Of Beginnings Endings:

Endings and Beginnings Herbert J. Schlesinger, 2013-04-15 What sets off the termination of analysis and psychodynamic therapy from the variety of endings that enter into all human relationships So asks Herbert J Schlesinger in *Endings and Beginnings On Terminating Psychotherapy and Psychoanalysis* a work of remarkable clarity conceptual rigor and ingratiating readability Schlesinger situates termination which he understands variously as a phase of treatment a treatment process and a state of mind within the family of beginnings and endings that permeate one another throughout the course of therapy For Schlesinger therapeutic endings cannot be aligned with the final phase of treatment ending phase phenomena are ongoing accompaniments of therapeutic work They occur whenever patients achieve some portion of their treatment goals and supervene when therapy stagnates Small wonder that an assessment of the patient's relationship to time and capacity to end therapy are key aspects of diagnostic evaluation By linking beginning and ending phases not to the chronology of treatment but to the patient's experience of it Schlesinger brings revivifying insight to a host of psychodynamic concepts Nor does he shy away from a trenchant critique of the instrumental medical model of psychiatric and psychotherapeutic training which militates against the therapeutic exploration of treatment endings Schlesinger's exemplification of how to begin treatment from the point of view of ending his sensitive delineation of the mid treatment ending crises characteristic of vulnerable patients his richly woven case vignettes illustrating various ending contingencies and permutations these inquiries are gems of pragmatic clinical wisdom *Endings and Beginnings* distills lessons learned over the course of a half century of practicing teaching and supervising psychotherapy and psychoanalysis and is a gift to the profession

To All the Mirrored Doors of Beginning, a Journey Ending Ruth Rifka, 2024-12-16 In her ninety sixth year Ruth Rifka still finds herself searching out and advocating for ultimate truths *To All the Mirrored Doors of Beginning A Journey Ending* spans the beginnings of the Ukraine Russia war and the first seven months of the Israel Hamas war It is a journey of seeking and forming a *Weltanschauung* a facing down of one's mortality while preoccupied with the realities of war and navigating the stress of facing down and coming to terms with the imminent demise of a husband in palliative care In the writing process the poems become sustaining prayers for peace guidance expressions of humbling gratitude and parting blessings for the reader

Endings and Beginnings, Second Edition Herbert J. Schlesinger, 2013-10-01 In this second edition of *Endings* both the obvious main endings and beginnings of any course in treatment and the many little endings and beginnings that permeate analysis The second edition contains new chapters including one on transference and counter transference as sources of information about the process of therapy and as sources of difficulty in ending It deals especially with the impact of prospective ending on the therapist which if not understood and well handled might interfere with working through and impede termination if not ending itself Another new chapter deals with the difficulties in terminating with especially narcissistic patients One of the main criticisms against psychoanalysis and the psychotherapies

derived from it is that it lacks criteria for when the patient has had enough Herbert J Schlesinger shows how we may view the process as a series of episodes each with an ending and possibly with a new beginning He presents the way patients signal even before they are aware of it that ending is in the air and how it organizes how they experience the therapy If alerted the therapist can make use of these signals to locate self and patient in the process So informed the therapist is better able to discern when the therapy should end and help the patient work through the issues of separation and loss to terminate the treatment constructively All patients tend to end psychotherapy in the way they end all other relationships In several chapters on the problems related to severe regression therapists can learn how to help vulnerable patients for whom attachment is problematic deal with separation non traumatically In Endings Beginnings 2nd Edition the theory of the continuous experience of ending and beginning and the array of landmarks that parse the clinical process are distinct advances to the technique of psychoanalysis and the psychotherapies derived from it Schlesinger offers many clinical examples of ending and beginning with their technical problems and solutions This contribution to the technique of ending and beginning psychotherapy electively will be useful to practicing psychotherapists and psychoanalysts and to undergraduate and post graduate students in clinical psychology psychiatry and social work

The Philosophy of Change Chung-ying Cheng,2023-08-01 In *The Philosophy of Change* the distinguished scholar of Chinese philosophy Chung ying Cheng advances our understanding of the Yijing by analyzing its philosophy in comparison to Western philosophical traditions Cheng focuses on critically comparing philosophies of science religion and metaphysics in Leibniz Whitehead Neville and Cobb alongside classical Chinese views on reality divinity knowledge and morality The book begins and ends with questions related to the character of Chinese metaphysical traditions which contrast with the mainline metaphysical traditions found in Western Europe and North America Cheng argues throughout the book that the philosophical underpinnings of basic concepts in Chinese culture are ultimately rooted in key claims found within the Yijing and one of its standard commentaries the Yizhuan The book serves as a complementary volume to the author s previous book *The Primary Way Philosophy of the Yijing* which lays out a comprehensive and systematic philosophy based on the symbolism and text of the classical document and its traditional commentaries

Agatha Christie and New Directions in Reading Detective Fiction Alistair Rolls,2022-06-16 This book brings a new lens to the work of Agatha Christie through a series of close readings which challenge the official solutions by Hercule Poirot and Miss Marple This book s approach interweaves two core ideas first it explores the importance of French critic Pierre Bayard s self styled detective criticism second it takes detective criticism in a new direction by refocusing on the beginnings of Agatha Christie s novels In this way the book counters the end orientation that has traditionally dominated the reading experience of and critical response to detective fiction by exploring the potential of the beginning to host other interpretations and stories Offering a new way of reading detective fiction this book is a mixture of narratology and detective criticism and deploys it in the form of radical new readings of a number of Christie s most famous works This illuminating text will interest students and scholars of crime and detective fiction literary studies and comparative literature

The Poetics of Empowerment in David Mitchell's Novels Eva-Maria Windberger,2023-07-17 *The Poetics of Empowerment in David Mitchell s Novels* combines the investigation of David Mitchell s novels with the introduction of a new critical concept to literary studies empowerment Aiming to situate and establish empowerment firmly within the context of literary studies it offers the first framework and definition for reading fictional texts with the lens of empowerment and applies it in the analysis of discourse the fictional characters and the role of the reader in Mitchell s novels Drawing on narratological analysis cognitive approaches to literature and reader response theory it features close readings of *Cloud Atlas* 2004 *Black Swan Green* 2006 and *The Thousand Autumns of Jacob de Zoet* 2010 and dissects the author s strategies

poetics and agenda of empowering fiction This book argues for an inherent indissoluble connection between empowerment and the telling of stories and demonstrates how literary studies can benefit from a serious engagement with empowerment and how such an engagement can stimulate new responses to fiction and put literary studies in conversation with other disciplines

The Book of the Incipit D. Vance Smith, Smith offers a theoretical understanding of beginning that departs from the structuralisms of Edward Said the traditional formalisms of A D Nuttall and most medievalist and modernist treatments of closure Instead he views a work s beginning as a figure of the beginning of the work itself and the inception of language as the problem of beginning to which we continually return BOOK JACKET *Writing Awesome Answers to Comprehension Questions (Even the Hard Ones)* Nancy Boyles,2021-05-04 Help students appreciate texts and write about them with conviction Responding to a comprehension question is a surprisingly complex task It draws on multiple skills students must be able to read and analyze a text passage consider what aspect of the text the question addresses and then quickly and concisely write about their ideas citing evidence to support them Hence the prominence of constructed response questions in standardized testing In this refreshingly clear and upbeat guide literacy consultant Nancy Boyles gives a step by step demonstration of how to help students achieve success with this task and in the process of unpacking the steps involved demonstrates how the instruction can inspire teachers creativity as well as deepen students literacy skills Filled with ready to use scaffolds for every stage of instruction sets of sample questions anchor charts cue cards answer frames this is a one stop resource for teaching students how to organize their thoughts about what they ve read and then set them down in writing
