New Essays On Go Tell It On The Mountain

Douglas Field

New Essays On Go Tell It On The Mountain:

New Essays on Go Tell It on the Mountain Trudier Harris,1996-03-29 A collection of critical essays on James Baldwin's *Go Tell It on the Mountain* *James Baldwin's Go Tell it on the Mountain* Carol E. Henderson,2006 The publication of James Baldwin's *Go Tell It on the Mountain* ushered in a new age of the urban telling of a tale twice told yet rarely expressed in such vivid portraits *Go Tell It* unveils the struggle of man with his God and that of man with himself Baldwin's intense scrutiny of the spiritual and communal customs that serve as moral centers of the black community directs attention to the striking incongruities of religious fundamentalism and oppression This book examines these multiple impulses challenging the widely held convention that politics and religion do not mix *CliffsNotes on Baldwin's Go Tell It on the Mountain* Sherry Ann McNett,2001-03-07 The original CliffsNotes study guides offer expert commentary on major themes plots characters literary devices and historical background The latest generation of titles in this series also feature glossaries and visual elements that complement the classic familiar format CliffsNotes on *Go Tell It on the Mountain* explores the Great Migration a time in American history characterized by a mass exodus of African Americans from the rural south to northern cities Follow the simple story of a young boy coming of age a tale that gains complexity as it interweaves with the experiences of his mother father and aunt This concise supplement to James Baldwin book about religion racism and familial expectations features summaries and commentaries on each part within the novel Other features that help you study include Background on the author Descriptive character map and analyses Critical essays on racism the church and homosexuality as a subtext A quiz plus suggested essay questions and practice projects Classic literature or modern day treasure you'll understand it all with expert information and insight from CliffsNotes study guides **New Essays on Go Tell it on the Mountain** , *Reviving the Children of Nimrod* A. Pinn,2019-06-12 As Anthony Pinn argues in his latest collection humanism comes in many colors When more attention is given to issues of race as connected to other forms of oppression it is easier to see the manner in which humanism has lived and functioned within African American communities Using the biblical figure Nimrod as symbol African American Humanist Principles demonstrates African American humanists intellectual and praxis related grounding in a history of rebellion against over determined and oppressive limitations on human doing and being Pinn maintains that it is this quest for a fuller sense of being for greater existential and ontological worth that informs the basic principles of African American humanism African American Humanist Principles is one of the only books to present the inner workings of humanist principles as the foundation for humanism from the African American perspective its form and content nature and meaning *James Baldwin* Harold Bloom,2007 A collection of essays presenting critiques and analysis of the major works of the African American author **New Essays on Go Tell it on the Mountain** ,1996 **A Political Companion to James Baldwin** Susan J. McWilliams,2017-11-15 Uniformly excellent essays on the work of the renowned author and his extraordinary relevance in the present moment Choice In seminal works such as *Go Tell*

It on the Mountain Notes of a Native Son and The Fire Next Time acclaimed author and social critic James Baldwin expresses his profound belief that writers have the power to transform society engage the public and inspire and channel conversation to achieve lasting change While Baldwin is best known for his writings on racial consciousness and injustice he is also one of the country s most eloquent theorists of democratic life and the national psyche In this book prominent scholars assess the prolific author s relevance to present day political challenges Together they address Baldwin as a democratic theorist activist and citizen examining his writings on the civil rights movement religion homosexuality and women s rights They investigate the ways in which his work speaks to and galvanizes a collective American polity and explore his views on the political implications of individual experience in relation to race and gender This volume not only considers Baldwin s works within their own historical context but also applies the author s insights to recent events such as the Obama presidency and the Black Lives Matter movement emphasizing his faith in the connections between the past and present These incisive essays will encourage a new reading of Baldwin that celebrates his significant contributions to political and democratic theory

Salvific Manhood Ernest L. Gibson,2019-10-01 *Salvific Manhood* foregrounds the radical power of male intimacy and vulnerability in surveying each of James Baldwin s six novels Asserting that manhood and masculinity hold the potential for both tragedy and salvation Ernest L Gibson III highlights the complex and difficult emotional choices Baldwin s men must make within their varied lives relationships and experiences In *Salvific Manhood* Gibson offers a new and compelling way to understand the hidden connections between Baldwin s novels Thematically daring and theoretically provocative he presents a queering of salvation a nuanced approach that views redemption through the lenses of gender and sexuality Exploring how fraternal crises develop out of sociopolitical forces and conditions *Salvific Manhood* theorizes a spatiality of manhood where spaces in between men are erased through expressions of intimacy and love Positioned at the intersections of literary criticism queer studies and male studies Gibson deconstructs Baldwin s wrestling with familial love American identity suicide art incarceration and memory by magnifying the potent idea of salvific manhood Ultimately *Salvific Manhood* calls for an alternate reading of Baldwin s novels introducing new theories for understanding the intricacies of African American manhood and American identity all within a space where the presence of tragedy can give way to the possibility of salvation

All Those Strangers Douglas Field,2015-06-02 *All Those Strangers* examines how Baldwin s fiction and non fiction shaped and responded to key political and cultural developments in the United States from the 1940s to the 1980s

Faithful Vision James W. Coleman,2009-08-01 This is a marvelous and sustained discussion of faithful vision and its significant influence on African American literature *American Literature* In *Faithful Vision* James W Coleman places under his critical lens a wide array of African American novels written during the last half of the twentieth century In doing so he demonstrates that religious vision not only informs black literature but also serves as a foundation for black culture generally The Judeo Christian tradition according to Coleman is the primary component of the African American spiritual perspective

though its syncretism with voodoo hoodoo a religion transported from West Africa through the West Indies and New Orleans to the rest of black America also figures largely Reviewing novels written mainly since 1950 by writers including James Baldwin Randall Kenan Toni Morrison John Edgar Wideman Alice Walker Gloria Naylor Erna Brodber and Ishmael Reed among others Coleman explores how black authors have addressed the relevance of faith especially as it relates to an oppressive Christian tradition He shows that their novels no matter how critical of the sacred or supernatural or how skeptical the characters viewpoints ultimately never reject the vision of faith With its focus on religious experience and tradition and its wider discussion of history philosophy gender and postmodernism Faithful Vision brings a bold critical dimension to African American literary studies An insightful interrogation of the complexities of religious discourse in the African American literary tradition Because it superbly translates complex spiritual ethos into literary tradition this remarkable book is a must for anyone interested in intersections of the sacred and the secular in black cultural productions Southern Literary Journal Faithful Vision both looks intently into faith and shows us how to look Christianity and Literature

The Critical Reception of James Baldwin, 1963-2010 Conseula Francis, 2014 Examines the major divisions in criticism of this major African American writer paying particular attention to the way each critical period defines Baldwin and his work for its own purposes James Baldwin is a widely taught and anthologized author His short story Sonny's Blues remains a perennial favorite in literature anthologies and all of his essay collections and novels are still in print His first essay collection Notes of a Native Son is a seminal work that led a new generation of African American writers from beneath the shadow of Richard Wright The Fire Next Time is widely held as one of the most profound and accurate articulations of black consciousness during the Civil Rights movement It is difficult to imagine teaching a survey of African American literature or considering the development of black intellectual thought in the twentieth century without mentioning Baldwin For more than half a century readers and critics alike have agreed that Baldwin is a major African American writer What they do not agree on is why Because of his artistic and intellectual complexity his work resists easy categorization and Baldwin scholarship consequently spans the critical horizon Conseula Francis's book examines the major divisions in Baldwin criticism paying particular attention to the way each critical period defines Baldwin and his work for its own purposes Conseula Francis is Professor of English and Associate Provost for Curriculum and Institutional Resources at the College of Charleston *Encyclopedia of the American Novel* Abby H. P. Werlock, 2015-04-22 Praise for the print edition no other reference work on American fiction brings together such an array of authors and texts as this *The Cambridge Companion to James Baldwin* Michele Elam, 2015-04-20 This Companion offers fresh insight into the art and politics of James Baldwin one of the most important writers and provocative cultural critics of the twentieth century Black gay and gifted he was hailed as a spokesman for the race although he personally and controversially eschewed titles and classifications of all kinds Individual essays examine his classic novels and nonfiction as well as his work across lesser examined domains poetry music theatre

sermon photo text children s literature public media comedy and artistic collaboration In doing so The Cambridge Companion to James Baldwin captures the power and influence of his work during the civil rights era as well as his relevance in the post race transnational twenty first century when his prescient questioning of the boundaries of race sex love leadership and country assume new urgency

The Delectable Negro Vincent Woodard, Dwight McBride, Justin A Joyce, E. Patrick Johnson, 2014-06-27 A groundbreaking study of the connections between homoeroticism cannibalism and cultures of consumption in American literature and US slave culture Scholars of US and transatlantic slavery have largely ignored or dismissed accusations that Black Americans were cannibalized Vincent Woodard takes the enslaved person s claims of human consumption seriously focusing on both the literal starvation of the slave and the tropes of cannibalism on the part of the slaveholder and further draws attention to the ways in which Blacks experienced their consumption as a fundamentally homoerotic occurrence The Delectable Negro explores these connections between homoeroticism cannibalism and cultures of consumption in the context of American literature and US slave culture Utilizing many staples of African American literature and culture such as the slave narratives of Olaudah Equiano Harriet Jacobs and Frederick Douglass as well as other less circulated materials like James L Smith s slave narrative runaway slave advertisements and numerous articles from Black newspapers published in the nineteenth century Woodard traces the racial assumptions political aspirations gender codes and philosophical frameworks that dictated both European and white American arousal towards Black males and hunger for Black male flesh Woodard uses these texts to unpack how slaves struggled not only against social consumption but also against endemic mechanisms of starvation and hunger designed to break them He concludes with an examination of the controversial chain gang oral sex scene in Toni Morrison s Beloved suggesting that even at the end of the twentieth and beginning of the twenty first century we are still at a loss for language with which to describe Black male hunger within a plantation culture of consumption Praise for The Delectable Negro Winner of the 2015 LGBT Studies Award presented by the Lambda Literary Foundation A bold and brilliant book Carla L Peterson author of Black Gotham A Family History of African Americans in Nineteenth Century New York City With unflinching clarity The Delectable Negro exposes and examines the pervasive cultural fantasies that have rendered the enslaved black body into a consumable object from the eighteenth century to the present Its powerful insights will continue to generate new lines of important inquiry for years to come American Historical Review

Gay and Lesbian Historical Fiction N. Jones, 2007-05-28 The first extensive study of gay and lesbian historical fiction this book demonstrates how the highly popular sub genre helps us understand gay and lesbian history It shows not only why the sub genre should be taken more seriously by historians but also how it implicitly works to ameliorate divisions between Christianity and homosexuality

The Oxford Encyclopedia of American Cultural and Intellectual History, 2013 Over 600 A Z articles on a wide range of topics in American cultural and intellectual History Explores American cultural and intellectual history from the colonial period to the present day Annotated bibliographies to

highlight the major works in the field Expands and updates The Oxford Companion to United States History **Not Straight, Not White** Kevin Mumford,2016-01-12 This compelling book recounts the history of black gay men from the 1950s to the 1990s tracing how the major movements of the times from civil rights to black power to gay liberation to AIDS activism helped shape the cultural stigmas that surrounded race and homosexuality In locating the rise of black gay identities in historical context Kevin Mumford explores how activists performers and writers rebutted negative stereotypes and refused sexual objectification Examining the lives of both famous and little known black gay activists from James Baldwin and Bayard Rustin to Joseph Beam and Brother Grant Michael Fitzgerald Mumford analyzes the ways in which movements for social change both inspired and marginalized black gay men Drawing on an extensive archive of newspapers pornography and film as well as government documents organizational records and personal papers Mumford sheds new light on four volatile decades in the protracted battle of black gay men for affirmation and empowerment in the face of pervasive racism and homophobia

The Impact of Racism on African American Families Paul C. Rosenblatt,2016-03-03 In spite of the existence of statistics and numerical data on various aspects of African American life including housing earnings assets unemployment household violence teen pregnancy and encounters with the criminal justice system social science literature on how racism affects the everyday interactions of African American families is limited How does racism come home to and affect African American families If a father in an African American family is denied employment on the basis of his race or a wife is demeaned at work by racist slurs how is their family life affected Given the lack of social science literature responding to these questions this volume turns to an alternative source in order to address them literature Engaging with novels written by African American authors it explores their rich depictions of African American family life showing how these can contribute to our sociological knowledge and making the case for the novel as an object and source of social research As such it will appeal to scholars and students of the sociology of the family race and ethnicity cultural studies and literature

Black Lives and Sacred Humanity Carol Wayne White,2016-05-01 Identifying African American religiosity as the ingenuity of a people constantly striving to inhabit their humanity and eke out a meaningful existence for themselves amid harrowing circumstances Black Lives and Sacred Humanity constructs a concept of sacred humanity and grounds it in the writings of Anna Julia Cooper W E B Du Bois and James Baldwin Supported by current theories in science studies critical theory and religious naturalism this concept as Carol Wayne White demonstrates offers a capacious view of humans as interconnected social value laden organisms with the capacity to transform themselves and create nobler worlds wherein all sentient creatures flourish Acknowledging the great harm wrought by divisive and problematic racial constructions in the United States this book offers an alternative to theistic models of African American religiosity to inspire newer conceptually compelling views of spirituality that address a classic perennial religious question What does it mean to be fully human and fully alive

As recognized, adventure as competently as experience not quite lesson, amusement, as well as concord can be gotten by just checking out a ebook **New Essays On Go Tell It On The Mountain** along with it is not directly done, you could admit even more a propos this life, with reference to the world.

We have enough money you this proper as with ease as simple artifice to get those all. We have the funds for New Essays On Go Tell It On The Mountain and numerous books collections from fictions to scientific research in any way. in the course of them is this New Essays On Go Tell It On The Mountain that can be your partner.
