Making Connections Susan Hillier,2000

Marriage and Family Robert H. Lauer,Jeanette C. Lauer,2000

Interventions to Prevent or Reduce Unhealthy Habits in Children and Adolescents during Restricted Conditions Mojtaba Keikha,Mostafa Dianati,Motahar Heidari-Beni,Mohammad Hossein Ebrahimi,2024-12-27 The prevalence of childhood overweight and obesity has increased worldwide in recent decades Childhood obesity is associated with serious health problems and the risk of premature illness and death later in life In addition there is a growing concern over the effects of sedentary lifestyles on young people s health Low physical activity and sedentary behaviour are associated with metabolic and mental health during childhood and adolescence Parallel to obesity and low physical activity in children and adolescents excessive use of the virtual space including increased screen time activity or internet and smartphone addiction is among the most important health threatening factors for children and adolescents

Sex and the Internet Al Cooper,2013-08-21 This groundbreaking book is the first of its kind to thoroughly explore the topic of cybersex and the effects of Internet use on sexuality Focusing on treatment and assessment issues and the clinical implications of cybersex this authoritative volume provides mental health professionals with an analysis of the most recent empirical evidence along with research specific to the impact of Internet use on couples and families gay men people with disabilities children and the workplace Edited by one of the leading researchers clinicians and authors in the emerging field of sex and the Internet this book addresses the growing complexity of Internet sex issues and their impact on psychological functioning

The Impact of Technology on Relationships in Educational Settings Angela Costabile,Barbara Spears,2013-02-28 As the linguistic cognitive and social elements of our lives are transformed by new and emerging technologies educational settings are also challenged to respond to the issues that have arisen as a consequence This book focuses on that challenge using psychological theory as a lens to highlight the positive uses of new technologies in relationships and educational settings and to advocate technological learning opportunities and social support where the misuse and abuse of ICT occurs The Impact of Technology on Relationships in Educational Settings sets out to explore the role of ICTs in relationship forming social networking and social relationships within our schools and has grown out of the European Cooperation in Science and Technology COST Action on cyberbullying involving 28 participating countries and two non COST countries of which Australia is one This cutting edge international text offers cross cultural psychological perspectives on the positive uses of new and emerging technologies to improve social relationships and examples of best practice to prevent virtual bullying This comes at a time when much of the focus in current writings has been on the more negative aspects which have emerged as new technologies evolved cyberbullying cyber aggression and cybersafety concerns This text is ideally suited to researchers and practitioners in the fields of Educational and developmental psychology as well as those specialising in educational technology and the sociology of education

Family Dynamics and Romantic Relationships in a Changing Society Silton, Nava R.,2017-02-08 As

society changes and develops personal relationships can be significantly affected by evolving cultures By examining amorous and familial bonds in the present era a comprehensive understanding of relationship formation and development can be established Family Dynamics and Romantic Relationships in a Changing Society provides a thorough examination of the types of emotional relationships that different cultures participate in Highlighting innovative topics across a range of relevant areas such as LGBTQ relationships long distance relationships interracial dating and parental techniques this publication is an ideal resource for all academicians students librarians and researchers interested in discovering more about social and emotional interactions within human relationships

Research Handbook on Couple and Family Relationships Nickola C. Overall,Jeffrey A. Simpson,Justin A. Lavner,2025-01-09 This prescient Research Handbook facilitates the integration between two substantial yet often separate fields the study of couple relationships and the study of family relationships An array of expert contributors provide an up to date understanding of these important bonds highlighting opportunities for consolidation and growth and identifying new avenues of research

The Routledge Handbook of Family Communication Anita L. Vangelisti,2012-11-27 With a synthesis of research on issues key to understanding family interaction as well as an analysis of many theoretical and methodological choices made by researchers studying family communication the Handbook serves to advance the field by reframing old questions and stimulating new ones The contents are comprised of chapters covering theoretical and methodological issues influencing current conceptions of family research and theory centering around the family life course communication occurring in a variety of family forms individual family members and their relationships dynamic communication processes taking place in families family communication embedded in social cultural and physical contexts Key changes to the second edition include updates throughout providing a thorough and up to date overview of research and theory new topics reflecting the growth of the discipline including chapters on singles as family members emerging adults and physiology and physical health Highlighting the work of scholars across disciplines communication social psychology clinical psychology sociology family studies and others this volume captures the breadth and depth of research on family communication and family relationships The well known contributors approach family interaction from a variety of theoretical perspectives and focus on topics ranging from the influence of structural characteristics on family relationships to the importance of specific communication processes

Fathers, Families and Relationships Caroline Gatrell,Esther Dermott,2019-03-06 In this exciting book leading fatherhood scholars from Europe and Scandinavia offer unique insights into how to research fathers and fatherhood in contemporary society Outlining research methods in detail including examples of large scale studies online research surveys and visual and aural methods they explore how each approach worked in practice what the benefits and pitfalls were and what the wider and future application of the chosen research methods might be Covering a wide range of subjects from non resident fathers to father engagement in child protection this major contribution to the field also critiques and addresses the notion that fathers

especially young fathers can be hard to reach Essential reading for both students and policy makers in a fast growing area of interest

Computer-mediated Communication in Personal Relationships Kevin B. Wright, Lynne M. Webb, 2011 Lynne M Webb Ph D University of Oregon is Professor in Communication at the University of Arkansas She previously served as a tenured faculty member at the Universities of Florida and Memphis Her research examines young adults interpersonal communication in romantic and family contexts Her research appears in over 50 essays published in scholarly journals and edited volumes including computers in Human Behavior Communication Education Health Communication and Journal of Family Communication Book Jacket

New Media, Development and Globalization: Making Connections in the Global South Don Slater, 2014-01-15 New media development and globalization are the key terms through which the future is being imagined and performed in governance development initiatives and public and political discourse Yet these authoritative terms have arisen within particular cultural and ideological contexts In using them we risk promoting over generalized and seemingly unchallengeable frameworks for action and knowledge production which can blind us to the complex global patterns and promise of social reality This compelling book forces us to look at these terms afresh Drawing on more than ten years of ethnographic fieldwork in Latin America West Africa and South Asia Don Slater seeks to challenge these terms as voicing specific northern narratives rather than universal truths and to see them from the perspective of southern people and communities who are equally concerned to understand new machines for communication new models of social change and new maps of social connection The central question the book poses is how we can democratize the ways we think and practise new media development and globalization opening these terms to dialogue and challenge within North South relations Rooted in sociological debates New Media Development and Globalization will also be a provocative contribution to media and cultural studies studies of digital culture development studies geography and anthropology

Interpersonal Relationships Martha Peaslee Levine, 2022-07-27 Relationships are a necessary part of life This has always been true community helped keep us safe as dangerous animals prowled outside our caves We are now even more interconnected with each other What do we know about interpersonal relationships How do we develop the skills to connect with each other Relationships can bring value and meaning to our lives but sometimes they can have negative effects and impair our view of ourselves and others We need to find ways to keep hope even if some relationships have scarred us We need to recognize skills that we can use to form closer relationships in both our professional and personal lives This book examines interpersonal relationships from many different angles It will allow the reader to look at relationships in new ways and perhaps find tools to enhance and deepen connections within their lives

Media, Technology and Everyday Life in Europe Roger Silverstone, 2017-03-02 The importance of the daily experience of new information and communication technologies is highlighted by this timely volume The book is based on work carried out in the European Media Technology and Everyday Life Network and is structured round a series of seven empirical case studies drawn from research within

Europe The application of this perspective draws attention not just to the significance of information and communication technologies for a mature understanding of the conduct of everyday life in contemporary Europe but also for the significance of that understanding for the development of communication and information policy The research makes a significant contribution to our understanding of the dynamics and evolution of a core dimension of European society as well as informing on going and important debates on the nature of the relationship between the social and the technological in the information and communication arena
