Handbook of Mental Health in African American Youth Alfiere M. Breland-Noble,Cheryl S. Al-Mateen,Nirbhay N. Singh,2016-01-22 This handbook fills major gaps in the child and adolescent mental health literature by focusing on the unique challenges and resiliencies of African American youth It combines a cultural perspective on the needs of the population with best practice approaches to interventions Chapters provide expert insights into sociocultural factors that influence mental health the prevalence of particular disorders among African American adolescents ethnically salient assessment and diagnostic methods and the

evidence base for specific models The information presented in this handbook helps bring the field closer to critical goals increasing access to treatment preventing misdiagnosis and over hospitalization and reducing and ending disparities in research and care Topics featured in this book include The epidemiology of mental disorders in African American youth Culturally relevant diagnosis and assessment of mental illness Uses of dialectical behavioral therapy and interpersonal therapy Community approaches to promoting positive mental health and psychosocial well being Culturally relevant psychopharmacology Future directions for the field The Handbook of Mental Health in African American Youth is a must have resource for researchers professors and graduate students as well as clinicians and related professionals in child and school psychology public health family studies child and adolescent psychiatry family medicine and social work The Sage Encyclopedia of Mood and Anxiety Disorders Dara G. Friedman-Wheeler, Amy Wenzel, 2024-10-24 Courses in psychological distress and disorders are among the most popular courses in psychology programs and mood and anxiety disorders are among the most prevalent disorders covered in these classes and encountered by mental health professionals Although there are books on mood and anxiety disorders on particular aspects of them and on their presentation in specific populations such works do not provide students new to the field with a comprehensive and accessible ready reference for understanding these disorders with respect to their phenomenology etiology and treatment and through an inclusive lens that consistently considers how these symptoms appear and are construed across cultures addressing societal factors such as race culture equity and oppression It is hoped that The SAGE Encyclopedia of Mood and Anxiety Disorders will fill this gap allowing students and other interested readers to become familiar with past and current approaches and theories and to enhance their understanding of the sociocultural factors that affect how we discuss approach and treat these types of psychological distress As such consideration of sociocultural factors will infuse the three volume set The encyclopedia will consist of approximately 450 entries essays arranged alphabetically within three volumes **Overlooked** LaVerne Hanes Collins, 2023-12-06 American treatment systems overlook some of the most salient issues in Black mental health The global social justice movement brought attention to obvious issues but all challenges of living Black are not obvious Much remains deeply embedded in overlooked historical factors overlooked identity issues overlooked clinical bias overlooked losses and overlooked strengths LaVerne Collins brings those unspoken issues of Black life to the forefront of counseling conversations The author looks deep into Black identities and unhides the psychological impact of Black racialization The book considers the emotional weight of the historical presumption of guilt and the impact of shorter lifespans Collins unearths the hidden sorrow disenfranchised grief and ambiguous losses imposed by racism Each chapter brings overlooked and unspoken considerations into view helping counselors develop culturally sensitive case conceptualizations and interventions The book invites counselors to reverse the deficit narratives associated with Black families Black resistance and the Black Church and see these as overlooked strengths **Mental Health Care for People of Diverse Backgrounds** Julia D. Buckner, 2007

This volume offers both theoretical and practical information regarding assessment diagnosis and treatment. It concentrates on empirically informed treatments and considers that culture is not limited to racial or ethnic background but includes any aspects that shape a person's identity including sexuality, family dynamics, and religion. **Empirically Based**

Interventions Targeting Social Problems John S. Wodarski, Laura M. Hopson, 2019-11-12 This unique volume demonstrates the effectiveness of applying an evidence-based practice process to the solution of selected social problems. It focuses on social work interventions addressing family, community, and societal factors. Research indicates that reinforcement for positive behavior at the group, organizational, and community levels, as opposed to interventions focusing on the individual, are more likely to result in meaningful improvement in well-being. Chapters address issues such as child maltreatment, educationally disadvantaged children, violence in schools, adolescent sexuality, substance abuse, crime, urban decline, and homelessness, unemployment, marital conflict, and chronic medical problems. **Empirically Based Interventions Targeting Social Problems** is a relevant resource for practitioners and counseling professionals whose work involves interventions with children and families as well as communities. It also is a useful text for graduate students in social work as well as students preparing for other helping professions including psychology, sociology, marital and family counseling, and child development.

Overcoming Unintentional Racism in Counseling and Therapy Charles R. Ridley, 2005-03-16 **Overcoming Unintentional Racism in Counseling and Therapy** Second Edition examines the dynamics and effects of racism in counseling with an emphasis on the insidiousness of unintentional racism. The Second Edition provides a new section on the policies and practices of agencies and other institutions in the mental health system unintentionally resulting in service disparities. Macro system and micro system interventions are proposed to overcome these disparities. **African American Research**
