Making Theory/Constructing Art Daniel Alan Herwitz, Daniel Herwitz, 1996-05-15 Artists and critics regularly enlist theory in the creation and assessment of artworks but few have scrutinized the art theories themselves Here Daniel examines and critiques the norms assumptions historical conditions and institutions that have framed the development and uses of art theory Spurred by the theoretical claims of Arthur Danto a leader in the philosophy of the avant garde Herwitz reexamines the art and theory of major figures in the avant garde movement including John Cage Jean Fran ois Lyotard Jean Baudrillard and Andy Warhol

Making Theory/Constructing Art Daniel Herwitz, 1993-11 Artists and critics regularly enlist theory in their creation and assessment of artworks but few have scrutinized the art theories themselves Making Theory Constructing Art On the Authority of the Avant Garde is among the first philosophical texts to provide a close encounter with this theoretical tendency in twentieth century art and aesthetics exploring the norms assumptions historical conditions and institutions that have framed the development and uses of theory in art In a series of intricate readings of constructivism Mondrian and John Cage Daniel Herwitz outlines the avant garde's belief that theory can perfectly prefigure the avant garde art object and invest it with utopian force Through similarly insightful treatments of Arthur Danto Andy Warhol Jean Francois Lyotard Jean Baudrillard and postmodern art and theory Herwitz demonstrates how the contemporary art world is heir to the avant garde's theoretical assumptions and practices In fact avant garde art objects live as art only by partly resisting the master theories of their makers and interpreters Skillfully resisting the lure of grand theory himself Herwitz urges the art world to be more self critical and self reflective about its uses of theory Making Theory Constructing Art is as accessible and entertainingly written as it is philosophically incisive Since the book is both a philosophical and a cultural encounter with theory in twentieth century art it will engage all those who have tried to grapple with the inscrutability of the theoretical art muse
