born folklorist Joseph Jacobs In this book feature over two dozen stories taken from popular oral tradition and united with John D Batten s black and white drawings full of movement and energy Stories include The Fate of the Children of Lir Jack the Cunning Thief Morraha The Farmer of Liddesdale The Legend of Knockgrafton How Cormac Mac Art went to Faery and many others Heavily influenced by the Brothers Grimm and the romantic nationalism ubiquitous in his contemporary folklorists Jacobs was responsible for introducing English fairy tales to English children who had previously chiefly enjoyed those derived from French and German folklore Beautifully illustrated by John D Batten these timeless fairy tales make for ideal bedtime reading and are not to be missed by collectors John Dickson Batten 1860 1932 was a British painter illustrator and print maker who was a leading light in the Art Nouveau movement He illustrated a number of of fairy tale books written by Joseph Jacobs including English Fairy Tales 1890 Indian Fairy Tales 1912 and European Folk and Fairy Tales 1916 Presented alongside the text of Celtic Fairy Tales his illustrations further refine and elucidate Joseph Jacob s enchanting narratives Pook Press celebrates the great Golden Age of Illustration in children s classics and fairy tales a period of unparalleled excellence in book illustration We publish rare and vintage Golden Age illustrated books in high quality colour editions so that the masterful artwork and story telling can continue to delight both young and old *Encyclopedia of Fairies in World Folklore and Mythology* Theresa Bane,2013-08-28 Fairies have been revered and feared sometimes simultaneously throughout recorded history This encyclopedia of concise entries from the A senec ki waku of northeastern North America to the Zips of Central America and Mexico includes more than 2 500 individual beings and species of fairy and nature spirits from a wide range of mythologies and religions from all over the globe **More West Highland tales** John George McKay,1960 *More Celtic Fairy Tales* John D. Batten,2024-11-24 This book like the others of this series has only been rendered possible by the courtesy and complaisance of the various collectors from whom I have culled my treasures In particular I have to thank Mr Larminie and Mr Eliot Stock for permission to include that fine tale Morraha from the former s West Irish Folk tales the chief addition to the Celtic store since the appearance of my last volume I have again to thank Dr Hyde for permission to use another tale from his delightful collection Mr Curtin has been good enough to place at my disposal another of the tales collected by him in Connaught and my colleague Mr Duncan has translated for me a droll from the Erse Above all I have to thank Mr Alfred Nutt for constant supervision over my selection and over my comments upon it Mr Nutt by his own researches and by the encouragement and aid he has given to the researches of others on Celtic folk lore has done much to replace the otherwise irreparable loss of Campbell With this volume I part at any rate for a time from the pleasant task which has engaged my attention for the last four years For the English folk lore district I have attempted to do what the brothers Grimm did for Germany so far as that was possible at this late day But for the Celtic area I can claim no such high function here the materials are so rich that it would tax the resources of a whole clan of Grimms to exhaust the field and those Celtic Grimms must be Celts themselves or at any rate fully familiar with the Gaelic Here then is a task for the

newly revived local patriotism of Ireland and the Highlands I have done little more than spy the land and bring back some specimen bunches from the Celtic vine It must be for others Celts themselves to enter in and possess the promised land
