Phrase Structures in Competition Susan Pintzuk, 2021-11-18 First published in 1999 This book investigates variation and change in Old English word order with special emphasis on the position of the verb **Premodifiers in English** Jim Feist, 2011-10-27 The order and behaviour of the premodifier an adjective or other modifying word that appears before a noun has long been a puzzle to syntacticians and semanticists Why can we say the actual red ball but not the red actual ball And why conversely do some other premodifiers have free variation in sentences for example we can say both German and English speakers and English and German speakers Why do some premodifiers change the meaning of a phrase in some contexts for example young man can mean boyfriend rather than man who is young Drawing on a corpus of over 4 000

examples of English premodifiers from a range of genres such as advertising fiction and scientific texts and across several varieties of English this book synthesises research into premodifiers and provides a new explanation of their behaviour order and use Modality in Contemporary English Roberta Facchinetti, Frank Palmer, Manfred Krug, 2012-02-13 This book offers

original theoretical accounts and a wealth of descriptive information concerning modality in present day English At the same time it provides fresh impetus to more general linguistic issues such as grammaticalization colloquialization or the interplay between sociolinguistic and syntactic constraints The articles fall into four sections a the semantics and pragmatics of core modal verbs b the status of emerging modal items c stylistic variation and change d sociolinguistic variation and syntactic models The book is of considerable value to students and teachers of English and Linguistics at undergraduate and graduate level worldwide A Survey of Modern English Stephan Gramley, Vivian Gramley, Kurt-Michael Pätzold, 2020-07-26 A Survey
