Portrait Of A Decade The 1970s:

The Seventies Christopher Booker, 1980 British films of the 1970s Paul Newland, 2015-11-01 British films of the 1970s offers highly detailed and insightful critical analysis of a range of individual films of the period This analysis draws upon an innovative range of critical methodologies which place the film texts within a rich variety of historical contexts The book sets out to examine British films of the 1970s in order to get a clearer understanding of two things the fragmentary state of the filmmaking culture of the period and the fragmentary nature of the nation that these films represent It argues that there is no singular narrative to be drawn about British filmmaking in the 1970s other than the fact that these films offer evidence of a Britain and ideas of Britishness characterised by vicissitudes While this was a period of struggle and instability it was also a period of openings of experiment and of new ideas Newland looks at many films including Carry On Girls O Lucky Man That'll be the Day The Shout and The Long Good Friday British Film Culture in the 1970s Sue Harper, 2013-01-28 This volume draws a map of British film culture in the 1970s and provides a wide ranging history of the period **Portrait of a Decade, 1910-1919** Trevor Fisher, 1991 A year by year account of the headlines and chief topics of conversation in world news sports and the arts and in science and technology **Andy Warhol, Portraits of the 70s** Andy Warhol, Robert Rosenblum, Whitney Museum of American Art, 1979 Contains color artwork by Andy Warhol *British Literature in Transition, 1960-1980: Flower Power* Catherine Mary McLoughlin, 2019 This volume traces transitions in British literature from 1960 to 1980 illuminating a diverse range of authors texts genres and movements It considers innovations in form emergent identities changes in attitudes preoccupations and in the mind itself local and regional developments and shifts within the oeuvres of individual authors **The Winter of Discontent** Tara Martin López, 2014-07-24 A reassessment of the myth of the British Winter of Discontent 1978-79 from the perspective of those involved in particular grassroots activists and the growing number of female activists *Motion Picture Biographies* John Cones, 2015-04-01 Hollywood movies are famous for promoting negative stereotypes of all kinds especially against minorities women Southerners and Christians To what extent are biographical films selected for production according to certain biases conscious or unconscious among the Hollywood elite An expert on the U S film industry gives readers brief synopses of Hollywood biopics produced and or released from 1912 through 1994 This survey provides the basis for discussion and analysis Tracking these one sided depictions over a longer period of time the patterns of bias and the source of the problem become more clear The problem appears to be that most of the people who have green light authority in the U S film industry for either the production and or distribution of a motion picture share a common ethnic religious cultural background Thus the stories of their own cohort and those of all other ethnic religious and or cultural groups whose members seldom achieve positions of power in Hollywood are being filtered through the cultural sensibilities of a single group John Cones suggests that the solution could lie in increasing diversity at the highest levels in the U S film industry **Portraits of Global Christianity** Gina A.

A Public Policy Revolution Ending Four Decades (1970-2010) of Economic Stagnation and Three Decades (1980-2010) of Growing Income Inequality in John Shtino,2010-11 A PUBLIC POLICY

REVOLIUTION A New Direction for a New America asserts that America s economic life is ruled by a supply side drip down system that overwhelmingly favors capital over labor and leads to a massive income inequality preventing the country from reaching its economic potential Author John Shtino believes that this existing supply side system is a ticking time bomb that is supported by all major parties and an American elite that is incapable of implementing the changes needed to make America greater than ever including truly reforming health care ending welfare as we know it simplifying the tax code legalizing victimless crimes creating a new education paradigm bringing the debt to fifteen percent of GDP and much more Thus A Public Policy Revolution is dedicated to the destruction of the supply side system offering as a replacement a new demand push paradigm which would treat capital and labor fairly and guide us toward a more prosperous and equitable America Since the author further believes that neither party as presently constituted can bring about this much needed change he aims to dramatically change the Democratic Party or if unsuccessful in this attempt to establish a meaningful third party His work not only examines the economic and political problems facing the United States but also offers means to solve them
