Can Your Relationship Be Saved? Michael S. Broder, 2002 The title of this book captures one of the most commonly explored issues that I have dealt with in my office over the past three decades as a practicing clinical psychologist Thus begins Dr Broder's wise and compassionate guide to assessing a faltering love relationship and answering the fundamental question asked by the book's title Broder addresses individuals and couples in marriages or any other type of love relationship or romance long or short term and of any sexual orientation His 40 item Can Your Relationship Be Saved Inventory asks the right questions But readers are not left there The chapters that follow gently guide them in exploration of what is likely to happen if What if I go What if I stay Readers will find direction in answering those questions for themselves and the information and strategies to help them act on their decisions Can Your Relationship Be Saved speaks in a warm unabashedly upbeat and optimistic manner directly to the painful ambivalence that results when you are unable to determine how you really feel Broder's guidance is packed with practical road maps and direction finders avoiding glibness clichés pat answers or someone else's value judgments that will rarely hold up for you in the end

The Child Custody Book James W. Stewart, 2000 It is almost always in your children's best interest to settle a case with or without mediation rather than to litigate in court said Judge Stewart His book fully clearly and concisely explains the process of court child custody litigation It shows how custody decisions are made what can be expected at each stage of the process and how parents can insure that their abilities are clearly presented to persons with influence over the custody decision It is intended to eliminate surprises that could lead to costly mistakes along the way Parents who settle custody disputes out of court will not only save tens of thousands of dollars but will have avoided the rancor and hostility of a custody trial that makes future cooperation in raising the children almost impossible With help from a capable and experienced attorney this book will allow the reader to present her his case for custody in its best possible light A must read for divorcing parents custody evaluators family psychologists and marriage and family therapists

[Intimate Connections](#) R. Winn Henderson M. D., 2014-06-06. In our modern society, we live isolated lives among crowds of people, and with most of us rushing from here to there. All the while, many people make demands on our time and our talents. We search for someone with whom we can share an intimate connection, yet it seems to elude many of us. How can we find the intimacy we crave when we and everyone else always seem to be rushing and coping with so many competing schedules and agendas? Wouldn't it be great if you could identify whether you and another person have enough in common to build a truly intimate relationship that holds the love potential that might enable you to have a healthy loving relationship for years to come? If you're already in a loving relationship, are you looking to improve or strengthen your bond with each other in a way that will withstand the stresses of living in our modern, increasingly busy and sometimes isolating society? Are you living with the fear that you and your relationship partner are growing farther apart, and that although you both want to fix what's wrong, you just can't seem to get there? Have you found someone with whom you feel mutual attraction and want to quickly determine whether there's a potential future for the two of you before one or both become too emotionally connected? Is your relationship somewhere in between the scenarios presented above, or a combination or something else altogether, but you want to grow the relationship into something better or more than it is today? Are you single and without a relationship partner on the horizon, but you want to learn more about positive and healthy relationships so you know how to approach future romantic relationships?
