distinctives vis a vis the pedobaptist world and the unfolding of a strong Baptist

confessional tradition Then during the nineteenth and twentieth centuries the liberal versus evangelical issues became dominant with Hovey Strong Rauschenbusch and Henry in the North and Mullins Conner Hobbs and Criswell in the South even as a distinctive Baptist Landmarkism developed the discipline of biblical theology was practiced and a structured ecumenism was pursued Missiology both impacted Baptist theology and took it to all the continents where it became increasingly indigenous Conscious that Baptists belong to the free churches and to the believers churches a new generation of Baptist theologians at the advent of the twenty first century appears somewhat more Calvinist than Arminian and decidedly more evangelical than liberal Faith at the Intersection of History and Experience Brent A. R. Hege,2009-01-01

This present study is the first in Engli Georg Wobbermin 1869 1943 who has been called a captain of the liberal rearguard Widely read and discussed in his own lifetime Wobbermin s theology fell into obscurity as dialectical theology rose to prominence in the years following the First World War Faith at the Intersection of History and Experience presents the major themes of Wobbermin s theology particularly his analysis of the relationship between faith and history and his development of a religio psychological theological method that places faith at the intersection of history and experience Wobbermin s critiques of recent and contemporary approaches to the problem of faith and history and his attention to theological method reveal a sustained effort to continue what he called the Luther Kant Schleiermacher line of Protestant theology The consistent emphasis in Wobbermin s theology is on the systematic interrelation of objectivity and subjectivity an approach he considered to be a faithful continuation of the Reformation but one that invited conflict with the dialectical theologians chiefly Karl Barth Wobbermin s debates with Barth on issues of method reveal a vibrant and sophisticated liberal theology co existing with the dialectical theology that is conventionally assumed to have eclipsed it over a decade earlier Building on work that has been done primarily in German this study of one of the forgotten theologians of the early twentieth century appears as more German British and American theologians and historians are returning to this period of theology with renewed interest and fresh questions and it addresses an often neglected period of modern Protestant thought in histories currently available in English Catalog of Copyright Entries. Henry, 2019-11-27 Discover the ongoing relevance of the essential evangelical In recent years the label evangelical has been distorted and its usefulness questioned No one is better equipped to provide a clear understanding of

evangelicalism than the late Carl F H Henry the founding editor of Christianity Today and the most influential theologian of American evangelicalism in the twentieth century While Billy Graham was preaching the gospel to stadiums full of people Henry was working tirelessly to help Christians adopt a worldview that encompasses all of life Architect of Evangelicalism helps us gain a better sense of the roots of American evangelicalism by giving us the best of Henry s Christianity Today essays on subjects such as what defines evangelicalism what separates it from theological liberalism what evangelical Christian education should look like and how evangelicals should engage with society *The Ninety-Sixth Thesis* Brian A. Bompiani, 2020-09-29 Five hundred years ago Martin Luther posted his ninety five theses or grievances to the door of the All Saints Church of Wittenberg and condemned the Catholic Church s teaching of indulgences as nothing but a scheme to raise money for the church It is a supreme irony of history that five hundred years later it is now a subset of the Protestant Church that is defrauding the faithful The Catholic Church s teaching of indulgences and the evangelical movement s teaching of tithing to be blessed are substantially the same and lead to the same result In both cases the church walks away with a bag of money and the Christian walks away with a bag full of empty promises This book explains why I am losing faith in the church but finding faith in Christ The reason for this is that I began finding answers to some of the most elusive questions about God Something is preventing God from doing all the good that he would otherwise want to do But here is the problem How can God have limitations If he has limitations then he must not be divine However there is one thing that could prevent a good all powerful God from doing all the good that he would otherwise want to do that would not detract at all from his omnipotence What this is and how it holds the key to unlocking some of the most perplexing mysteries of God is explained in this book Old Testament Theology Ben C. Ollenburger, 2004 In this extensively revised and updated edition of *The Flowering of Old Testament Theology* Professor Ollenburger provides help for beginning theological students who are frequently overwhelmed by the proliferation of volumes dealing with Old Testament theology to say nothing of the variety of approaches used in these works This textbook has been re issued with a new title *Old Testament Theology Flowering and Future* Selected essays include key theological statements of Otto Eissfeldt Walther Eichrodt Theodorus C Vriezen George E Wright Gerhard von Rad Walther Zimmerli John L McKenzie Ronald E Clements Walter C Kaiser Jr Samuel L Terrien Claus Westermann Brevard S Childs Rolf Knierim Horst D Preuss Walter Brueggemann Paul R House Bernhard W Anderson Erhard S Gerstenberger Hartmut Gese Phyllis Trible Jon D Levenson John H Sailhamer Gunther H Wittenberg James Barr R W L Moberly and Mark G Brett An appendix contains Johann P Gabler s 1787 seminal essay on biblical theology An extensive bibliography and indexes of authorities and Scripture references conclude the volume Publisher
