Japanese Design Penny Sparke, 2009 The Museum of Modern Art and 5 Continents Editions recently launched this series of books dedicated to industrial and graphic design. Each volume offers an overview of a single country's design achievements and illustrates its particular design history and aesthetic by showcasing renowned architects and designers through exemplary works drawn from The Museum of Modern Art's unmatched collection. This season they take on Japan. Japanese designers' special ability to combine aesthetic tradition with contemporary visual culture and material innovation has created a distinctive and exceptionally successful design industry in Japan which has produced such divergent icons of Modern design as Sori Yanagi's Butterfly Stool, the Sony Walkman, the Honey Pop Armchair by Tokujin Yoshioka and the Toyota Prius. This volume traces the development of Japanese design from the country's craft revival in the early twentieth century to the extraordinary objects of high technology that have been a specialty of Japanese designers since the middle of the century. Antonelli's lively introduction provides an overview of Japan's design culture while an essay and timeline by Penny Sparke illuminate the masterpieces of Modern Japanese design that are superbly reproduced in this volume's plate section.

Transnational Discourses in Nordic Design Astrid Skjerven, Rachel Gotlieb, 2024-11-14 Challenging the stereotypes of Scandinavian design, these essays explore design in Denmark, Norway and Sweden and assess the different roles that Finland and the wider Nordic region had in forming an image of Scandinavian design throughout the world. By examining the legacy of Nordic design and its global impact, editors Astrid Skjerven and Rachel Gotlieb shed light on the development of national and regional design identities and their historical associations. Authors investigate the transnational circulation of ideas throughout the later 20th century and consider the influences on design practices, production and consumerism. They look at how different countries negotiated and promoted Nordic branding and ideology and offer new perspectives on design in relation to sustainability, changing economies and indigenous traditions. A range of leading international scholars evaluate the popularity of Nordic style in Soviet material culture, the influence on jewellery design in post-war Britain, the impact of national design conferences, exhibitions and education in Europe, the USA, Canada and Japan. Drawing from a wealth of archival material and interviews with designers, makers and other stakeholders, this book reveals a lesser-known history of cross-cultural collaborations, exhibition, production and tensions between mainstream and indigenous design in Scandinavia. *Transnational Discourses in*

Nordic Design also provides an insight into some of the authors own design practices and reveals the challenges facing Nordic designers today *Old House Interiors*, 2001-01 National architectural magazine now in its fifteenth year covering period inspired design 1700 1950 Commissioned photographs show real homes inspired by the past but livable Historical and interpretive rooms are included new construction additions and new kitchens and baths take their place along with restoration work A feature on furniture appears in every issue Product coverage is extensive Experts offer advice for homeowners and designers on finishing decorating and furnishing period homes of every era A garden feature essays archival material events and exhibitions and book reviews round out the editorial Many readers claim the beautiful advertising all of it design related no lifestyle ads is as important to them as the articles
